

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it. In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

The American Federation of Labor, the recognized labor organization of the Pacific coast, will hold its next annual meeting in Oregon City.

Pioneer Meeting.

DAMASCUS, Or. Editor—I notice in several counties of the state reports of pioneer meetings in which the native sons and daughters join, and as Clackamas county is one of the oldest settled counties in the state, I have wondered why we did not have such meetings in this county.

I have talked with quite a number of pioneers and their descendants, and they all seem to think that a like meeting should be held in this county at least once a year.

Aside from the pleasure of the annual meeting of the old pioneers and their descendants, such meetings ought to be of great value in gathering historical data, that many times can only be obtained from the actors in the pioneer events of Oregon, at first hand.

Why could not a meeting be held in Oregon City without delay and effect an organization, so that we could have county meetings this season, and so that this matter might further be talked over at the State Pioneer Association Meeting, when it occurs in June of this year at Portland?

The visitors at the Lewis and Clarke Fair will want to know a great deal about Oregon and the early Oregon history, and it will be a good idea for the people of Oregon to brighten up on their early history through organizations of this kind.

Will some one take the initiative in calling a meeting at Oregon City to discuss the plans of this organization? Yours Truly, WARREN GREENWELL.

KNIGHTS OF PYTHIAS. Pass Resolutions on the Death of Joe Fromong.

At the meeting of the Knights of Pythias on last Wednesday evening the following Resolutions in regard to the death of Joe Fromong were passed.

RESOLUTIONS. WHEREAS, it has pleased an all wise maker to remove from our midst one of our beloved brothers who had lived and toiled amongst us, a man we all loved and respected for his many good qualities of head and heart.

RESOLVE, that in the death of Brother Joe Fromong that Cataract Lodge has lost a true and devoted member who loved all men and all the world and had sought against any man.

RESOLVE, that we spread at large upon the records of this lodge upon a page set apart for that purpose a copy of these Resolutions, and send a copy to his family and have the same published as a tribute to his memory.

Reveals a Great Secret.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood.

Dairy Farming.

An industry that is steadily growing in Clackamas county is the creamery and cheese manufacturing business. The Courier representative spent one night last week with D. Kauffman, of the Needy precinct, who has a private plant of his own which is proving a source of considerable profit to both himself and his neighbors.

'HE WHO RUNS MAY READ'

THE RECORD OF BINGER HERMAN IN THE LAND OFFICE.

Fraud Duplicity and Rottenness Lead to His Removal.

Joseph Schell Scores Binger Hermann.

Sumpter, May 3.—To the Editor: No honest citizen, be he a Republican, a Democrat, or a Socialist, can conscientiously vote for Binger Hermann for congress.

As I am not a politician, nor speaking for any political party or against, I must say as a citizen and advise others not to vote for Binger Hermann.

Binger Hermann has lost to Oregon many millions of dollars' worth of timber and other lands through willful neglect of his duties.

I know what I am speaking about, because I have brought the timber frauds of Oregon before the department of the Interior, and have forced the present investigation in these frauds by reluctant officers. I went through the Department of the Interior in Washington, D. C., presented evidence of the frauds, made inquiries and made the most astounding discoveries.

I do not want to make the public believe these general statements without other proofs than my say so. Any one can go to any land office in Oregon, look into the records which are exact copies of what Binger Hermann received, and his decisions and behavior favoring apparent frauds amounting to millions of dollars' and that for many years, gave Secretary Hitchcock just and pressing reasons to give Hermann a free pass to Oregon.

This is information to intelligent and honest citizens and voters, and at the same time a challenge to Binger Hermann that he willfully and knowingly lost to the State of Oregon within his term as Land Commissioner, more than 10 generators and 10 congressmen for 10 years can procure for Oregon under the most favorable circumstances.

I challenge Binger Hermann if he dares to deny it. I am not bluffing, but looking for an issue. I am standing on solid ground. Secretary Hitchcock cannot handle the special timber frauds any better and cannot know any more about them in their details than the postmaster of Portland can handle personally every letter or know their contents.

Binger Hermann was and is persona non grata in Washington in general, and especially with the present administration. I was there and made it a point to test the wires, and I can say that to elect Binger Hermann to congress is a disgrace to Oregon, a surprise to Washington, and an insult to the present Republican administration, besides a public calamity.

Binger Hermann, if elected, is not and can not be of any benefit to Oregon, even if he wanted to, and those who will vote for him are willfully blind to their own interests.

It is not my purpose to tell the public for whom to vote. As a Catholic priest I have no interests in party politics. I have no political friends, am not looking for political favors, as they are of no value to me, but since I have been looking into the timber frauds, having been asked to do so by so many people to save their homesteads against timber speculators, I have found out that Binger Hermann was the main cause of this enormous and irreparable loss to the state of Oregon, of untold miseries to thousands of poor families on honest homesteads, and of fabulous wealth into the wrongful pockets of soulless corporations.

If elected, he goes to Washington and knows all about the inside business of everything as some claim it. Evidently so, like the old experienced fox knows the inside of the chicken coop.

Voters, be intelligent and conscientious, and do not vote for the man who has so much hurt you and your children; put aside your feelings and follow your sense when you vote. JOSEPH SCHELL.

Holds Up a Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed.
