When You Think

Of the periodic pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from disease. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, Buffalo, N. Y.

Mrs. T. Dolan, of Madrid, Perkins Co., Neb., writes: "I was cured of painful periods by the use of Dr. Pierce's Favorite Prescription, and his Compound Extract of Smartweed. I think Dr. Pierce's medicines the best in the world."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

The sluggish liver made active by the use of Dr. Pierce's Pleasant Pellets.

BURGLARS

VISIT OREGON CITY AND COMMIT DEPREDACTIONS.

Three Residences Entered, Money and Clothes Stolen

Burglars visited Oregon City Friday night and entered three houses but obtained little of value. Late Friday night Mrs. John Adams heard a noise down stairs in her residence and thought it was a cat. When morning dawned however, she found that thieves had entered the house through the window and had turned everything topsy turvey. Only five cents in money was stolen. The miscreants had taken all of the clothes they could find, including a dress skirt belonging to Mrs. Adams, and after having gone through the pockets had dumped the clothes on the floor. They had carried candles and candles. These had dripped all over the clothes, ruining an overcoat belonging to Mr. Adams and some other clothing. The same night the burglars went through the residences of Dr. J. W. Norris and J. W. Cole. From Mr. Cole's house they secured six cents, but had not touched the silverware, which was lying in full view on the side board in the dining room. Three dollars were taken from Dr. Norris' house. It is believed that the thieves were tramps.

Close of Parkplace School.

The Parkplace school closed Friday. Appropriate exercises were held in connection with the end of the term. There were no graduates as the eleventh grade was added at the first of this year and the twelfth grade will be added next year, when there will be a class graduated. Members of the Grand Army of the Republic and the Woman's Relief Corps from Oregon City were present and addressed the combined rooms. Walter Taylor delivered an address of welcome, recitations by Gail Hamilton and Gladys Hamilton, vocal duet by Amy Thomas and Juliet Cross and a drill by the primary pupils. Miss Mary Frederick sang the "Star Spangled Banner."

If an editor makes a mistake he has to apologize for it, but if a doctor makes one he buries it. If the editor makes one there is a law suit, swearing and a smell of sulphur, but if the doctor makes one there is a funeral, cut flowers and a smell of yamish. The doctor can use a word a yard long without knowing what it means, but if the editor uses it he has to spell it. If the doctor goes to see another man's wife he charges 4 for the visit, but if the editor goes to see another man's wife he gets a charge of buckshot. Any old medical college makes a doctor. You can't make an editor. He has to be born. When a doctor gets drunk it's a case of "overcome by heat" and if he dies it's heart trouble. When an editor gets drunk it's a case of too much booze and if he dies it's a case of delirium tremens.
