About 250 invitations have been issued by the Florodora Club to their dancing party at Canemah Park on Friday evening, June 12th. This club gave a number of enjoyable dances during the winter and were always largely attended.

W. L. Block, the housefurnisher, has just finished getting into his new store and has been busily engaged for the past two weeks in filling the large establishment with a very large stock of goods in his line. He now has one of the best locations in the city as well as one of the handsomest stores.

The annual campmeeting of the Methodist church South at Teasel Creek will begin Thursday of this week and will continue in session over Sunday the 21st inst. A number of Methodist divines will be present and preaching during the meeting and large crowds are expected to attend. Teasel Creek is between Molalla and Willhoit springs and is about twenty miles from here.

Roy McAlpin, the handsome and erudite young clerk of M. Michael's clothing store, is quite an artist and it is by no means improbable that he will some day be doing sketch work for some of the big daily papers instead of "counter jumping." He is quite a cartoonist, considering the fact that he never had any practical experience, in that line and some of his drawings are excellent, while as for artistic sketch designing he has no superiors in Oregon City.

Next Monday will be observed as "Flag Day," and Old Glory will float from many a house top in this broad land of ours. Flag day is not a holiday but has been designated by patriotic orders and people as a day on which to pay homage to the flag. The day set apart is June 14th, but as that date falls on Sunday, June 15th will be observed instead. How many people in Oregon City will display the flag from their offices or residences on that date?

M. Hammerslough has moved his big mercantile establishment from Portland to Oregon City, and is now holding forth in the large store rooms under the Old Fellows hall. He will close out his large stock of goods on hand within a few weeks, when he expects to put in a first-class department store. Mr. Hammerslough thinks that Portland is not the best town in the world for the mercantile business with her high rents and constant strikes and believes that Oregon City is destined to have a great future. He announces that he has come to stay.

The Hubbard Correspondent to the Aurora Borealis says: The services held here decoration day were well attended. Gordon E. Hayes, of Oregon City, was the principal speaker. Music was furnished by the Aurora brass band and the Hubbard orchestra. The procession to the cemetery was headed by the band, followed by the newly formed rank, K. of P., then came the venerable G. A. R. veterans and the relief corps. The rear was made up of citizens. The exercises at the cemetery were interesting as well as impressive and witnessed by about 1000 people.

Mrs. Margaret Barok, of Portland, died Friday night at the home of her daughter, Mrs. Deute, in this city. The deceased lady was nearly 70 years of age and had resided in Oregon for the past 25 years. Her death came as a result of a stroke of apoplexy the previous Saturday. Her husband died in 1882. She leaves six daughters, as follows: Mrs. Anna Joehne, of Mt. Pleasant; Mrs. Matilda Deute and Mrs. Otto Deute, of this city; Mrs. Minnie Dunnaway, of Portland; Miss Clara Barok, of Chicago; Miss Helena Barok, of Portland. Funeral services were conducted in this city Sunday, after which the remains were laid to rest in Mountain View cemetery.

OPENING DAY at the Soda Fountain

We were not satisfied with having the best Soda Fountain in Oregon City. We have just installed one of the best, on the Pacific Coast. It has all the up-to-date improvements—it turns out cooler, better, more satisfying soda than was possible with the old style. Next Friday, June 12, we shall put the finishing touch to it. We want everybody who possibly can to pay us a visit on Friday afternoon or evening. We shall try to make it pleasant for you. There'll be a Souvenir for every lady and music for all. Come and have a good time.

Your Favorite Soda Drink

We serve all the favorites — phosphates, plain sodas, ice cream sodas, plain ice cream, egg combinations, grape juice mixtures, bracers, stomach settlers, tonics, crushed fruit combinations and all the old standbys as well as the newest fancy concoctions.

Fresh Strawberries

Are now being served in our Sundaes and Ice Cream Sodas.

We Make Our Own Ice Cream

That's why it is better here than at other places. Most fountains are satisfied to buy the ready-made kind of ice cream for their soda. We are not. We buy the pure Jersey Cream fresh every morning. There are no eggs — no coloring matter — no starch, flour or anything of that kind in it — just pure frozen cream. One taste will show you the difference.

We Carbonate Our Own Soda Water

Last year we bought a \$50.00 automatic carbonator, one of the latest devices for making perfect soda. Its down cellar although it's good enough and nice enough to put in the window. With this carbonator the gas pressure always remains the same — 175 degrees, while in the old it may vary anywhere from 175 to 200 degrees, making the last part of the tank flat and insipid. Probably there are not more than two or three other carbonators of this kind in Oregon; but we believe if there is anything better than another, Oregon City people are entitled to it.

The boys are simply tuning for their health but are so well-pleased with the coast country that they may remain here, providing they find some line of work that will suit them.

Sunday was the hottest June day this climate has experienced since the day of the proverbial "oldest inhabitant." Early in the day things became humid and as the sun climbed up over the misty mountain tops and the day advanced the hotter it got. The mercury sailed skyward until it reached a hundred degrees in many places, and very few thermometers marked under 98 degrees. Monday following was almost equally hot but the atmosphere cooled off somewhat by Tuesday.
