

OREGON CITY DEFEATED.

Teamsters Defeat Barbers by One-sided Game.

By a score of 8 to 1 the Vancouver Maroons trimmed the sail of the home team at Vancouver last Sunday. An eyewitness who went over to see the game remarked that the game was a regular circus and that the Oregon City players were the clowns.

Up to the present time Oregon City has won one game in the interstate league and lost four.

Next Sunday Schiller's team will cross with the locals at Canemah park, and it is hoped and expected that by that time the team will be strengthened enough to make a respectable showing.

The benefit game played at Canemah park last Sunday afternoon between the barbers and teamsters, resulted in a score of 16 to 8 in favor of the teamsters. A steady rain fell during most of the game, making the ground slippery and good playing impossible.

The Nashville Students, a Colored Minstrel troupe, dispensed music during the game. They will be an attraction at the park during the remainder of the season.

Have You Seen The Seaserpent?

Watch for the unique and catchy pamphlet just issued by the General Passenger Department of the Astoria and Columbia River Railroad Co., which tells a little summer tale about the Summer Girls, Seaserpent and Sunsets at Seaside. Something About Crawfish.

One of the peculiar industries on portions of the Willamette and some of its tributary streams, is trapping crawfish for the few Portland restaurants which make a specialty of them. It is carried on also on the Columbia river. The fisherman leads the life of a gypsy, moving from one place to another on the stream with his tent and traps, as his judgment dictates. In the dry weather of summer, when most of the crabbing is done, this sort of existence has many advantages; one needs no broom to mop. The great desideratum is to know where to place the trap. The black bass introduced in the Willamette is death to the baby crawfish and catch will become small in all but the larger streams. It may not seem a striking fact that the male crawfish is handsomer than the female and epicures say that he has the better flavor.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by G. A. Harding.

A Remarkable Monstrosity.

E. T. Farr, of this city, exhibited to a few friends the other day a peculiar and most remarkable monstrosity. It represents a double calf, weighing nearly 300 pounds, which came into the world on his father's place, side by side, in the eastern part of the city, on the 14th of February of last year. The double brute died shortly after birth. Elmer Farr had the remains carefully stuffed and mounted, and the sexless monstrosity looks as real as life. It has three tails, two hanging naturally and the third curled over the back of the left twin. The four front legs are free and properly developed, but the two hind legs where the bodies come together are turned over the back. The two heads and the four ears are free and normal. The twins are of a roan color. The cow that gave birth to them is still a good milk giver.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
