Paine's Celery Compound

Cures

DYSPEPSIA, INDIGESTION, AND STOMACH TROUBLES.

The tortures and evils of dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of diziness, languor, nervousness, sleeplessness, headache, distension of the stomach, loss of flesh, difficult breathing, and the action of the heat of entertainment.

In friends and relatives the past week, returned Tuesday.

The ice cream social at Hood View, was well attended and was one of the best of the season. Every one went home well pleased with the evening entertainment.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centred about the stomach; it opens up the sewers of the body and removes all waste matter; it cleanses the blood; it makes new nerve fibre; it restores digestive power, and promotes bodily strength and activity. Mr. Fred. Ross, Clarendon, Iowa, briefly writes about his happy experi-ence with Paine's Celery Compound as

"It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was suffering from indigestion and nervousness, and was so runadown that I could hardly walk without help. I used two bottles of Paine's Celery Compound and got better almost from Celery Compound and got better almost from the first dose, and have had no use for medicine since. I was completely cured."

A Free Telephone Line.

Gen'l Secretary.

The young men of Mackeburg have taken a long step forward in the advancement of their neighborhood, Recently they concluded that they wanted a telephone line. They did not ask the county for any valuable franchises nor did they ask any one to take stock in it. They bought heir wire, put up their poles on private property and began work. Today about a hundred homes in work. Today about a hundred homes in the Macksburg neighbo hood are con-nected by "hello" wires. When the line is completed at home they expect to connect with Canby, Aurora, Needy and Hubbard, and later they expect to es-tablished communcations with Oregon Oity, Salem and Portland.
