Hearst for President

Missouri, Wisconsin and Florida Urge the Nomination.

Promoters of Movement Are Confident That Roosevelt Will be Defeated.

Kansas, City, Mo., Wednesday, July 15.—C. A. Walsh, of Ottumwa, Iowa, secretary of the Democratic National Committee, says that if the Democratic of the United States will nominate such a man as Tom L. Johnson, of Ohio, or W. R. Hearst, of New York, for president, next year, they can carry the election.

Mr. Walsh came to Kansas City yesterday to meet E. O. Millan of Dallas, Texas, with whom he was with in the Klondike in 1897, and with whom he has mining interests. While Mr. Walsh's mission is not political he is mingling with the politicians and talking politics.

"I believe that Tom L. Johnson will go into the Democratic convention next year a candidate for the presidential nomination with a large following," said Mr. Walsh, the other night.

"Others, who it now appears, will be in the race are W. R. Hearst, Arthur P. Gorman of Maryland, and Judge Parker of New York. These men are all good Democrats and true to their party. I think, and with either of them, especially Johnson or Hearst, we could win. The man who is named by the Democrats should be one that the voters are confident will be President himself. A man who is unapproachable and fearless must be named. Such a man is Johnson and such a man I believe is Hearst or Gorman.

"Hearst is a man who I think would carry the entire labor vote. He would even excel Bryan in this respect. Judge Parker, I do not know so much about."

Mr. Walsh said the free coinage of silver would not be a plank in the next platform and that the trusts would be the main issue.

"As to the place of holding the national convention," he said. "I favor either Chicago or St. Louis. The crowds at the World's Fair would possibly interfere with the accommodations and the work at St. Louis."

"Therefore I think Chicago stands a slightly better show for the convention."

HEARST FAVORED IN WISCONSIN.

Milwaukee, Wis., July 15.—J. J. McNally, who was a candidate for the nomination for secretary of state before the last Democratic state convention and who is a leader in the party in the Northwest, has just returned from a trip through Wisconsin. To the American Journal correspondent he said that throughout the northern and eastern counties of the state. Democrats, who are not politicians, are for W. R. Hearst for President. Mr. McNally thinks that the common people in the entire Northwest will be for Mr. Hearst, and that by

the time delegates to the national convention are elected the sentiment of the state will be for the congressman.

"This prediction is based upon the interest the people are taking in Mr. Hearst's attitude toward the coal barons and the trusts," said Mr. McNally, "and particularly to the appreciation they have of Mr. Hearst's stand for Democracy the last two campaigns."

Hearst's candidacy meets with the approval of Ex-Gov. George W. Peck, who praises his ability, his character, his energy and his youth. It might be well for other candidates, he said, to keep their eyes on Mr. Hearst.

John Gregory, a lawyer, favors Hearst as things stand at present, while Thomas D. Hoar, assistant city attorney, says the New York congressman has the best following in the common classes and should be boomed from now until the day of the convention. The stand of these three Democrats, prominent in Wisconsin party politics, and with great influence, came today unsolicited in the passing of casual remarks on the political situation.

HEARST CLUB IN FLORIDA.

Jacksonville, Fla., Wednesday, July 15.—At a meeting of the leaders of several of the labor organizations of Jacksonville and a number of prominent Democrats from other parts of the state, held at Everett hotel to-night, a Hearst club was organized.

Samuel Hollingsworth, a former member of the city council of Jacksonville, presided. The meeting passed strong resolutions favoring the candidacy of W. R. Hearst for President, commending his earnest and zealous fight for the past several years for the common people, and his adherence to principals, not only Democratic, but essential for the further tranquility, prosperity and advancement of the United States. There were a number of vigorous speeches made against the policy of bending to trust and the moneyed combinations, in the interest of success of the Democratic party, and urging a determined and pronounced fight for principle rather than a surrender of principle for temporary gain.

A committee of seven was appointed to draw a constitution and by-laws and to correspond with prominent Democrats in other parts of the state, with the object of organizing branch clubs. The character of the gathering to-night indicated that there was a strong sentiment throughout the state in favor of Mr. Hearst for president.

A correspondence bureau is to be established, and the promoters of the movement state that they will make a careful and vigorous canvass of Florida before the time for nominating delegates to the national convention.
