I. R. Wishart, late of Baker City, has been employed by E. E. Charman as head clerk in his drug store. Late Tuesday night Mrs. Charles Bernier, of Green Point, was seized by a burglar at her home and almost choked into insensibility. She had been to the fire at the woolen mills and had returned home about 11 o'clock. The other members of the family had retired and Mrs. Bernier was locking up the house for the night when she was seized by a man who was standing in the hallway. The man had evidently entered the house while the family was away for the purpose of theft and was surprised by her return before he could make his escape.

A party of eight hobos made themselves especially obnoxious here Wednesday. Along in the evening they were waited on by a delegation of young men and told that they had better "make tracks." One of the lot declared that he had traveled from end to end of the United States and had never left a town until he got good and ready. He was seized by a half dozen willing hands who began stripping him of his clothing and calling for tar and feathers. He begged for mercy and was released, his captors admonishing him to get out with his gang. The hobo crowd very suddenly departed for other climes.

A special meeting of the city council was held Friday evening. The principal business before the council was the consideration of Judge Ryan's elevator franchise. An amendment was tacked on to the original and it was referred back to the committee and it will be adopted at the next meeting of the council. The franchise will give Judge Ryan the privilege of building and operating an elevator on the bluff for the purpose of carrying passengers at a price of not more than 5 cents for each passenger carried. The elevator is to be run at least once an hour from 6 o'clock in the morning until 10 o'clock in the evening. No charge will be made on the elevator line until the year 1911, and after that time a charge of \$100 per annum will be fixed, until the year 1916, after which time the city council will have the privilege of fixing the taxation. Judge Ryan has been trying to secure this franchise for a period of 10 years, and that he will secure it at the next meeting of the city council is a certainty.

THE OLD RELIABLE

ROYAL BAKING POWDER

Absolutely Pure

THERE IS NO SUBSTITUTE

FLESHLESS BONES

Haint and Grin at Those Who Desecrate Them.

Mr. Editor: Will you please publish the following letter, which I received from Fred Nelson for the benefit of his old friends?

Oregon City, Ore., July 13.

E. A. Mulvaney

I am in receipt of your communication through the medium of the Courier and to reply will say that I will not risk a possible disappointment by coming to Molalla unannounced, but if you will set a date that suits their convenience, I shall be pleased to come out and receive the donations of "my former friends."

Very Truly Yours,
F. J. NELSON.

Now Fred let us come to terms. You tell us where you got those bones, and if you got them honestly, which some people doubt very seriously, I for one, am ready to compromise, and treat you to only two three-cornered rais instead of six, if you will promise to keep your self out of this part of the country and not interfere with our little home study class.

Of course you are somewhat in advance of us, as you have begun boiling people, while we are boiling chickens, cattle, hogs, etc. And you have also been christened by your friends, "the bone crusher."

I understand that your city friends say that if it had not been for Lize Mulvaney and "Bill" Vaughan there would have been nothing of this affair. Billie and I don't min' being roasted while we are alive, but we beg of you don't boil us when we are dead.

I say, had it not been for Fred Nelson that poor unfortunate man, who was boiled on the banks of the beautiful banks of the Molalla, would, no doubt, have been resting in his grave tonight, and this unpleasant affair would not have been.

You will have to look to your masculine friends for the date on which the promised donat on will be cheerfully delivered with variations.

Fred, now that you have taken the trouble to write to me, why did you not tell me where you got that body, or part of one. You knew I wanted to know. I am very sorry some one did not dig in the straw stack, where you had it cached previous to cooking. There might have been more of it found. The courier said you hastened to explain. I think you hastened to remove the bones.

When you come out again you had better fetch lunch with you, for you might get nothing better than cold shoulder out here.

Fred, I hope you will not waste your time on me, for I certainly have no time for you. And if this is to be continued I hope your Molalla friends will take it up.

Yours Truly,
MISS ELIZA MULVANEY.

A runaway automobile was the cause of some excitement at an early hour Saturday morning. A party from Portland was coming across the suspension bridge when the sprocket chain broke. There is a grade of about 5 per cent on the bridge, which is a quarter of a mile in length. The machine started over the bridge at a lively rate, crossing Main and on up Railroad Avenue to a large, where it ran into a stone wall and came to a stop. The Maccabees both elected and installed officers Thursday evening. The new officers are: Commander: Jesse George; lieutenant-commander, Robert Vaughan; record-keeper, E. E. The Courier published a communication last week from Liberal which dealt out to Fred Nelson, of this city, a pretty warm roast. The article mentioned took Fred to task for the manner in which he handled human remains. Judging by the tone of the letter it might be intimated that the whole neighborhood was up in arms against Nelson. Fred declares that this isn't so, that this isn't so that the party who wrote the letter did not understand the sentiment of the people of the neighborhood and expressed only their own views through the letter. The Courier does not desire to injure Nelson in any way and is of the opinion that while he acted rather indiscreetly in the manner of handling the "remains" that he did not at the time "understand the situation" and did not think of the hullabaloo he would raise.

Tualatin Tent, Knights of the Maccabees, installed its officers last Thursday night. A large number of the Knights were present and an enjoyable time was had.
