

SCHILLERS SLAUGHTER
Showed Yellow Streak After Third Inning.
Oregon City, 20.
Schillers, 00.

The above figures tell the story of the remarkable game of ball played by Oregon City with the crack team of Schillers last Sunday. Schillers showed a yellow streak early in the game. In the first inning Oregon City batted out three runs and in the third five. After that it was only a question of how many runs the home team should make. Schillers laid down and did not try to play ball after the third inning, though it would have made little difference if they had with the kind of ball the home team was putting up. Nearly every man on the home aggregation was batting Parrott for the visitors freely, and two and three baggers were common. Parrott must have realized before the game that he was up against it for he refused to play with Fields acting as umpire and it took the combined influence of all the Portland players and manager Fields to get him back in the grounds. He had tossed just three balls when he again got a case of sulks and started to walk out, all because he thought the umpire had called a strike a ball. He was headed off, however, and again got in the box. The way in which Parrott played the baby act brought down an awful gaying upon his head. Parrott pitched until the seventh inning when he refused to pitch longer and young Hoyt went into the box. He was batted all over the field.

Summary of game statistics including Innings, Runs, Hits, Errors, and fielding percentages.

New School District.
The district boundary board of Clackamas county, consisting of the county judge, school superintendent and clerks, has granted the petition of the voters of the Concord school district for a division of the district. The petition was agreed to by nearly all of the voters in the district and the new district will cut out that portion of the district in which the little town of Oak Grove is situated. This place has sprung up and grown within a year, until it has reached such proportions as to demand a schoolhouse of its own. As soon as Superintendent Zinser takes the necessary steps the voters of the new district will hold a meeting and elect officers.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only.
They're for sick kidneys. They cure backache, every kidney ill. Here is evidence to prove it.
A. S. Cummings of 244 Clackamas St., Portland, employed by the Inman-Paulson Lumber Co. at the foot of East Sherman St., says: "I had pains in the small of my back for a good many years. Most of the time it was a dull, heavy ache over the kidneys and often at the end of the day I felt fatigued and used up. Trouble with the kidney secretions existed also. Passages were too frequent and were accompanied with a pain. My condition was growing worse all the time when I happened to read an advertisement of Doan's Kidney Pills and at the suggestion of my wife got a box. I took the pills as directed and felt their beneficial effects right away. In a short time the backache disappeared and the secretions resumed their normal appearance and condition. This is the first winter I have passed for a number of years without wearing a plaster on my back, and I give Doan's Kidney Pills all the credit."
Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report.

The Same Old Story.
J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told retold by thousands of others. He says: "I had an attack of dysentery and I purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies. Mr. Kelly is a well-known citizen of Henderson, N. C. For sale by G. A. Harding."
