Eternal Rest

Comes to Pope Leo, the Thirteenth

Wearied With His Burden of Years He Lays His Mantle Down.

Wearied with his burden of years and his life's work Pope Leo the XIII closed his eyes in death and passed over the silent river at two o'clock on Monday afternoon, July 20th, 1903. His end came as sweetly and calmly as a child falling to sleep in his mother's arms. Surrounded by the high Cardinals of the church the Pontiffs and the doctors, whose prayers were vain; whose medicines could not stay the hand of the grim reaper, he closed his eyes and fell into that sleep from which the awakening is the great beyond. He carried to the end his life's work and his last thoughts were of his church and its future. He literally died in the harness. Ninety-two years of age, fragile of form but bright and active of brain, he was the active head of the Catholic church of Christendom until the end came.

He was elected Pope in 1878 and was then a very old man. For more than twenty-five years he has wielded the powerful prerogative of chief head and potentate of the church. He was in many ways a lovable character and died as he lived, loving the world and all mankind and leaving to the world the heritage of his good deeds and loving Christian example.

His successor will be elected by the high cardinals of the church probably before these lines reach the public eye.

Mountain View.

Oscar May and family, of Carus, have moved into Mr. Howard's house.

Charles Dickey is working at the carpenter's trade and Alvin Mack is hauling wood with his team.

W. W. May is able to be out again after his serious illness.

M. Smally and family have come back to this burg to live.

Mr. Smalley has rented Mr. Harrington cottage at the head of 7th street.

Quite a number from here attended the spiritualist campmeeting at New Era Sunday.

Chas. Albright and mother are moving to Portland this week.

Theo. Weed is giving their fence a new coat of paint.

Mr. Gillett is in Portland doing some carpenter work.

Mrs. Bert Harrington and Mrs. Gillett are attending the grand lodge, D. of H. at Portland this week.

Bert Surface is on the sick list this week.

L. C. Cook, of Albany, is visiting Rev. J. W. Craig and family this week.

J. D. Weed, who has been visiting his brother this month, will return to his home in Arlington Thursday.

Geo. Ely opened a store of general merchandise here this week.

SALIVA.

D. F. LeFevre and W. L. Mitchel attended the W. O. W. carnival at Portland last Saturday.

Miss Mabel LeFevre, of Oregon City, spent Saturday and Sunday with her parents.

Among those from Arbureta who attended campmeeting New Era last Sunday were Mr. and Mrs. Erickson, Mr. and Mrs. W. L. Mitchell, Dale Mitchell, Ira Ogden, Mrs. E. Akin, Mabel LeFevre and Bertha Akin. All report a very large crowd at the camp grounds.

Mr. Erickson finished having yesterday and as there was very little rain, to do much damage, he has his hay put up in fine shape.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1 bottles of Dr. King's New Discovery really cured me and gained me pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat Troubles. Price 50c and \$1. Trial bottle free at Chamberlain's Drug Store.

Great Success

Is the Chautauqua at Gladstone Park.

Receipts Will Wipe Out All Indebtedness. And Leave Money in Treasury.

One of the most successful meetings the Willamette Valley Chautauqua Association that has ever been held will come to a conclusion next Sunday evening. Beginning with the first day's session the crowds that have attended have been phenomenally large. The meeting began with an indebtedness against the association of something like \$500. When it closes the managers will not only be able to meet all liabilities but will have money in the treasury.

This, the tenth annual meeting, has been successful from every point of view. Not alone have the crowd who have attended been satisfactory but all the programs have been carried out in a manner that reflects great credit upon the management. The lectures of the big speakers have been listened to by thousands of people who went away delighted with what they heard. One of the greatest orators who has yet addressed the meeting is Dr. M. A. Mathews, of Seattle. His sermons and lectures were classical gems and full of meat.

Two of the greatest lectures are yet to come. They are Champ Clark's lectures, one of which will be delivered this afternoon. The subject of this lecture is "Richer than Golconda." His other lecture, "The United States of America in the Twentieth Century," will be delivered Saturday night. This lecture will be followed by a grand fireworks display. Concerning the fireworks display the management has the following to say:

The Chautauqua management has just completed arrangements for a great display of fireworks for the last week day of the session, on Saturday next, after the conclusion of the exercises in the main auditorium. The phenomenal success of the assembly as witnessed by the 250 tons on the ground, the thousands of daily visitors, swelling the income to such liberal proportions that all indebtedness of the Association is provided for and a surplus left over for a better program for next year and needed improvements on the grounds have determined the directors to duly celebrate. Three hundred dollars worth of fireworks have been purchased for the occasion. A full list of the pieces that are guaranteed to be first class is as follows:

Six extra large aerial maroons or reporting salutes, fired from mortars; exploding at a great height with a report that can be heard for miles.

Piece, "Welcome," commencing with an illumination of crimson and green, maturing to the word, "Welcome," in letters of variegated lance work, above which is an arch of colored jets and suns with golden rays, terminating with artillery salutes.

Twelve 2-lb exhibition rockets; assorted colored stars and gold rain.

Two large batteries of solid colored stars.

Six 2-lb asteroid rockets, mammoth duration stars suspended from parachutes.

Piece, "Persian Rose" within a revolving circle of golden fire are displayed reserves of green, crimson and blue, by which pyrotechnic combination is shown by the Persian rose in all its beauty.

Six 3-lb bomb shells, or reporting rockets.

Two No. 9 Mines—"electric" stars.

Six 1-lb crimson illuminations, mounted.

Two extra large surprise boxes, three different effects.

Six 12-inch R. F. Co.'s night shells, fired from mortar, disclosing showers of pearls, chrysanthemums, rings, scrolls, etc.

Piece, "Polka Redowa," two eccentric figures moving fantastically in opposite directions, encompassed by a ring of silver fire, producing a magical and pleasing effect.

Three 4-lb shooting star rockets, showers of golden scintillations and shooting stars.

Two prismatic whirlwinds, immense column of fire, ascending high in the air.

Two extra large batteries of solid colored stars.

Three 4-pound electric shower rockets, showers of electric jewels of emerald and sapphire tints.

Piece, "Italian Palmetto" commencing with a crimson illumination, maturing to the Indian Palmetto, ornamented with richly colored Saxons and brilliant suns, with maroon reports.

Two extra large sauciasins or nests of silver snakes.

Six 1-lb emerald illuminations, mounted.

Two extra large floral bomb shells, showers of colored stars, succeeded by a large bomb shell.

Piece, "American Star," representing the star of America in lancework of appropriate colors (red, white and blue) encircled by five golden rays.

Three 4-lb weeping willow tree rockets.

One tri-colored multiplying fountain, representing our national colors.

Piece "Double Dance of Fairies," circles of brilliant rays, introducing rotating serpentine figures of colored lancework, revolving between jets of Chinese fire.

Three four-pound cornucopia rockets, showers of brilliant rubies, reds, sapphires and emerald nebulae and duration stars.

Three 4-lb jeweled streamer rockets, variegated jeweled stars.

Piece, "Scroll Wheel," extra large, radiating circle of silver rays, six feet in diameter, revolving around a contracting scroll of colored lancework.

Three 4-lb diamond chain rockets; floating festoons of fire and Jacob ladders.

Six 12-inch R. F. Co.'s night shells, fired from mortars, disclosing showers of stars, moons, comets, rings, scrolls, etc.

Base Ball News

Glittings Reflected from the Local Diamond

Oregon City Defeats the Chemawas on the Chautauqua Grounds

The Oregon City baseball team defeated the celebrated Chemawa Indian team at the Chautauqua grounds Monday afternoon by a score of 13 to 3. At no stage of the game did the Indians have the ghost of a show to win. In the first inning the home team got a total of four hits and two runs, and from that time on till the close of the game they hit the ball out for singles, two baggers three baggers and home runs. The star play of the game was Krietz's long drive to center field on which he made a home run. Lee lost the ball in the weeds in left field and also got a home run. Calif, Oregon City's pitcher was very effective, the Indians getting only four hits off his delivery.

The whole Oregon City team was at its best. Krietz made a wild throw to third base in the second letting in one run for the Indians. Errors were also made by Hutchings and Oliver, but they were not costly. The batting and fielding of McCutcheon, the big center fielder for the home team was sensational.

By the top-sided score of 16 to 4 Oregon City defeated a mixed team from St. Paul, Dayton and Mt. Angel college Sunday afternoon at Canemah Park. The feature of the game was the terrific hitting of the home team. Two baggers three baggers and home runs were as common as base hits ordinarily are, and almost every man up, took a fall out of the St. Paul pitcher until he retired in favor of a Dayton man. The change was not beneficial and the second pitcher was hit hard. Catcher Krietz was struck by a pitched ball in the first inning and retired from the game to return in the fourth. Saturday's game between Schillers of Portland and the Vancouver Maroons, resulted in a score of 9 to 2 in favor of Schillers. Today's Chautauqua game is between Oregon City and the Chemawas team.

The best game of ball played on the Chautauqua diamond up to Tuesday was the game between the Sunnyside Woodmen and the Vancouver Maroons. The Woodmen had been strengthened by players from the Oregon City team and from the Chemawa team.

The game resulted in a victory for the Maroons by a score of 5 to 4. There were nine innings of good ball playing and the game was not over until the last half of the ninth when the Maroons brought in the winning run. The Sunnyside team started the run in the first inning by batting out a home run. This was the only run they were able to get in for seven innings however.

The Maroons also got a run in the first trying the score. The score remained 1 to 1 for seven innings, neither side being able to get a man across the home plate. In the eighth Sunnyside got two runs and then were retired. The Maroons came to bat and went the Woodmen one better, and at the beginning of the ninth the score stood Maroons 4 and Woodmen 3. In their half of the ninth the Woodmen made one run, tying the score and then were retired in one, two thirds order. The first man up for the Maroons made a two-bagger; the next went out on a fly, but the third hit a little one over the second baseman's head, which fell in safe territory and the man on second went to third. The next man up made a hit and the man on third scored and the game was over.

1 2 3 4 5 6 7 8 9

Maroons..... 1 0 0 0 0 0 3 1—5

Woodmen..... 1 0 0 0 0 0 2 1—4

Maroons made a total of 8 hits while the Woodmen got 5 hits. The Maroons made 4 errors while the Woodmen made 3 errors.

The game of ball between the Chemawas Indians and Schillers Wednesday afternoon at the Chautauqua grounds resulted in a victory for the Schillers by a score of 9 to 4. The Indians played a loose game of ball up, to the ninth inning when they woke up and batted out three runs. There were open chances of a sell out, and it looked a good deal like there might be something in the charges. Schillers made five runs in the first and continued to increase their score until the ninth. The Chemawas made only 1 run in the early part of the game and made no more until the sixth. The game was witnessed by the largest crowd that has yet watched any game at the Chautauqua. Had the Schillers won the game Oregon City would have had a good chance to win the series, but as it now stands their show is very remote.

This afternoon and tomorrow evening the Honorable Champ Clark of Fike county, Missouri will deliver at the Chautauqua at Gladstone Park his two famous lectures, "Richer than Golconda," and "The United States of America in the Twentieth Century." Champ Clark is to day one of the very best lecturers before the American people. He is a man rich in language an orator and a humorist. For more than twenty years he has been a member of the American congress and his stories and experiences have made Fike county his native home known in every village in the land. It is very doubtful if a more pleasing lecturer has yet appeared before the Willamette Valley Chautauqua. Champ Clark this afternoon and tomorrow night ought to be greeted with a record breaking crowd. It will pay and pay well every man, woman and child to hear him. He is literally the very best there is.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicine manufactured and which is always kept on hand at the home of the physician. This is not intended as free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time. *Tanning Iowa Journal.* For sale by G.

Crop Conditions.

Past Week Excellent for Grain and Haying,

Haying in Full Progress All Over the State.

The following report of the weather and crop conditions of Oregon covers the period of the week ending Monday, July 20, and is issued by Section Director Edward A. Beals, for the Oregon section of the U. S. Department of Agriculture Weather Bureau.

The weather during the past week has been excellent for haying and for maturing grain. Haying has been pushed in all parts of the state, and the crop is of good quality and the yields are generally satisfactory, except in the southern sections, where previous dry weather caused some shortages, which has been made up by cutting grain for hay; consequently, the farmers will have feed enough for stock, but grain yields in this locality will show a still greater reduction from former estimates.

Spring and fall wheat continue to fill and ripen nicely; the heads are full and the berry is plump, and if it were not for the stand being thin the crop would be up to the average. Harvesting will become general this week. Oats are unusually promising in all sections, except about Cottage Grove, in Lane county, where for some unknown cause a number of fields have stopped filling and the plant has suddenly turned a light color.

Full reports from the hop sections indicate a fairly good crop, which taking into consideration the increased acreage, will fall but slightly below last year.

Minor crops, such as corn, potatoes, onions, sugar beets and gardens, are doing nicely. Fruit also continues promising, and a large crop of pears and prunes is now almost a certainty.

WILLAMETTE VALLEY.

Hubbard, Elliott Prairie District, Clackamas county, Geo. Pope—Hops—The warm weather prevailing during the past week has been of considerable benefit to backward plantations, but there is no improvement noticeable in the stunted roots; there is less foliage and laterals are shorter than usual; malt hops are just starting to bloom, and English Cluster and Fuggels are setting strobiles rapidly, and about a week earlier than last year, which gives promise of good fertilization of the crop, which is likely to be of fine bodied quality; there are very few aphids to be found in well-cared-for yards; the yield in this district will fall below average.

Dayton, Yamhill county, John H. Moore—Present indications point to a two-third hop crop in this vicinity; vines in the old yards are very uneven; in the new yards the condition is better; some growers report considerable lice in their yards and are spraying, but his condition is not general; the evenings of the past week have been too cold for rapid growth; hops are not so far advanced as at this date last year.

Silverton, Marion county, J. F. Davis.—Week favorable; early hay housed in fine condition; haying still in progress; fall wheat and oats ripening nicely; spring oats continue very promising; hops, potatoes, gardens and fruit doing well; all stock in good condition; hops on hill land very promising, but will be better than predicted in early spring; on the whole, the condition of hops is about as good as last year.

Aurora, Marion county, C. D. F. Wilson.—Hops are growing finely, and, considering the condition of many yards in early May, and even later, are doing remarkably well; but the fact of missing hills being so many, even with the increase in acreage the crop cannot be so large as last year.

Albany (for Wells), Benton county, V. A. Carter.—Hops in this locality are not up to average; many hills are missing, thought by hop men to be on account of cold, backward spring; growers expect about three-fourths crop; hop pests have appeared, but as yet have done no damage.

Scio, Linn county, S. W. Gaines.—Weather warm; crops never more promising; wheat, oats, speltz, barley and vetch excellent; no aphids, hay all cut. Fruit—Pears, Bartlett, Inaho, Winter-nells, loaded, plums, peach, Columbia, Green Gage, loaded; prunes, Italian, Hungarian, Silver, loaded; stock fat; grain harvest in ten days; gardens a lot better.
