

NAPOLEON AND DANGER.

Gillray's Striking Cartoon, Which Was Published in 1808. The dangers which threatened Napoleon in the opening years of the nineteenth century were shown by Gillray as one of the most striking of all his cartoons, the "Valley of the Shadow of Death," which was issued Sept. 24, 1808. The valley is the valley of Bunyan's allegory. The emperor is proceeding timorously down a treacherous path bounded on either side by the waters of Styx and hemmed in by a circle of flame. From every side horrors are springing up to assail him. The British lion, raging and furious, is springing at his throat. The Portuguese wolf has broken his chain. King Death, mounted on a mule of "true royal Spanish breed," has cleared at a bound the body of the ex-king Joseph, which has been thrown into the "ditch of Styx." Death is poisoning his spear with fatal aim, fearfully holding up at the same time his hourglass with the sand exhausted; flames follow his course. From the smoke rise the figures of Junot and Napoleon, the beaten generals. The paternal thorn is descending as a "Roman meteor" charged with lightning to blast the Corsican. The "Turkish new moon" is seen rising in blood. The "spirit of Charles XII." rises from the flames to avenge the wrongs of Sweden. The "imperial German eagle" is emerging from a cloud; the Prussian bird appears as a scarecrow, making desperate efforts to fly and screaming vengeance. From the "Lethian ditch" the "American rattlesnake" is thrusting forth a poisoned tongue. The "Dutch frogs" are spitting out their spite, and the Rhinish confederation is personified as a herd of starved "rats" ready to feast on the Corsican. The great "Russian bear," the only ally Napoleon has secured, is shaking his chain and roaring, a formidable enemy in the war.—Frederic Taber Cooper and Arthur Bartlett Maurice in Bookman.

BUOYANT MIDDLE AGE.

It Dances Jauntily With Youth in These Progressive Days. Half a century ago a man of forty-five was regarded almost elderly, and a woman of the same age was expected to have long since cut herself adrift from all ties binding her to her youth and to assume the appearance and deportment of a staid, exemplary matron. All this has changed in a particularly interesting way, of which the prominent feature is a seeming contradiction. If the three-year-old child of today is as knowing as was the six-year-old of half a century ago and the ten-year-old boy of today is in many respects quite as much a man as was his grandfather at eighteen, one might naturally expect that in due gradation the modern middle aged man should be old beyond his years. But such is not the case. Middle age, so far from hurrying on into senility, so far even from standing still, would seem actually to have stepped backward and marched alongside of youth. There is a jauntiness, a buoyancy, an elasticity, about the middle age of today at which our fathers would have shaken their heads as unseemly. The gulf which once separated the middle aged parent from his children has been filled up. The curtain which shrouded the middle aged man generally from the eyes of youth and which caused him to be regarded with respect if not with awe has been lifted, and in obedience to the same influences which have made the schoolmaster the friend of the schoolboy and the regimental officer almost the comrade of his men the middle aged man of today is never so happy as when working or playing upon an equality and actually in connection with youth.

As with men so it is with women. Social statisticians tell us that the age at which women are considered most eligible for marriage has been very notably advanced of late years, and we know that the lament of many a matchmaking mamma is that the most dreaded rivals of her darling are not to be found so much among the girls of her own age as among women who not many years ago would have been relegated to the ranks of hopeless old maidhood. The fact that the middle aged lady of today is much younger in manner and tastes is of course not the only reason for this, but it is among the most potent.—London Spectator.

A Very Strange Intercession. In a church where the prayers are made at the discretion of the minister very strange intercessions are sometimes presented. I remember well ages since hearing old Dr. Muir of Glasgow, who was a real though eccentric genius in his day and of whom no English reader ever heard, relate an incident which had been in his own knowledge. "Mr. Smith was preaching at Drumsieckie, and he had come to the concluding prayer, where we pray for all and sundries (sic), when he suddenly remembered that he had forgotten to pray for the magistrates. So he put in the prayer just where he was, 'Have mercy upon all fools and idiots and specially upon the magistrates of Drumsieckie.' He meant no evil, but the magistrates were not pleased."—Longman's Magazine.

Playthings in Court. Some very curious models have from time to time been produced in court in various lawsuits. There was a model of a mill produced lately in a patent case where the patentee claimed his patent to have been infringed. The patent was in connection with some part of the machinery of the mill. The model mill was set working in court while judge and counsel watched its movements with much interest. A model steam engine was once produced in an action against a railway company. The judge insisted on having the whole working of the engine explained to him, whereupon the counsel who was speaking asked for an adjournment of the trial for twelve months, when he would be able to give the required explanation.—London Tatler.

How to Remove Stones From Lungs. Large rocks should be heated by burning a quantity of brush on each end, and then with a good heavy sledge and steel wedges most of them can be split into fragments that can be hauled off upon the dung. Medium sized rocks may be drawn out by digging round them, fastening a log chain upon the lower side and attaching the team. Let the horses start slowly, and with a little effort the stone may be pulled out at the second or third pull. A good way to get rid of stones is to bury them, but bury them deep—get less than three feet from the surface—as they will be certain to work up to the top in a few years, when the work has to be done over again at considerable cost.

Nothing to Show For It. "Say, doctor, what's that last \$3 item in your bill for?" "Let me see. Oh, yes; I gave you a thorough examination on that day. Don't you remember?" "Sure I remember. But do you suppose I am going to pay you for that when you took up an hour of my time and then couldn't find anything the matter with me after all?"—Buffalo Express.

The Aims of Meekness. Meffinger—Chicken hearted? Well, I should say; he's the limit. Tligumbob—Is that so? Meffinger—Nothing can make him fight. Why, I've even seen him let a man cheat him out of his turn in the barber shop, and he never said a word.—Philadelphia Press.

YOUR KIDNEYS ARE THEY WELL? Unless they are, good health is impossible. Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned. Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered Kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops. FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results. If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well. Some Pronounced Incurable. Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such." Two Sizes, 50 Cents and \$1.00. SOLD AND RECOMMENDED BY CHARMAN & CO., Oregon City, Ore.

WHY IT SUCCEEDS.

Because it's for One Thing Only, and Oregon City is Learning This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ill. Here is evidence to prove it.

A. S. Cummings, of 24 Clackamas St., Portland, employed by the Inman-Paulson Lumber Co. at the foot of East Sherman St., says: "I had pains in the small of my back for a good many years. Most of the time it was a dull, heavy ache over the kidneys and often at the end of the day I felt fatigued and used up. Trouble with the kidney secretions existed also. Passages were too frequent and were accompanied with a pain. My condition was growing worse all the time when I happened to read an advertisement of Doan's Kidney Pills and at the suggestion of my wife got a box. I took the pills as directed and felt their beneficial effects right away. In a short time the backache disappeared and the secretions resumed their normal appearance and condition. This is the first winter I have passed for a number of years without wearing a plaster on my back, and I give Doan's Kidney Pills all the credit."

Pleanty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.
