

It Scares People

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond dispute that consumption is not and cannot be inherited. The microbe which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

\$3000 FORFEIT

Will be paid by the World's Dispensary Medical Association, of Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. C. L. Sanderson, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pain in my chest. The doctor who attended me said I had lung trouble, and that I would never be well again. Altogether I have taken eighteen bottles of Golden Medical Discovery and five vials of Pellets. I am now almost entirely well, and do all my work without any pain whatever, and can run with more ease than I could formerly walk."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to cover expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

CANBY.

Mr. Newton has purchased the confectionery business of Truman Stalnaker. Mr. Newton intends putting in a complete line of cigars, candies, etc., also ice cream every day.

There was a lively fire at Mrs. Zimmerman's last Saturday evening. An old house about 10 feet from her residence was being used as a kitchen and the fire started in that Canby city. Citizens turned out en masse and for an hour did some pretty hard fire fighting and saved the main residence. Anyone wanting household goods removed speedily would do well to engage the ladies of Canby as they showed their speed at the fire.

Mr. and Mrs. W. H. Bair were Woodburn visitors this week.

Truman Stalnaker and daughter, Myrtle went to Portland Tuesday.

Threshing starts in Canby vicinity Wednesday. Everyone has good crops this year.

Miss Edna Knight, of Salem, is visiting relatives in Canby this week.

Mr. Sias is putting in a fine new stock of drugs, stationery and cigars at his recently purchased drug store.

Willard Knight was a Portland visitor last week.

Mr. Rosenkrans and James Adkins have returned from their mines on Ogle Creek.

"MAPLE LAKE."

What section can beat North Maple Lake for improvements?

Joseph Haas has built a new house, new fence and cleared up more land.

C. W. Swallow is painting his house and improving his fruit dryer.

Wm. Snyder has built a new fence and poultry house and cleared more land.

J. A. Lewis is building onto his house and will also paint it.

Mr. Teats has built a new fence and improved his house.

At the Latourette place they have built a large barn and stable, and wagon shed.

Mr. Hendricks has built a new barn, and Mr. Skipton has built a new barn and made other improvements.

Mr. Ketchum has shingled his barn and made other improvements on his place.

OPEN EYES.

Wilshire's for August.

Jack London, whose Call of the Wild is the literary sensation of the season, contributes a further installment of his remarkable story, The People of the Abyss, to the August number of the Wilshire's Magazine, in which it is being run serially.

Another striking feature of this number is a charmingly written and illustrated interview with Gabriele D'Annunzio, Italy's greatest living poet and dramatist, in which he discusses the art and literature of the present day and their relation to the art and literature of the "approaching New Era."

There is also The Vision of Ezra, a vivid description of a battlefield, by Lady Florence Dixie; a popular historical sketch of the rise and progress of some of our unknown Political and Industrial Deities, by Charles Johnson, of the Bengal Civil Service; Delight—the Soul of Art, by Julian Hawthorne, as delightful an article as subject and author lead one to expect. The editorials are "Is a Financial Catastrophe Inevitable?" "The Over-production of Coffee, Currants and Oranges," and "Why Madden Would Raise the Publishers' Rate." The magazine has been entering enough to secure book reviews by Edwin Markham and Julian H. W. Thorne, among others.

BOARD OF EQUALIZATION.

Notice is hereby given that Board of Equalization for Clackamas county will meet on the last Monday in August, August 31, at the county court room, at the court house at 9 o'clock a. m., and will continue in session for a week. All persons desiring to have changes made in their assessments are requested to appear before the Board at this time.

BEAVER LAKE.

Why It Was So Named.

Perhaps some of the Courier readers will wonder why Beaver Lake was so named, so I will tell you. John Groshong, the oldest pioneer in this section, who crossed the plains by ox team in 1852 and settled near his present location on the banks of a small beautiful lake in which was a live beaver.

Those were palmy days of the wild west, when each man carried a bowie-knife, a pair of revolvers and a rifle for protection against wild beasts and savage Indians.

In the year 1860 this bold young man built a log cabin on his claim where he led the life of a hunter and bachelor almost ever since, till in recent years he has gotten too old to hunt and hung his muzzle loading rifle up which he shows to the young hunters with pride, at the same time entertaining them with the stories of early days when game was plenty. He also has a beaded Indian belt which was captured during the Indian war, in which his father and older brother served with honor.

The remains of the old cabin and mud stick chimney are still to be seen which was the first ever built in this section. Little did he dream that years later his hunting grounds would be transformed into renowned summer resort. Mr. Groshong says he has killed many a deer where the Wilhoit hotel stands.

He is nearly 70 years of age and goes about his daily work with the activity of a youth. In later years he dug a ditch and drained the lake to a mere marsh. The land is of the finest quality and raises the best of hay and garden truck.

Now my dear readers let us, one and all, join hands in singing the praise of these old pioneers, who endured hardships on the plains and carved out homes in the wilderness and opened the way of emigration to the land that is now renowned in song and story.

\$10,000 GIVEN AWAY.

The Louisville Courier-Journal to

Make a Cash Distribution to

Subscribers.

In 1892-3, the Courier-Journal, of Louisville, Ky., inaugurated and carried to a successful issue the first great estimating contest ever conducted by a newspaper. This contest was based on the Presidential election of 1892, and \$14,000 was distributed to Courier-Journal readers.

In response to numerous requests, the Courier-Journal has decided to inaugurate another similar, based on the total vote cast for all candidates for Governor of Kentucky in the election, November 3, 1903. Ten thousand dollars (in gold, silver or greenbacks) will be given away to successful estimators. There will be single gifts of \$4,000, \$2,000, \$1,000, \$500, \$300, \$200, \$150, \$100, \$50 and \$10, and 1,670 gifts of \$10 each. In addition, there will be gifts of \$500, \$300 and \$200 for the best estimates received before August 1, before September 1, and before October 1. The object of this profit-sharing liberality on the part of the Courier-Journal is to secure new subscribers for the Daily and Weekly Courier-Journal. Every person subscribing for the Weekly Courier-Journal one year, sending one dollar with the subscription, is entitled to two guesses or estimates. Every person subscribing for the Daily Courier-Journal by mail one month (30 cents) is entitled to one guess; one year (\$3) twelve guesses. Renewals count the same as new subscribers. Write to the Courier-Journal Company to-day for full particulars and blanks.

Crowds Going to the Circus.

Intense interest has been aroused in this community by the announcement that Ringling Brothers' immense circus is to exhibit in Portland Monday and Tuesday, August 24 and 25. Several big excursions will go from this vicinity and local people will be well represented at the big show. Those who go from here should make every effort to arrive in time to see the magnificent new free street parade, which is given in the morning preceding the opening performance.

Three miles of parade glories are divided into thirty sections, and each section is a show in itself—a parade such as the world has never seen before. In this wonderful display are shown 108 beautiful dens, lairs and cages of rare wild animals, a herd of forty big and little elephants, fifty horses, and over one thousand people. One section of the procession is devoted to magnificent and costly floats representing Germany, Russia, England, France, India, Persia, Scotland, the United States and other countries. The performance that follows, and which includes the superb spectacular production of Jerusalem and the Crusades, is the most magnificent display of aerial wonders ever presented by any amusement enterprise in America. The menagerie is filled to overflowing with rare beasts and birds, including the only baby elephant bred and successfully raised in the United States, the only rhinoceros in captivity and the last living pair of giraffes.

Watch for a Chill.

However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all dried out feeling even comes before the chill. Herbie by its prompt stimulative action on the liver, drives the malarial germs out of the system, purifies the blood, tones up the system and restores health. See at Charman & Co.

A Farewell to the Nodding Grain.

We farmers regret, but all in vain, To see the harvester cut the grain; And as the grain is shocked up in sad little heaps, We heave a sigh and actually weep. Each day we thought it a pleasant duty, To feast our eyes on its ripening beauty.

The wind rustling through it, made a pretty song, And it nodded its heads to us all day long. The fields look so barren and I'll say it again, We hate to see the harvester cut that grain.

But Nature's beauty now we've forsook, And to the meancery side of life we look. With hearts grown cold—which were so tender— We rob the fields of their golden splendor.

We stack it up and still more rasher, We put it through a noisy threshing. We actually never move a muscle of the face, When we stow it away in a dark, dark place.

We lock it up with a triumphant grin, And wonder how much per bushel we'll get next spring.

A YOUNG LADY'S LIFE SAVED.

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Charles H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by G. A. Harding.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwater, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by G. A. Harding.

Physician and Druggists.

Ford & Surgeon, a prominent drug firm at Rocky Hill Station, Ky., writes: "We were requested by Dr. G. B. Salgley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we are glad to say Herbine has given such great satisfaction that we have duplicated this order three times, and to day we gave your salesman another order. We beg to say Dr. G. B. Salgley takes pleasure in recommending Herbine." See bottle at Charman & Co.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scales the flesh, or if, when the child reaches a stage when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake; but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cut or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve on ever handy. It is the best Salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c, at Charman's Drug Store.

"Incurable" Heart Diseases Soon Cured.

Franklin Miles M. D. LL. B., Will Send \$4.00 Worth of His Specialty Prescribed Treatment Free to Affiliated Readers.

To demonstrate the unusual curative powers of his New Special Treatment for diseases of the heart, nerves, stomach or droopy, Dr. Miles will send free, to any afflicted person, \$4.00 worth of his new treatment.

It is the result of twenty-five years of careful study, extensive research, and remarkable experience in treating thousands of heart, stomach and nerve diseases, which so often complicate each case. So certain are the results of his New Treatment that he does not hesitate to give all patients a trial free.

Few physicians have such confidence in their skill. Few physicians so thoroughly deserve the confidence of their patients, as no false inducements are ever held out. The Doctor's private practice is so extensive as to require the aid of forty associates. His office is always open to visitors.

Col N. G. Parker, ex-governor of South Carolina, says: "I believe Dr. Miles to be an attentive and skillful physician, in a field which requires the best qualities of head and heart."

The late Prof. J. B. Jewell, M. D., editor of the Journal of Nervous and Mental Diseases, a Chicago, wrote, "By all means publish your surprising results."

Hundreds of "Incurable Cases" cured. Mrs. Frank Smith, of Chicago, was cured of heart disease, after five leading physicians had given her up. Hon. C. M. Buck, Senator, Fairbank, Minn., writes: "I had broken completely down. My head, heart, stomach and nerves had trouble me greatly for years. I would never recover, but Dr. Miles' Special Treatment cured me after six eminent physicians of Chicago elsewhere had completely failed."

Mrs. J. Cunningham, of Pontiac, Ill., says: "Several years ago when I was sent to Dr. Miles for treatment, three physicians said I could only live two weeks. I could not walk six feet; now I do all my work. I refer you to my testimonials from Bishop Clerghem, Bankers, Farmers, and their wives will be sent free. These include many who have been cured after from 5 to 30 physicians had pronounced them incurable."

For free treatment, address Dr. Franklin Miles, 203 to 205 State Street, Chicago, Ill. Mention Oregon City Courier in your reply.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and it is entirely of the middle ear surfaces. We will give One Hundred Dollars for an case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
