

The Dinner Pail

Of the American working man is generally well filled. In some cases it is too well filled. It contains too many kinds of food, and very often the food is of the wrong kind—hard to digest and containing little nutrition. As a consequence many a working man develops some form of stomach trouble which interferes with his health and reduces his working capacity.

Where there is indigestion or any other indication of disease of the stomach and its allied organs of digestion and nutrition, the use of Dr. Pierce's Golden Medical Discovery will almost invariably produce a perfect and permanent cure.

Mr. Thomas A. Smith of Sublimity, O., writes: "I was taken with severe headache, dizziness, and in the stomach, and my food would not digest, then kidney and liver trouble and my back got weak so I could scarcely get around. At last I had all the complaints at once, the more I doctored the worse I got until six years passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had given up to die, thinking that I could not be cured. Then one of my neighbors said, 'Take my advice and take Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me so I thought I would get another, and after I had taken eight bottles, in about six weeks, I was weighed, and found I had gained twenty-seven (27) pounds. I am as stout and healthy today, I think, as I ever was."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
