

SCOTT'S Emulsion

of Cod Liver Oil is the means of life, and enjoyment of life to thousands: men women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food.

But what is the use of food, when you hate it, and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

FRESH MEATS

The City Meat Market at Canby, Oregon,

Pays the highest price for all kinds of cattle. The best of fresh meats are handled at most reasonable prices. I have been in business in Canby a number of years, and have tried to treat everybody right. I solicit your patronage for the future and intend to deserve it.

J. J. Schmitt, Canby, Oregon

LIBERALS.

Farmers are crowding their seeding and the ground is getting too dry to plow good.

More grain will be sown this fall than usual. A great deal of cheat is being sown.

Levi Stehman is finishing his underground ditch. Another good thing for his farm.

Pete Sager has rented the A. L. Reynolds farm, as Mr. Reynolds and family are going to California.

Mrs. L. Skeels and family, of New York, are visiting Mr. and Mrs. Hannagan for a few days.

Wm. Morey and wife, of Portland, were out on a visit Sunday, and also looking over their farm.

Several fine farms are about to change hands.

A large number of emigrants are arriving and hunting farms. They will be accommodated if they have the coin.

James Nelson and wife were visiting friends and business combined on Sunday.

Deck Skein is building a new house and W. H. Husbands, the carpenter, is rushing the work as fast as possible this good weather.

Mrs. Larson and daughter, of Molalla, were pleasant callers on J. Udell and wife Sunday.

Say! We had a new barber in town last week, but alas, where art thou gone?

Well, the mayor succeeded in getting a school marm, if he did go to Yamhill county after her. Wake up, as school starts next Monday with Miss Cora Ross as teacher.

Don't forget to turn out Saturday and help repair the school house.

It's amusing to see some of the young men try to sow grain by hand. Their faces would make good horse fiddles, and their tongues lying out on their necks and the sweat, oh, my!

All the saw mills are crowded with orders for lumber. The farmers are using lots of lumber, but where will the timber be in a few years to make lumber from?

Mrs. Ferrin, who was so unfortunate to break her ankle a few weeks ago, is slowly improving and fear of it being a running sore when healed.

SYLVIA.

Gained Forty Pounds in Thirty Days

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have good trade on the Tablets.—Holly Bros., Merchants, Long Branch, Mo. For sale by G. A. Harding.

"MOUNT PLEASANT."

Miss Edith Buckner of Oregon City is visiting relatives in this place.

Mr. Wesley Summer of this burg is about ready to start to Eastern Oregon, where he intends to make his future home.

The Mt Pleasant school is progressing nicely under the care of Miss Roma Stalford.

Mrs. Burress was visiting Mrs. Buckner last Friday.

Mr. and Mrs. Buckner and family were visiting at Timber Grove Saturday and Sunday.

Mr. Mead and family has moved on the Josie and Schrubbe place.

We have had very pleasant weather for the last few days.

Mushroom season is almost over with. Somebody was seen picking mushrooms in the Partow's pasture almost all the time during the season.

B. C. Palmer called on Miss Warnick last Sunday.

Miss Lily Corbett called on Nellie Buckner last Sunday.

"FROG POND."

Spud digging is nearly completed in this neighborhood. The average per acre is from 40 to 80 sacks.

Last Tuesday while Mr. Frohosa was unloading grain at Schrader's chopper, his team became frightened and ran away. After running half a mile one of the horses dropped dead, the wagon turned over, and the other horse stood still as though nothing had happened.

After a two days search for a good draft horse, J. A. Turner arrived home with the best horse in Clackamas county which he purchased at Beaver Creek. He reports that good big horses are scarce and when you find them it takes a young fortune to buy them.

Mrs. L. Toedemier, who has undergone an operation for a tumor at a Portland hospital is expected home sometime next week.

A young union grower of the vicinity of Woodburn, and a young lassie of this place are expected to leave for an Eastern trip through the Southern states, next week. Boys, be ready when they return.

CHUNKY FELLOW.

HUMANE SOCIETY.

Officers Elected For Another Year.

At a meeting of the Humane society of Oregon City on Monday night the following officers were elected for the next year. Miss Anita McCarver, president; G. A. Harding, secretary; Mrs. E. G. Cauffield, treasurer. Directors: Miss Anita McCarver, Mrs. E. G. Cauffield, George A. Harding. The report of the society for the past year shows that it has been a very promising year. The society hopes next year by hard labor and good management to be able to erect another fountain on Seventh street in Oregon City. They propose to locate the fountain at the top of the Seventh street hill and make a large drinking fountain for stock and also a drinking fountain for the citizens who happen to pass that way. The Oregon City Humane society is one of the most useful institutions in Oregon City.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by G. A. Harding.

Takes the burn out; heals the wound; cures the flu. Dr. Thomas' Electric Oil, the household remedy.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from Throat and Lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and Geo. A. Harding guarantees satisfaction or refund price. Trial bottle free, Reg. sizes, 50c and \$1.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GREAT SHUT DOWN.

15,000 Men Thrown Out of Employment.

Butte, Mont., Oct. 28.—By the general shutdown of the Amalgamated Copper company properties last night from 13,000 to 15,000 men are directly thrown out and others will be indirectly affected within a week, so that the grand total will reach 20,000 men in Montana and Wyoming.

The Great Northern will lay off a large portion of its freight crews, heretofore hauling ore from Butte to the Boston & Montana smelter at Great Falls. The Butte, Anaconda & Pacific Railway will lay off all freight crews between Butte and Anaconda. In addition to these numerous other enterprises, large and small, which rely upon the Amalgamated as their chief customer, will be obliged to curtail. In Montana alone approximately \$1,000,000 a week or \$4,000,000 a month is off the payroll of the state.

Butte streets are filled today with the 7,000 miners thrown out last night. The city resembles a town in grip of mob. Boarding-house-keepers, storekeepers, etc., whom the miners owe, besiege the justice courts, seeking garnishment orders. The constables cannot serve the papers fast enough, the justice clerks are working overtime filling them out. The blow is the greatest Butte as a city and Montana as a state has ever sustained, and as expected the shut down is to last ten months or more, the state will be years in recovering from the depression.

Of the 10,000 miners working in Butte the Amalgamated employed 7,000. The majority of these men have been at work only a few weeks, after the shutdown which lasted all summer. All are in debt. President Scallion, of the Amalgamated Copper company, is expected to make a statement to the Associated Press this afternoon. So far there has been no violence.

The actual number directly thrown out of employment in Butte is 6,500. These include the men in the Boston & Montana mines, the Anaconda mines, the Syndicate group, the Butte and Boston mines, the Parrot group, the Colorado mines, the Colorado smelter, the Washoe group, the switching crews, and other employees of the Butte, Anaconda & Pacific Railway, who have to do with shipping ore from the Hill mines to Anaconda and Great Falls.

At Anaconda the Amalgamated employees at the new Washoe smelters, at the lime kilns, at the silica quarries, at the brickyard, and at the foundry, are thrown out.

The closing of the Boston & Montana smelter at Great Falls will leave many hundreds of men there out of employment. Then, too, there are the employees of the Blackfoot Milling company in the woods and in the saw mill at Bonner the same class of men working for the Anaconda Copper Mining Company's lumber department, which centers in its big mill at Hamilton, probably the coal miners at Stora, the coal miners at Belt—all these go out. The company operates extensive mines at Diamondville, Wyo. While these will not be entirely shut down, because they supply coal to the trade as well as to the company, the output will be limited materially.

The Pleasant Valley Coke Producers at Pleasant Valley, Utah, the lime and silica quarries in Jefferson county, the coal mines at Horr, the lime quarries at Malden Rock on the Oregon Short Line—these and a number of other industries in this and adjoining states are not owned by the Amalgamated, but they will all probably have to shut down as their chief customer is the Amalgamated.

The Butte, Anaconda & Pacific Railway will be able to dispense with practically all its freight crew because there will be no ore to transport to the Anaconda smelters. Ore shipment from Butte to Anaconda has aggregated about 5000 tons a day.

Of late years the eyes of the civilized world have been turned on Japan. Her complete victory in the war with China, her internal reforms, her eagerness to learn the best that other nations had to teach, her entrance into international importance with the Anglo-Japanese treaty, all have been subject of comment. Little has been printed in America however of the Japanese World's Fair at Osaka. To The Cosmopolitan for November Count Airokichi Mutau, First Secretary of the Japanese Embassy at Washington, contributes a well-illustrated article on this Exposition, important not only to Japan but also to the countries with whom she sustains international relations.
