Every Week a Winner in October. Average Profit Earned Weekly on \$50 in October, \$50.44.
Total Profits Earned on \$50 in October, \$201.75

YOUR MONEY WORKS WHILE YOU SLEEP

Our famous corps of track sharks are up at break of day, "clocking" the horses in their morning tryouts, and while you sleep they spot the winners that bring you steady income. Our method puts you on a level with the most successful plunders of the American turf. We operate for you for 25 per cent. of weekly earnings. We win only when you win. Results obtained really "beyond dreams of avarice."

Again we scored heavily for all our clients last month. Again we landed the money and landed it in chunks. Three years of organization, with the best facilities that money and brains can procure to make our service of picking and backing winners at the horse races the most accurate and profitable in the land, has had its natural sequence, and each week our showing demonstrates a good profit for every client.

How \$50 Netted \$201.75 in Less than a Month.

Here is a complete statement, showing the result of a \$10 play on each horse given in our "Discretionary Series" during October. (Note: A capital to begin with of \$50 is required by us, as a matter of conservatism, to make a \$10 play on each horse that is considered by us a good betting proposition.)

The above showing is no improvement over that of September, and is not remarkable, since we have excelled it time and again during the past three years of uninterrupted operations. Good as it is, however, we are confident we will make it "look sick" by comparison with the showing we are going to make at the meeting of 100 days which begins at New Orleans this month.

WE PICK THE WINNERS

The system we employ to locate winners is identical with that used by "Pittsburg Phil," John A. Drake, John Gates, W. Langdon, Joe Yeager, and other famous plunders who win hundreds of thousands on the turf every year, and it proves just as successful.

We gather our information of prospective winners through a force of expert horsemen who hold a watch on the horses in their early-morning trials, and in that way learn when they are ready to win.

The money that is played into the game by persistent losers, such as the large mass of uninformed players are bound to be, goes into the pockets of the big operators, of which the Maxim & Gay Co., representing a large clientele, stands at the head. The work of the Maxim & Gay Co., is to place the general public upon a level with the winning plunders, and our success in this accomplishment has made us famous on two continents.

We do business only on the great racetracks of the U. S. We number among our clients some of the best known sportsmen, financiers and merchants in the country. Investment on the turf is now deemed as legitimate as any other high-class form of speculation. The present high standard to which racing has been brought, and the absolutely good faith in which turf affairs are conducted under the auspices of the Jockey Club in the East, and the Western Jockey Club in the West, has inspired millions of capitalists and business men all over the country with as much confidence in racing as in the stock, grain and cotton markets, and this is one reason why transactions in the betting rings now rival in magnitude those of the stock, cotton and grain exchanges.

Another reason for the rapid growth of turf speculation in popular favor, is the rapidity with which all transactions are wound up. The speculator makes his investment at the racetrack in the afternoon through us and receives a notification by mail, in a letter guaranteed to bear a postmark earlier than the race is run, of just what horses are to be backed for his account. By the next mail he is informed of the result of the day's operations, and he learns quickly just where he stands. At the end of each week he receives a complete statement of the account with the money order for his profits, less 25 per cent, which we deduct as our fee.

This gives a wholesome tone to legitimate turf speculation which cannot be found in the more or less involved transactions of the big exchanges, and this is why turfmen live more comfortably and live longer than do men whose involved transactions are on their minds, day and night, for weeks and sometimes months at a stretch.

Our Clients Won a Million Dollars.

As it is well known that our clients have collectively won as much as a million dollars at a single race meeting, it is sometimes asked: "Why do not Maxim and Gay simply sit down and back their own selections instead of running a considerable clerical force and spending large sums in advertising in newspapers throughout the country?"

The answer is simple enough if one stops to consider the situation. Maxim & Gay, by dint of ability, energy, organization, capital and advertising, have secured an enormous clientele, which means the command of immense capital. If we can pick winners for this immense number of investors, our profits are larger than if we played our own money only, for on a basis of 25 per cent. of winnings, which we charge for information and commission, one man out of every four of our customers is practically betting for us. The proof that this plan works for the benefit of the public as well as that they win three weeks out of four and our books show that no customer who stuck to us for two months ever failed to get well ahead of the game, while not a few of those who now own winning stables of fine horses and who are cutting an important figure on the turf, began the game with mere novices, playing our selections through us.

The principle upon which we operate is such that we must of necessity do the best we can for you. Our income, as pointed out, is derived solely from a percentage of the winnings of our clients, and if we cannot make you win, our entire income is cut off. That we have been successful in making our clients win, is amply proven by the fact that we have prospered for upward of three years, while imitators, pursuing more economical and lose business like methods have gone under by the score. Noting the success that was being achieved by Maxim & Gay, scores of "get-rich-quick" operators tried to break into the field successfully occupied by the older and more responsible firm, but it did not take the Press and public long to discriminate between the legitimate and the illegitimate, and as a result we have continued to flourish uninterrupted, while in the ranks of our rivals there have been scores of enterprises initiated, only to end in failure.

A Few of Hundreds of Recent Endorsements of the Press.

CINCINNATI COMMERCIAL-TRIBUNE, March 1, 1903.

Maxim & Gay, who have been so successful in selecting winners at the New Orleans races, are in a class by themselves and have no relation in their system of operation to the "get-rich-quick" schemes that have recently come to pieces disastrously to those who patronized them. Maxim & Gay do not guarantee their clients profits nor against losses, but merely play the money of their subscribers and deduct a fixed percentage from winnings for placing the commissions. This point is made clear in all their announcements. What they guarantee to do is to confidentially handle all money forwarded them and place it on the races just as if it were their own. They have in their employ as "clockers" the most expert judges of track work in the country, and there is no horse at the New Orleans meeting that they have not a record of. The information collected in this way is used to the benefit of their subscribers, and its reliable character is attested by the numerous winners they have picked in the past two weeks.

Maxim & Gay are the pioneers in the line of investment or speculation; they have been established three years; they conduct their business on straight forward business lines; their methods have been thoroughly investigated and are entirely different from those patronized by the "get-rich-quick" schemes, so-called, which were but recently closed by the authorities. The transactions of Maxim & Gay are legal in every sense, and they do exactly what they advertise to do, that is, play money of their subscribers on the horses they judge will win, and they usually win. Prompt and proper accounting is made of the result, but they guarantee no fixed profits, though those who have continuously patronized them have not been losers.

ST. PAUL DISPATCH, February 28, 1903.

An investigation of the methods of the Maxim & Gay Co. shows them to be deducting their business on straightforward business lines. They have been established nearly three years. They do not guaran-

JOIN OUR WINNING ARMY

The greatest race meeting in the history of the South begins at New Orleans within a fortnight. In magnitude it will eclipse all other turf gatherings of the past. The Crescent City Jockey Club knows this to be a banner year and has prepared for it. So have we. If there are more horses at the New Orleans racetrack than ever gathered there before, we have more expert "clockers" and handicappers than we ever employed at any other meeting. They cannot make the game too big for us to handle. We move with the times.

If you want to get aboard our discretionary series, at New Orleans, in which we play daily those and only those horses we think will be big propositions, with the privilege of not playing any horses at all on days when we consider conditions unpromising, fill out the following blank and forward your remittance to us at New Orleans as soon as you can. Play will be begun on the first day of the meeting; if your money reaches us in time; otherwise, we will begin play the first day it reaches us after the meeting has begun. Money should be sent by bank draft, express money order, or currency in registered letter. Uncertified checks are not accepted.

PRIZE MONEY STOLEN.

Enterprise Office Relieved of Sum of Money Thursday of Last Week.

The enterprise office is minus a hundred or more dollars of prize money. Mr. Porter concluded recently to give prizes to his subscribers and filled a jar full of coin and greenbacks and advertised to give the coin to subscribers guessing the nearest to the amount. It is estimated that there was something like a hundred dollars in the jar. Thursday of last week Mr. Porter went to Portland, leaving J. W. Cochran, the city editor in charge. The money had been taken from the show window of Lamb & Sawyer where it was displayed during the day and locked up in the safe the previous night for safe keeping. Porter opened the safe Thursday morning and instructed Cochran to place the money in the window at ten o'clock. This Cochran forgot to do so. About noon Cochran went out and was gone some time. When he returned the safe was standing open and the money was gone. A tramp printer who had been in the office that morning seeking work, was suspected and placed under arrest. The printer had several dollars in change on his person when apprehended but there was no evidence to show that he had stolen the money so he was released. The office was unoccupied for more than an hour and it might have been entered by any one and the money stolen.

SO DECEPTIVE

Many Oregon City People Fail to Realize the Seriousness.

Backache is so deceptive, it comes and goes—keeps you guessing. Learn the cause—then cure it. Nine times out of ten it comes from the kidneys. That's why Doan's Kidney Pills cure it.

Cure every kidney ail from backache to diabetes.

Here's a case to prove it: Mrs. D. Murphy, widow, who lives at 395 Iron St. Portland, says: "Years ago, I began living in Kansas I was greatly troubled with kidney complaint. At that time, I was, I might say, perfectly helpless for months, but in time it wore away as mysteriously as it came. It did not bother me again until last fall when there was every symptom of its return, and knowing what I had suffered formerly I began to look around for something to check it, and on looking over the paper I noticed Doan's Kidney Pills highly recommended so I procured them and took them as directed. It only required a few days' treatment to ward off the attack. Since then I have recommended Doan's Kidney Pills to a number of my friends."

Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report.
