

Consumption.

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture in the wrapper of every bottle of Emulsion you buy.

MULLINO.

Charles Hendershot and Edgar May, of Meadowbrook, spent Sunday in Mullino.

Oland Howard, of Oregon City, visited his parents here a couple of days last week.

C. E. Bowman returned to Mackeburg Monday, where he is engaged in the carpenter business.

Mrs. Cora McMahan Hardesty went to Portland Wednesday to visit friends and relatives a few days.

Rev. Thomas Wiles, of Liberal, filled his regular appointment here last Sunday.

Mrs. J. A. Davis returned home last Friday from Eagle Creek, where she has been spending several days visiting friends.

Albert Erickson and Bayne Howard left last Saturday for the mountains, where they expect to hunt for an indefinite time.

Mrs. C. T. Howard spent a few days in Portland last week attending the grange convention.

Our clever miller, U. G. Hardesty, was in Union Mills last Sunday visiting a brother miller, Mr. Stone.

Ex-Mailcarrier Van Oliver is now engaged in hauling flour to Oregon City for C. T. Howard.

The next epistle will be written by **TWIN SISTERS.**

A Runaway Bicycle.

Terminated with an ugly cut on the leg of J. B. Oraer, Franklin Grove, Ill. It developed a stubborn ulcer yielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions, and Piles. 25c. at Geo. A. Harding's drug store.

LEGAL ADVERTISEMENTS

NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that I have filed my final report in the matter of the estate of Charles Beckie, deceased, in the county court of the state of Oregon, for the county of Clackamas, and the court has set Monday, the 23rd day of November, 1903, at the hour of 10 o'clock a. m., as a day and time for the hearing of objections to such report, and for the settlement of said estate.

Dated October 25, 1903.

H. E. CROSS,
Executor of the Estate of Charles Beckie.

NOTICE TO CREDITORS.

Notice is hereby given that I have this day been appointed as the Executor of the will of Bridget Knowles, deceased, and that all persons having claims against said deceased, must present them to me with proper vouchers within six months from the date of this notice, at the law office of C. D. & D. C. Latourrette, in Oregon City, Oregon.

THOMAS KNOWLES,
Executor of the will of Bridget Knowles.

First publication October 22nd.
Last publication November 17th.

SUMMONS.

In the Circuit Court of the State of Oregon for the county of Clackamas.

Chas. K. Dye plaintiff vs Gertrude Dye defendant.

To Gertrude Dye, the above named defendant: In the name of the State of Oregon, you are hereby required to appear, and answer the complaint filed against you, in said court, at the above entitled suit, on or before the 13th day of December A. D. 1903, and if you fail to do so, the plaintiff will apply to the Court for relief demanded in his complaint. Bled herein, to-wit: For a decree against you dissolving the bonds of matrimony now existing between you and said plaintiff, and for such other and further relief, as may be equitable.

This summons is published by order of the County Judge, of Clackamas county, state of Oregon, duly made on the 27th day of Oct. A. D. 1903, directing that said summons, be published once a week, for six successive weeks, and consecutive weeks in a newspaper of general circulation, published in said County, and State, the first publication of this notice, being in the issue of Dec. 11th 1903, and the last in the issue of Dec. 11th 1903.

C. H. DYE,
Attorney for Plaintiff

HIGHLAND.

As the Courier has published nothing from this precinct for some time, I will first send in a few items of interest, so that the enterprise cannot expand so much "hot air" in telling that there are not enough Democrats in Highland to send in the local news.

Those "Wind Bogs," on "Red Neck Butte" with all the assistance they can get from a "one kandle power" to help them, have not been able to send the Enterprise any news that was in the interest or any relation to things and persons as they really are out in this section. To prove that, I simply need to state that there are as many Democrats as there are followers of the man on horseback, and for moral and physical courage, take them, man for man, you can make those "hot air" Republican s take to the woods, in hot haste. Everybody recalls how Pete Davidson, made a local justice of the Peace disappear in a cloud of dust, with his heels toward Pete and how "Orlando" made the "almighty Red Neck" fly around the wagon about 80 times at the old sawmill, and who does not remember, how a lady, a young one at that, made an "eel" crawl like a snake, up the hog's back, one horse cart and all. Talk about courage. Why the only person "the bulk of the Republicans" ever licked, was his mother. Yes, and G. R. made Eddie drive around by the store in order to get to the school house to wait for his carting, "Light frost" for clerk, and how there was an extra large washing in "Red Neck's" home whenever he happened to meet old Sam or Charley. Oh! they are a brainy set, but when it comes to back tapping, there is a calling peculiar to themselves—and they have no rivals. Of course the laborer is worthy of his hire, and the "snake factory" has been doing a fine office business and if the "son-in-law," could be induced to take stock, for about 20 head of cattle and 80 acres of land, that peculiar business would be in good financial standing and without a rival. Now the people on the Columbia slough may be entirely indifferent to what the Highlanders are doing—but I am going to tell about it any way.

Joe Wallace has finished his "Scranton course" and is now the best engineer that ever pulled a throttle.

Orland has just returned from the Rogue River country and intends to move down there as soon as he can get rid of his farm.

Eli was in town last Wednesday to consult Judge Hayes about getting a divorce from Grace.

It has been stated that Sam Dunley and Amanda Fellows will be married about December 15th.

Jack Wallace and Mattie Kandle will also get married about New Years, if Jack's health will permit. He has not been well since he went out of the mill business.

Elias Fellows is all smiles, because he is a dady. The new arrival is a girl and came last Saturday. Mrs. Jewel was down from The Dalles in attendance.

It is evidence that all sneak thieves are not in Oregon City. Some scoundrel broke into Joe Fellows' house last Sunday, while he and his family were over to Rev. Dunlap's prayer meeting, and stole a apple box full of red handkerchiefs. Joe had just been to town and laid in his winter supply.

Old man Kirk has just been baptized into the Mormon church, he says he knows that Brigham was a prophet. He has just brought suit against Lou Rath, for the value of bunch of wild hogs, that got into Rath's potato patch and ate too much. They were a special breed of Razor backs and will be a heavy loss to Mrs. Rath if he has to pay full value for them.

Arthur Dunlaps and Mrs. Krohn have just left for Vancouver, Washington, where they will be married and make it their future home. Mr. Dunlap has secured a first-class position from the government at the barracks, teaching the boys in blue, vocal and instrumental music.

T. Kirk has just bought another steer from Lan Fellows. That's right, nothing like keeping the money in the family.

It is to be hoped the Enterprise correspondence will take note of this and hereafter confine himself to facts and not to things that are imaginary.

SIR LAUNCELOT

SHUBEL.

E. W. Hornshub left Monday for Eastern Oregon to help his brother, Will, put up buildings on his claim and kill jack rabbits for pastime.

The sawmills have shut down for the winter, not having any orders to fill, and having plenty of lumber on hand to fill the local demand.

Luke Duffy and H. Staben went to Silverton on horseback one day last week. It rained when they left Silverton and was still raining when they returned home. Did they get wet? Well just ask the boys.

Bert Cummins is thinking of going to Eastern Oregon and look for a claim of some kind.

E. A. Cummins is thinking of buying Mr. Glover's interest in Cummins & Co.'s sawmill.

There will be a wedding in the near future, as it is reported that Mr. F. E. Mueller has already procured the license. Well the boys have the bells and old cans ready.

Miss Eva Moehne was here visiting the folks a few days last week.

School Superintendent Zinsler visited our school one day last week.

Government of Water Falls.

Twenty-five years ago there was some speculation among geologists as to the rate at which the Niagara Falls were moving. The distance from Lewiston, where it was when the Great Lakes began to flow out through the St. Lawrence, is about seven and a half miles. Some writer said the movement was about one foot a year; others that it was nearer three feet a century. Recent surveys, however, have fixed it at about five feet a year—this showing that only about eight thousand years have passed, since this mighty cataract was formed. It has all been done by the erosive power of the little drop of water. The falls of St. Anthony in Minnesota are another illustration, for they are moving backward at about the same rate. That the Willamette Falls are also moving back, of that there can be no doubt.

NEW ERA.

Wm. and Charles Rider and Aug Staehly have purchased George Kowler's threshing outfit.

Mrs. Newbury visited Mrs. Emery Noble, of Oregon City, last Friday.

Born, to the wife of W. Brewer, a son, last week. Mother and son are doing well.

Frank Briggs returned Sunday from the Sound [group], Wash., where he had been working for the Northern Pacific Railroad.

Charles and Mark Slyter spent Saturday and Sunday with friends in New Era.

Antone Shefichek, of Portland, visited his fathers and brothers here Sunday.

The Grange entertainment and dance last Saturday night was a success both socially and financially.

George Kelland, of Mount Pleasant, deserves credit as a ventriloquist. Mr. Kelland with a little training has a fair show to make his mark in the world and no doubt he will be famous as a ventriloquist in a very short time if he will only put his attention to it.

Mr. Koelmeier, of Stafford, visited Mr. Bremer Sunday.

Lonie Burkhart, of Portland, but formerly of this place, was in the city last Sunday visiting friends.

Jonah Penman, of Portland, visited his parents here Sunday.

George Randall, Jr., left Sunday for Salem to attend the University.

Miss Hattie Splak went to Salem Sunday to visit friends.

Wm. Shannon, of Beaver Creek, visited friends here over Sunday.

Mr. Sager, of Oregon City, visited his daughter, Mrs. Anthony and family Sunday. Miss Mabel accompanied her grand father home.

New Critzer moved into the Norton house Tuesday.

LOGAN.

One of Fred Gerber's horses fell on the tongue of the hack and broke it, while the family was returning from the Grange meeting last Saturday. The horse became excited and they came near having a serious mishap.

Some one that does not know the difference between harmless fun and lawless mischief, cut the lacing on all the belts of Storm's sawmill on Halloween night.

At the Grange in discussing the question, "What is the Most Profitable Crop to Raise in This Vicinity." One man said that babies pay better than anything else, as he has quite a crop. He is evidently a sincere Roosevelt man.

There will be a basket social followed by a dance at the Grange hall at the Grange hall on the evening of November 25th. Come at 7 boys and girls with baskets galore. Bring some current coin of the realm if you want your best girl's basket.

Considerable building and improving is going on in Logan. First comes the improvement of the Grange building on which over \$700, was expended to save nothing of a dial of volunteer labor. Logan is very proud of the new hall.

Fred Moser's new house has the roof on and Fred Moser Jr. is getting well along with his work.

The frame of Henry Baber's new house is up as is also the extensive addition to Fred Gerber's house.

A. J. Johnston is painting his fine barn.

H. S. Anderson is putting in a saw mill near Stone which will give Logan men a chance for lumber on a good road.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pain in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64-Thirty-seventh St., Wheeling, W. Va. For sale by G. A. Harding.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the greatest medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Toslatin Grange No. 111, will give a grand ball in their hall, at this place on Thanksgiving evening. A committee has been appointed for making the arrangements. Read next issue for particulars.

The happy culmination of a long engagement, marked by the constant devotion of both parties occurred here at high noon on Wednesday, at the residence of the bride's parents, Mr. and Mrs. Fred Ellis. When their eldest daughter, Lena, a beautiful and accomplished young lady and Mr. Charles N. Seely, a prominent and successful farmer of Woodburn, were united the holy bonds of matrimony. Rev. J. N. Barber, of the Hood View Congregational church officiating. The bride was dressed in spotless white silk with appropriate trimmings, and carried a beautiful bouquet of chrysanthemums in her hand, which at the proper time was taken up by the bridesmaid, Miss Mabel Seely. About fifty guests were present, all of whom, except a few intimate friends were related to the contracting parties. After the impressive words were pronounced which made them husband and wife, the happy couple were congratulated by the guests present, after which all gathered around the family table which fairly groaned beneath the weight of a bountiful feast, to which all the guests did ample justice. Mr. Henry Elligen was best man. The presents were numerous and costly. In the evening the happy day was terminated with a social dance at Larson's hall, to which their many friends gathered and tripped the light fantastic in honor of the happy couple.

Paper Mills Running.

There is no further danger of any of the mills in Oregon City being shut down this year on account of the low stage of the water in the Willamette river. During the last week one of the most severe rain storms which has visited this part of the world in recent years has swept over the valley. All day last Thursday, Friday and Saturday a water came down in long blinding and winding sheets. The rainfall has been approximated five inches during the week. As a consequence the Willamette river has risen rapidly and while it is now at a standstill it is bank full and running like a mill race. All of the smaller streams such as the Mouilla, Clackamas, Butte Creek, Pudding river, Tualatin, Milk Creek, Bull Run and Sandy are running out bank full at this time. The rain has filled the earth with water and it looks like the autumnal or winter rainy season has begun.

Special Session of the Council.

There was a special session of the city council Friday night to take up minor matters. At the session a resolution was introduced by Dr. Powell and unanimously adopted, asking the governor to call a special session of the legislature. The resolutions read as follows: Whereas, The supreme court of the state of Oregon has rendered a decision holding the tax law, known as the Phelps law, makes no provision for a tax levy to September 1, 1904. Whereas, The indebtedness of Oregon City would be greatly increased by the failure to make the tax levy at the usual time. Whereas, It is necessary that the state legislature of the state of Oregon should be convened in extra session to remedy the defect in said law. Resolved, That the council of Oregon City hereby petition the governor to convene the legislature in extra session, that the said law may be amended.

Best Liniment on Earth.

L. M. Hart, Greenville, Tex., writes, Nov. 2, 1903: "I had rheumatism last winter, was down bed six weeks, tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Rheumatism. For rheumatism, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1 at Charman & Co."
