### THE GRANGE

Conducted by J. W. DARROW, Press Correspondent New York State Grange

MRS. S. N. JUDD.

A Prominent Grange Worker of New York State.

Mrs. S. N. Judd, past lecturer of the New York state grange, was born in the town of Stockbridge, Vt., on a farm upon the banks of the White river. Her earliest recollections are of an invalid father and a devoted mother. After the father's death the mother, young, ambitious, of more than ordinary ability, determined to give her son and daughter the benefits of a higher education, although possessed of limited means.

The subject of this sketch commenced teaching at an early age, being fifteen years of age in March and beginning her first school in the following May. Afterward she was fitted for college in Burr and Burton seminary of Manchester, Vt., and entered the sophomore class in St. Lawrence university, Canton, N. Y., in 1869, graduating with honors in 1871. Immediately afterward she accepted a position as French and German teacher in Goddard seminary, Barre, Vt. In 1873 she became the principal of White seminary, the female seminary of Clinton Liberal Institute, Clinton, Oneida county, N. Y., and finally married her classmate, Sylvester N. Judd, and has since resided on the family homestead near Canton, N. Y.

In April, 1888, she joined Silas Wright grange, No. 427, and was almost immediately elected lecturer, holding that office until she refused to serve longer. She was elected lecturer of St. Lawrence county council in 1891 and re-elected in 1891-92. She was elected Ceres of New York state grange in 1892-93, county deputy of St. Lawrence in 1893-94, master of Coventry council in 1894, state lecturer in 1894, lady assistant steward of the New York state grange in 1898 and lecturer of the state grange in 1900, being the first lady to hold that office.

In every office, of high or low degree, it has been her pride to fill that office acceptably, to put into it her best thought and most earnest effort.

As Others See Him and as Seen by Himself. J. T. Allman, secretary of the Pennsylvania state grange, remarks that recently at a grange picnic a gentleman, not a farmer, extolled the farmer to the skies. As he saw it, the farmer is the most independent man in the land. He can scarcely know a want that he cannot himself supply. His wife enjoys a paradise, and his children are the healthiest, happiest and most contented to be found anywhere. There is nothing of which he can justly complain.

Soon after a farmer who owns two good farms and a house in town was heard to say: "The farmer is not respected by anybody. He gets no public recognition. When he goes among other people he is sneered at as only a farmer. He is discriminated against by legislators and business men. He pays the bulk of the taxes, and others fix his prices for him. A \$200 check will be required to pay my taxes this year. I am tired of it. My properties are in the market."

There is some truth in what the first man said, too much truth in the statement of the second. The mission of the grange is to realize for the farm as far as possible the dreams of the first and to correct the evils complained of by the second.

A Maine Method. Sabbath Day Lake grange at New Gloucester, Me., was dedicated recently by State Master Gardner. To accomplish the ownership of a new hall a company was incorporated and stock sold at \$10 per share to defray the expense. This was disposed of mostly among the members of the grange. In this there is a suggestion to other granges having a new building in contemplation. The hall is 33 by 60 feet on the outside and cost \$2,000. It is a neat and well arranged structure, with dining hall and kitchen below, while the upper story contains the main hall and ante-rooms. There is a fourteen foot stage, with all the conveniences necessary for theatrical and other performances.

A Good Record. There are these four stars in the grange diadem, the correction of railway traffic abuses, the secretary of agriculture as a member of the president's cabinet, the pure food laws and the delivery of rural mail, a quartet of achievements that are the result of years of hard, earnest, persistent work, years in which self was not considered, ease was not consulted and failure was not thought of by the men in whom the grange reposed a trust that was never betrayed. It is an honor to know these men. It is a pleasure to enjoy the results of their labor.—T. D. Atkins.

Mrs. Mattie Wilson, worthy Ceres of the national grange, has the honor of organizing the first Illinois juvenile grange and has named it Edgewood grange. It is in the bounds of Magnolia grange, Putnam county, and had nine teen charter members.

Nothing Doing in Salt. The salt market remains unchanged as far as quotations are concerned, but both sides are studying the opposition's strong and weak points.

Craneberries are advanced. A car of frozen cranberries arrived in New Jersey this morning, but was unfit for use and was rejected by the commission men who it was consigned. This caused a scarcity in the supplies and the price went up to \$11. Grapes are very few and what stocks are now in the market are bringing higher figures.

Applies find a ready sale, but of the entire receipts the poorer grades find the most welcome call. This is on account of the much cheaper price. Some tomatoes are in from California and are quoted at \$1.25 a box. Celery is in large receipt with the price at 60 cents.

Poultry very weak. Poultry prices are very weak on account of the large receipts of turkeys during the last few days. Old hens are now quoted at 10-1-2 and 11 cents. Receipts of poultry other than turkeys are not over liberal, but the demand is not active.

Good hog demand. There is a good demand for all grades of hogs, but the smaller sizes find most ready sale. Best demand is not active but prices are unchanged. Small veal continues to find a sale equal to the demand at current prices. Mutton demand small.

Potatoes go higher. The top price for potatoes in the country is now at 75 cents, but this figure is only given for the fancy grades. The demand from San Francisco is still large. Local potato prices are unchanged.

Hops - taken again. The hop market is weaker again, with very few sales of any grade reported. The top of the market is now at 20 cents but it takes extra fancy hops to bring this figure.

Onion price is advanced. The onion price is advanced on account of the smaller receipts and the better demand for shipping. Dealers are paying all the way from \$1 to \$1.10 a hundred for the better grades, and in some instances as high as \$1.25 is being paid for future delivery.

Portland Wholesale Prices. Grain, flour and feed. Wheat—Export quotation—New—Walla Walla, 73c; bluestem 77c; valley 78c.

### PORTLAND MARKET.

Portland Ore. Nov. 25.—The principal events in the local markets today were: sugar declined 10 cents. Urkava dropped several cents. Cranberries advanced with scarcity. Poultry very weak. Potatoes go higher. Onion demand caused advance. Hops weaker again. Changes in beans.

ALL SUGAR IS DOWN. A weakening market in the East for several weeks has caused a decline of 10 cents a hundred in the former quotations on all grades of sugar, beet and cane. The present ruling prices are, sack basis: Cube \$5.80; powdered, \$5.75 dry granulated, \$2.65; best granulated, \$5.45; extra C, \$5.05. The usual advances for less than sacks. The regular discount prevails.

CRANBERRIES ARE ADVANCED. A car of frozen cranberries arrived in New Jersey this morning, but was unfit for use and was rejected by the commission men who it was consigned. This caused a scarcity in the supplies and the price went up to \$11. Grapes are very few and what stocks are now in the market are bringing higher figures.

APPLIES FIND A READY SALE, BUT OF THE ENTIRE RECEIPTS THE POORER GRADES FIND THE MOST WELCOME CALL. THIS IS ON ACCOUNT OF THE MUCH CHEAPER PRICE. SOME TOMATOES ARE IN FROM CALIFORNIA AND ARE QUOTED AT \$1.25 A BOX. CELERY IS IN LARGE RECEIPT WITH THE PRICE AT 60 CENTS.

POULTRY VERY WEAK. Poultry prices are very weak on account of the large receipts of turkeys during the last few days. Old hens are now quoted at 10-1-2 and 11 cents. Receipts of poultry other than turkeys are not over liberal, but the demand is not active.

GOOD HOG DEMAND. There is a good demand for all grades of hogs, but the smaller sizes find most ready sale. Best demand is not active but prices are unchanged. Small veal continues to find a sale equal to the demand at current prices. Mutton demand small.

POTATOES GO HIGHER. The top price for potatoes in the country is now at 75 cents, but this figure is only given for the fancy grades. The demand from San Francisco is still large. Local potato prices are unchanged.

HOPS - TAKEN AGAIN. The hop market is weaker again, with very few sales of any grade reported. The top of the market is now at 20 cents but it takes extra fancy hops to bring this figure.

ONION PRICE IS ADVANCED. The onion price is advanced on account of the smaller receipts and the better demand for shipping. Dealers are paying all the way from \$1 to \$1.10 a hundred for the better grades, and in some instances as high as \$1.25 is being paid for future delivery.

### FEMALE WEAKNESS

542 1-2 Congress St. PORTLAND, OREGON, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know without a shadow of a doubt that I am a month or more with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

W. H. Williams, Treasurer, Portland Economic League

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.

### WINE OF GARDUI

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectation in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening coughing and debilitating night sweat. Restless night and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At Charman & Co.
