

Sick Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer.

Be sure that this picture in the form of a label on the wrapper of every bottle of Emulsion you buy.

Mills Cut Down Wages.

PROVIDENCE, R. I., Nov. 29.—The new wage schedule adopted by the cotton mills of the state, which reduces the wages of operatives 10 per cent, restoring the price list of two years ago, will go into effect tomorrow.

REDUCTION IS WIDESPREAD.

BOSTON, Nov. 30.—The wages of about 32,000 cotton textile operatives were reduced today. Today's addition brings the total number in New England whose pay has been cut this fall to about 64,000, and the cut that takes effect in New Bedford next Monday will swell the number to about 75,000 and complete a general reduction in Southern and New England cotton mills. The cut averages 10 per cent.

Today practically every cotton mill in Rhode Island, where there are about 2,400,000 spindles, adopted the schedule. In that state nearly 20,000 operators are affected, and the new order of things will mean a heavy loss of fully \$20,000 weekly in wages.

HARVESTER EMPLOYEES LET OUT.

CHICAGO, Nov. 29.—Following its announced policy of centralization, the International Harvester Company has decided to lay off 7500 of its 19,000 employees and thus effect a saving of \$7,000,000 a year. The first step in the direction of economy was taken last night, when 1500 employees of the Denver division were notified their services were no longer required.

The Messiah of Nations.

John Philip Sousa, one of America's most popular composers and James Whitcomb Riley, one of America's most popular poets, have given us a new national song. Riley wrote the words shortly after the death of President McKinley, and the great band leader soon after composed the music for it. Time is needed to make it one of the popular songs of the age. The song is entitled, "The Messiah of Nations," and the lines are as follows:

In the need that bows us thus,
America!
Shape a mighty song for us—
America!
Song to whelm a hundred years—
Roar of wars and rain of tears,
'Neath a world's triumphant cheers;
America! America!
Lift the trumpet to thy mouth,
America!
Call us round thy dazzling shrine
Of the stary old ensign—
Now baptized in blood of thine,
America! America!

Dyeing eyes through pitying mists,
America!
See the assassin's shackled wrists,
America!
Patient eyes that turn their sight
From all blackening crime and blight,
Still tow'rd heaven's holy light—
America! America!
High o'er looking sea and land,
America!
Trufully with outheld hand,
America!
Thou dost welcome all in quest
Of thy freedom, peace and rest—
Every exile is thy guest—
America! America!

Thine a universal love,
America!
Thine the cross and crowd thereof,
America!
Aid us, then to sing thy worth:
God hath builded from thy birth.
The first nation of the earth—
America! America!

PARK PLACE.

Old St. Nick is taking the attention of us all so completely that we scarcely think or talk of anything but the coming festivities.

Our Sunday school is busy preparing a Christmas cantata to be given in the auditorium of the school house.

A merry little company gathered at the home of Mrs. W. A. Holmes on the afternoon of Dec. 8 in honor of Miss Marie's sixth birthday. A merry time was enjoyed by all present, the time being spent in games and music followed by dainty refreshments. Miss Marie is a popular young lady and was well remembered by her little friends.

We are enjoying this lovely weather but a good many are suffering with severe colds in consequence.

Mrs. Press spent last Sunday with her son, Robert, of Portland.

Rev. Jones, of Portland, preached for us last Sunday evening, Rev. Start being unable to fill his usual appointment.

We understand a new meat market will be opened here soon. We hope so, as it would be a great convenience to the busy housewives of Parkplace and we certainly think it would do a flourishing business.

Mr. Lucas, brother and family are expected soon from the East.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
