French-Graves Wedding.

At 9 o'clock on New Year's Eve the home of Mrs. H. F. Watts in this city, was the scene of a quiet but pretty home wedding, when Miss Grace Graves a cousin of Mrs. Watts, was joined in wedlock to Richard W. French, Rev. F. Elmo Robinson officiating.

By request of the bride the wedding dinner was served on New Year's Day in honor of the 47th anniversary of her uncle, Mr. Quinn, at which time a number of guests were present.

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much over drawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening coughing and debilitating night sweat. Restless night and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly.

Cured Lumbago.

A. B. Cannon, Chicago, writes March 4 1903: "Having been troubled with Lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former sufferers." 25c, 50c and \$1. Charman & Co.

Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life vigor to the whole system. 50 cents a bottle at Charman & Co.

The Cause of Many

Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Birthday parties are the rage now. Last Friday night the invited friends of Misses Wilda Elliott and Tena Stone gathered in Thompson's hall to celebrate their birthdays. The Ozley boys furnished the music for the evening and everybody, both old and young, married and single, all enjoyed themselves most heartily. Many valuable presents were given the ladies. For generosity and good will the people of Needy are all right.

Maple Lane Explanation Note.

At the last grange meeting it was voted to hold a pie social on Saturday evening, Jan. 9th, and a committee was appointed to look after the matter. After the meeting it seems that a few took it into themselves to have a dance that evening at the hall without the authority from the Grange, or permission from the trustees of the hall. When the trustees heard of this, combined with conduct of some at the last dance held at the hall, they decided it would not be wise to permit dancing that evening. This was brought about solely by the conduct of the dancers, and there is no one else to blame.

The object of the Grange is educational. This cannot be carried out except by work with and by the young. We wish every respectable, intelligent young person to join us and we will endeavor to instruct, interest and amuse. All work and no play makes Jack a dull boy indeed, and all play and no work makes Jack a poor boy indeed.

The Grange is a trifle in debt on their hall, but they do not wish to raise it from the young people by turning Maple Lane Grange hall into a saloon or dance hall.

I heartily commend Mr. Beard in the stand he took as spokesman for the trustees, and think he should be supported by every well meaning person in the community who believes in good education and good government. I am very sorry that some were so thoughtless as to disgrace themselves by insulting Mr. Beard Saturday evening.
