

# THE OLDEST MAN IN AMERICA

## Tells How He Escaped the Terrors of Many Winters by Using Pe-ru-na.

Mr. Brock's Age is 114 Years.

ISAAC BROCK, BORN IN BUNCOMBE CO., N. C., MARCH 1, 1788. His age is 114 years, vouched for by authentic record. He says: "I attribute my extreme old age to the use of Pe-ru-na."

Born before the United States was formed. Saw 22 Presidents elected. Pe-ru-na has protected him from all sudden changes. Veteran of four wars. Shod a horse when 99 years old. Always conquered the grip with Pe-ru-na. Witness in a land suit at the age of 110 years. Believes Pe-ru-na the greatest remedy of the age for catarrhal diseases.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 114 years. For many years he resided at Besque Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas.

This centenarian is an ardent friend of Peru-na, having used it many years. In speaking of his good health and extreme old age, Mr. Brock says:

"After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have done so.

"One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 114 years I have withstood the changeable climate of the United States.

"I have always been a very healthy man, but of course subject to the little afflictions which are due to sudden changes in the climate and temperature. During my long life I have known a great many remedies for coughs, colds and diarrhoea.

"As for Dr. Hartman's remedy Peru-na, I have found it to be the best, if not the only, reliable remedy for these afflictions. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy.

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine.

"When epidemics of la grippe first began to make their appearance in this country I was a sufferer from this disease.

"I had several long sieges with the grip. At first I did not know that Peru-na was a remedy for this disease. When I heard that la grippe was epidemic catarrh, I tried Peru-na for la grippe and found it to be just the thing."

Yours truly, Isaac Brock.

For a free book on catarrh, address The Peru-na Medicine Co., Columbus, O. If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

## The Dog Made Feathers Fly

Dr. W. E. Carl had Some Experience He Was Not Looking For.

Dr. W. E. Carl one of Oregon City's most popular citizens loves to have every thing around and about him of the very best. He has a nice suit of rooms in the Barclay block upstairs where he lives and has his office. His rooms are handsomely furnished and he has a large, well selected and excellent library of the best of literature. Among other articles of furniture to minister to the wants of the physical man, he has two or three nice sofas, and on each sofa there is or rather there was, two or three nice sofa pillows, stuffed with the highest grade of feathers and covered with a silk slip.

The doctor is also the owner of a dog of small size and uncertain breeding. It is the doctor's custom when he leaves his office to make a call to leave the dog in charge, locked up in the palatial quarters of the bachelor doctor. He did this on last Monday, as had been his wont for a good many years. When he returned to the office a couple of hours later and opened the door he thought some good citizen had installed a feather rest actor in his office.

During his absence the dog had torn to pieces and chewed two of the silk sofa pillows and the feathers had taken wings and flown. They were scattered over "Den to Beshaba." Every nook and corner in the office was literally covered and filled with feathers. Feathers were in the air, feathers were everywhere. Since that date Dr. Carl has not been at home to his friends. He has been potting in his time cleaning out the feathers and locking the dog and just about dividing the thing equally between the two. He says if he has no outward hindrances he will likely get all of the feathers out of his office sometime next summer.

### Married.

At the home of Mr. and Mrs. Samuel Dillman at Dallas on Wednesday afternoon at 2:30 o'clock, Mr. William H. Lightowler and Miss Nora Dillman were united in marriage, the ceremony being performed by Rev. P. K. Hammond, and the beautiful and impressive ceremony of the Episcopal church being used. The marriage was in a sense a private one. Only the immediate relatives and a few friends being present. The groom is a fine young man and works in the Willamette Pulp & Paper Co.'s Mill, where he has a responsible position. The bride is a most excellent young lady and has a host of friends wherever she is known. The young couple left on Wednesday afternoon for a short wedding trip. When they return they will go to housekeeping on Seventh street.
