If you are sick you c. make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold

Viola is situated on Clear Creek, 12 miles east of Oregon City, and is a thriving little burg. W. Brown the proprietor of the general merchandise store has a good business.

The flour mill is conducted by E.Sears and son. They do a general milling business and also run a blacksmith shop.

The sawmill of Walker Bros., saws all kinds of lumber, plain and dressed, fir and cedar. Mouldings of all kinds a speciality. They have timber enough to run their mill 10 years. The mill is run by water power from Clear Creek.

Viola has a village school conducted by Miss Hamilton. An M. E. church is located here with a good membership.

Two miles west of Viola takes us to what was usually called the cutting neighborhood now Redland. At this point is located the Presbyterian church which has a good attendance and regular unday meetings. The Redland school house is a modern and up to-date building. School will commence about the first of March.

There is an abundance of good farm land here and the soil is as good as any in Oregon. Diversified farming is the rule here. James Follam informs me that he sold produce to the amount of \$1800 from his small farm in the year just ended. He had oats which thrash-ed 70 bushel to the acre. The Hughes Bros., had several acres, which went 65 bushel per acre. Wm Stone had some oats which measured 60 bushels per acre August Funk had 18 acres of wheat which averaged 36 bushels per acre. This soil cannot be exceled for raising potatoes or red clover. Here good land can be purchased at from \$10 to \$30 per acre, according to location and improvements. We have a good road to market, 10 miles to Oregon City and 20 miles to Portland. Our Road to Oregon City is 7 miles of plank and 3 miles of gravel built new in 1903, by the people with the aid of the Oregon City Board of Trade and County Cour This part of Clackamas county has vast tracts of fine fir and cedar timber that have not yet come into market, but are waiting for a railroad to make them a mine of wealth. Two miles farther west we come to W. H. Bonney's sawmill, where rough lumber \$6 per thousand. Mr. Bonney has a fanchise from the county to construct telephones lines. He inf rms me that he will place in operation a line from Oregon City to Redland and Viola, and branching at Redland, then to Logan and Stone. It will be a house to se service for farmers, at about onehalf the expense to its patrons, which perple in the city have to pay. With the best s il, the best timber, the best water and plenty of rain, no drought, a good wagon road, Rural Free Delivery service, and a bell telephone system this is a desirable locality for a home.

To Daniel Nikolson, defendant, In the name of the Slate of Oregon, you are here by required to appear, and answer the com-plaint filled against you in the above entitled court an tout, on or before the 27th day of February, 1964, and if you fail so to appear and answer the complaint, the blandiff, will apply to the Court for relief demand is the complaint, to-will: A degree of the said court dissolving the bonds of matrimous now existing botween the plaintiff and defendant and for such other and in the relief, as to the court shall seem equit able and meet.

This summons, is published by order of the Hon. Thomas A. MeBride Judge, of the said court dated January 12, 1994, which order directs the publication of this summons not loss than once a week for six more sive weeks. The date of the first publication of this summons is January 15; 1994.

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much ove drawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food diges-tion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening coughing and debilitating night sweat. Restless night and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer clime, you will find that of the thousands of consumptive there, the few who are benefited and regain strength are those who use German Syrup.
