BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition.

ROCHELLE, GA., Jan. 30, 1902. Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent. better.

It Saved His Leg.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days.

"It was almost a miracle. Bucklock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

LIBERAL.

This warm weather has started the grass and all kinds of winter sown grain. It seems as though it never would quit raining, but the frogs are happy—plenty of water.

Farming is at a standstill as it is too wet to plow or sow; but never mind brother farmers, spring will soon be here and then pay up for the long wet spell.

Farmers are busy between showers getting out telephone poles for the new line. Throw your shoulder to the wheel and let her go and then say amen.

The craze of shaving off the moustache has struck Liberal. Even our right honorable mayor surprised us all last Sunday by baring its upper lip of its protection, but perhaps it is for the best. He attracts a great deal of attention, even the school children stop to look and see if it really is our old friend.

Gladdidings.

Well, it has been raining six weeks almost continuously. Mud, rain and potatoes is what the farmers talk about; mud, rain and war is what the people who are not farmers talk about.

We are glad that potatoes are a good price now. This is a bad month on small lambs. It is too bad that the corpse at Marquam had no friends any where.

It were sad to think that Ira can't haul his potatoes off on that new road he had made. Stumps must be too high for him. Well, Clark, you don't have to go down stream after big game now, do you? You can get it across the creek now, can't you?

Say, Frank, how big did you say the alfalfa roots grow in Argentina? It does not make much difference to him how big the roots grow, for he is a good democrat, and democrats don't care how big roots grow; although democrats are the right kind of people.

Clarkes. Clarkes is thriving the same as usual. The entertainment and basket social given by the school was successfully conducted by the teacher, Miss Lillian Ganns. Had a good program, good crowd, good order, and all reported a splendid time.

To that place not a bit of spite Did they carry, who came that night; And while the moon and stars were bright, In came Spookie full of light. Mr. Will Miller had the misfortune to be kicked in the face by a horse. The result was the loss of two teeth and several cuts, two of which will leave scars.

Oh, that paper put up in a crash, Old Fisherman eat with one big rash; Then Spooks cut a first-class dash, While mer-tingo-round made a second class mash.

Several of our young folks attended the dance last week at Paradise City. Frank Oglesby, now of Silverton, is here calling on old friends for a few days.

The School Improvement Society gave a splendid entertainment followed by a basket social last Friday evening in Thompson's hall. It is without doubt one of the best if not the best entertainment given here. The income from the sale of the baskets was not what it should have been. We had 21 baskets and our receipts were \$21.35. Our promised auctioneer, Mr. Sampson, failed to put in an appearance and we were out of a seller. Julius Spagle finally acted as auctioneer and did very well for a beginner.

A marriage license was issued Monday to Nellie Bent and Sampson Walters.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When Home of Swamp-Root, writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.
