Dragging Pains

2225 Keeley St., CHICAGO, ILL., Oct., 2, 1902. I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

LOGAN.

The last meeting of Harding Grange was a very interesting one. Mrs. H. A. Anderson, the lecturer, had prepared a good program and most every one responded to the call. Mrs. Matilda Frakes gave an address on the subject of "Chickens and the peculiarities of different breeds." The discussion which followed seemed to develop the fact that success does not depend so much upon the breed as upon the fancy the owner has for them and the care bestowed. The farmer should devote himself to one breed and keep them pure. One man said that he had sold \$33 worth of eggs last year from a flock of 60, and others reported similar profits. H. E. Cross told how local effort can be directed toward securing good roads by stirring up and keeping stirred up a healthy public sentiment upon the subject. He recalled the time when the people of this vicinity met in the grange hall and in two hours' time subscribed over \$1600 toward road making. The amount was afterward increased to \$2500 and the county court gave a like amount. The people of Oregon City subscribed \$2500 and the result is our present good road to the county seat, all through public sentiment being aroused by enthusiastic discussion. Mr. Cross made a very modest allusion to his own services in the good cause, which the people of Logan highly appreciate. He spoke of the great business and social advantage of good roads and of the desirability of neat fences along the highway and the absence of unsightly rubbish and weeds.

B. A. Benson has let the contract to build a new house to J. E. Witzig of Park Place.

Several young grangers met at the home of the secretary, S. E. Gerber, last Sunday to practice singing.

When a democrat goes to the court house to pay his taxes, the consequent gloom of his features gives place to a loud smile while listening to the excuses for high taxes put forth by the officials. All of 'em are busy at it clear down to the janitor. One deputy says that the county court does not fix the tax levy, the state board of equalization does that. See, fellow tax payers, all the court has to do is to spend the money. Well, they surely attend to that part all right. Fellow Democrats, we have them on the defense and the game will get more lunny as election day approaches.

Union services will be held at the German M. E. Church at Logan next Sunday at 11 o'clock a. m. The public is cordially invited to attend.

The upper Logan School will give an entertainment and basket social at the grange hall on the evening of April 1. You are invited to attend.

Without. Well, Mr. Editor, here we are amid a shower of snow and rain to announce the proceedings of our little burg during the past week. Samuel Colman a former resident of this section spent the past week visiting old time friends and acquaintances. Frank Haun lost a valuable horse a few days ago. Bert Wade got a new Winchester shot gun, he says the nooters will have to sit high and the bucks run fast now. Ralph Slaughter who intended to sell out and locate in some foreign land wishes to inform his friends that he has found something better, he complains bitterly of Clackamas County roads as he had the misfortune to up set his best girl in a gigantic mud hole a few days ago, that's alright Ralph pay your taxes and take your medicine like a man. The dance at C. F. Holts Friday last was a universal success. A. D. Mazingo who has been working near Mt. Angel the past year was home visiting his parents last week. Al Wyland is busy building a fence. S. L. J. M.

LIBERAL. Aye, didn't the weather prophet hit it when he said it would rain a day or two. Farmers are all taking a rest. The spring work will all come at once and then there will be a call for the old red handkerchief. The mohair will fly as soon as the weather settles as a great many goats have commenced to drop their fleeces. It seems that several horses near Molalla have a peculiar skin disease and it is hard to do anything with, and seems to be catching as a few have taken it. Now, brother farmers, is the time to roll your feed to the cattle, as this is the weather that makes the old cows get a rainbow in their backs. Miss Effie Morey left Sunday for Portland, where she intends taking the 9:30 train Monday morning for New York. Miss Morey has made Liberal her home for the past four years and her many friends here will miss her from their midst. Born, to Mr. and Mrs. Kilgore an eight-pound son. Mother and son both doing well. Mr. Willie McCraw, of Portland, is spending a few days with his grandmother, Mrs. Mary A. Wright. Rev. T. Wiles is still busy hauling his rye straw to Oregon City. Mr. S. Wright made a flying business trip to Oregon City last Friday. Say, B., did you catch any snipes Thursday night, or did you fall in to see how cold the water was? Next time young man you come home at two o'clock in the morning with long hair on your overcoat collar and say it is cow hair, we want to see that cow that has hair two feet long and black. "Isn't that a stunner?" John Atkins and Silas Adkins are busy clearing up land on the former's place near Wright's bridge. Invitations are out for a farwell party to be given in honor of Dock Wilhelm at the home of G. White, on Friday night, March 18. R. A. Wright is setting out a young orchard. Saturday was a gala day at the grange. Three were initiated and a nice dinner was served. Mr. Dee Wright, of Colton, is under the care of Dr. Leavitt of Molalla. He is suffering with blood poison in his arm. Leap year only comes once every four years, and perhaps it is a good thing, for the boys are all so afraid of the question that when a young lady addresses them they are at a loss for something to say or do. Boys don't all be alike and cut your pencils all away. Andrew, why do you always carry your lantern when you go up the road? The price of coal oil will raise it this continues. Our veterinary, William Morey, has been practicing dentistry on horses at his place this week. SYLVIA.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble. Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
