He says more rain has fallen in the past ten days since he has been in Oregon than in all the ten years that he lived in Colorado.

**Harriman Makes Big Changes.**

The Deseret News today will say that on a date in the near future, probably April 1, great changes involving practically the whole of the Harriman system so far as the general operating scheme of the system is concerned, will go into effect. The following changes, it is stated, have been decided upon:

President A. L. Mohler, of the Oregon Railroad & Navigation Co., now at Portland, Ore., will go to Omaha as vice-president of the Union Pacific. Assistant General Manager E. E. Calvin, of the Oregon Short Line, now at Salt Lake, will go to Portland, as vice-president of the O. R. & N. General Manager W. H. Bancroft, of the Union Pacific and Oregon Short Line, will remain at Salt Lake, having charge of the enlarged short line system.

The various systems comprising the Harriman lines will retain their present identity as regards the maintenance of roads, etc., but in the actual operation and traffic scheme great changes will be made.

Thus the operation of trains on the Union and Southern Pacific roads from Reno, Nev., to Green River, Wyo., including the new Lucin cut-off, will come under the operating department of the Oregon Short Line. This placing of this great stretch of road under Mr. Bancroft's jurisdiction will, it is expected, result in a great saving of time and expense.

In connection with this change the News states that Senator W. A. Clark's road, the San Pedro, formerly a part of the Oregon Short Line, and now being extended to Southern California, will possibly within two months be included in the new short line system, and the work of extending the road to Daggett, Cal., will be rushed with all possible despatch.

**"Oregon City Rifles."**

"From time whereof the memory of man runneth not to the contrary," Oregon City has had within its limits a military company. That company was made up of some of the best young men on the Pacific coast and they gave a good account of themselves both at home and abroad. On account of some little friction between the company and the chief military officer in the state, something like a year ago, the company was disbanded. It is now proposed to reorganize the company on a firm and lasting basis and give to the new military organization the name of "Oregon City Rifles." A petition is now being circulated and has quite a list of signatures of the best young men in the city, who desire to become members of the company. The business men are interested in the matter and the complete re-organization of Oregon City's militia is assured.

Some snow last week.

**THE POPULAR COUNTY CLERK OF THE CITY OF SAN FRANCISCO.**

HON. WILLIAM A. DEANE, OF SAN FRANCISCO.

Hon. Wm. A. Deane, Clerk of the city and county of San Francisco, was Chief Deputy in the office of his predecessor during the latter part of his term. He is a Native Son, having been born and raised in the city of San Francisco, and has for many years been prominently identified with the Order of Native Sons of the Golden West, as well as other fraternal organizations. He is an exceptionally popular young man, socially and politically also, as evidenced by the ballots cast at the late election, he having defeated his opponent for the office of County Clerk by nearly 8,000 votes.

In a letter written January 28, 1899, from San Francisco, to Dr. Hartman, Mr. Deane has the following to say of Peruna:

**The Peruna Medicine Co., Columbus, Ohio.**  
Gentlemen:—"I would not be without Peruna, as I have found it to be the best remedy for catarrhal complaints that I have ever used. I have tried most all of the so-called catarrh remedies advertised, and can conscientiously say that of all the remedies for catarrhal complaints recommended to me none have been so beneficial as Peruna."—WILLIAM A. DEANE.

CATARRH assumes different phases in different seasons of the year. There is, therefore, four quite well-marked varieties of catarrh. Winter catarrh, autumn catarrh, summer catarrh, and in the winter the catarrh is more frequent in the head, throat and respiratory

organs. In the spring the catarrh seems to chiefly affect the stomach and nervous system. In the summer the bowels suffer the oftenest; while in the autumn the liver and kidneys seem to be particularly subject to the ravages of catarrh.

Of course it is not meant by this that catarrh is absolutely confined to these parts of the body during the season to which we have assigned them. Catarrh may attack any organ in any season of the year, but the liabilities are so much greater for catarrh to attack particular organs in certain seasons that these four distinct varieties have become recognized.

Mr. Robert Douglas, Homeopathic Specialist, cor. 6th and F Sts., N. W., Washington, D. C., in a recent letter to the Peruna Medicine Co., of Columbus, O., has the following to say concerning their noted catarrh remedy, Peruna:

"I have been a practicing physician for some years, during which time I have administered Peruna to a number of my patients for colds, catarrh and general debility with great benefit to them. I have paid particular attention to its effects, and I have absolute confidence in its curative qualities, and have no hesitation in giving it a most emphatic endorsement."

Hon. Clement M. Hammond is one of the best known newspaper men in New York City. He was for years editor of one of the principal papers in Hartford, Conn., later was a prominently connected with the New York Recorder and New York World. He has traveled extensively and is known all over the United States for his talent as a newspaper man. Writing to The Peruna Medicine Co., he says:

"For about six years I have had trouble every fall and winter with my voice. At times it has extended to my bronchial tubes and lungs. I think all this trouble came from whooping cough, which I had when I was about twelve years old, and which left me with catarrh. Since I have taken Peruna, my voice has been clearer than in over two years, all of which I am willing to testify to." Mr. Hammond's address is "The Arlington," 64 Montague street, Brooklyn, N. Y.

Peruna is an internal remedy—a scientific remedy for catarrh. It cures catarrh wherever located. Its cures last. Peruna gives strength by stopping waste. By saving the mucus it enriches the blood. By cleansing the mucous membranes it preserves the vital forces.

No remedy can possibly supply the place of Peruna. Insist upon having Peruna. Take no other remedy. There is no substitute for this catarrh medicine. Send for a free book on catarrh. Address The Peruna Medicine Co., Columbus, Ohio.

**Celebrated Crystal Wedding**

Mr. and Mrs. E. D. Olds, of Oak Grove, entertained a large number of their friends at their home Thursday evening in honor of the 15 anniversary of their marriage. Miss Veda Williams, a talented pianist of this city, was present and rendered several choice selections. Innocent games assisted in making the time fly, and altogether the time was a most enjoyable one. A number of handsome presents fitting to the crystal wedding were received. Lunch was served at a late hour. Among those present were: Mr. and Mrs. E. D. Olds, Mrs. Minnie Harris, Mrs. Lulu Harris, Mrs. Penzy Stark, Mrs. Josephine Ringville, Master Dillon, and Orval Olds, J. M. Olds, F. H. Harris, Chas. Page, Mrs. C. O. T. Williams, Miss Veda Williams, Mrs. E. D. Mooly, J. F. Laverty, C. Curran and Charles Harris.

**Village Growing.**

A new school house is to be built at Oak Grove, the half-way point between Oregon City and Portland, on the O. W. P., Daniel Cawkins school clerk was here last Saturday advertising for bids for its construction. As yet there is no post-office at Oak Grove, but the free rural route runs within a few hundred yards of the village, and when two more new streets are opened, will pass directly through and the town will enjoy all the advantage of a modern city, so far as getting mail is concerned. A general merchandise store has already been opened, Mr. Calkins says, and the place is growing surprisingly. Less than two years ago the town of Oak Grove was a wilderness of tangled vines and trees, but today it is the prettiest little town-site on the Willamette River.

Saturday there was a meeting of the citizens of the hustling little town for the purpose of organizing a board of trade or push club. The people who live at Oak Grove are very enthusiastic over the outlook for a good town.
