HARMONIOUS AND WITHOUT FRICTION

The Republican County Convention Is Run on Schedule Time--A Few Sore Spots.

The Republican convention of Clackamas county was convened in Clackamas County on Wednesday morning with some 160 of the faithful and some that were not so faithful in their places and ready to do the bidding of the big chief. From start to finish Senator Brownell was it. The program for the convention was made up the night before in the office of Senator Brownell and J. U. Campbell at which conference only a dozen or so of the faithful were permitted to be present.

The convention was called together by Hon. J. U. Campbell and its object stated. Senator Brownell was nominated and elected temporary chairman and on taking his seat made a set speech explaining how grand and good the Republican party is. The Senator's speech was not greatly applauded and his references to President Roosevelt were by no manner well received. Hon. Frank Griffith was elected secretary of the convention and they were then ready for business. The following committees appointed after which the convention adjourned until after dinner at one o'clock.

A committee of five was appointed on credentials as follows: C. H. Dye, R. Scott, Dr. C. B. Smith, E. P. Rands and N. Bramhall.

A committee of five was also appointed on permanent organizations, as follows: J. U. Campbell, Chris Shubel, Frank Jagger, E. H. Burkhardt and John Parnig.

A committee of five was appointed on resolutions: Hon. G. E. Hayes, Livy Stipp, C. A. Miller, C. A. Lakin and W. H. Kleinsmith.

The state delegation which was nominated by acclamation, was instructed for G. B. Dimick, of Oregon City, for Presidential elector; C. H. Dye of Oregon City, for Joint Representative with Multnomah County; Circuit Judge T. A. McBride and Prosecuting Attorney H. A. Allen for renomination in the Sixth Judicial District. The entire county ticket was renominated, and Earnest P. Rands, of Oregon City, was elected chairman of the County Central Committee.

A platform was adopted endorsing the administration of President Roosevelt and commending the precedent he has established in settling labor disputes by arbitration.

commend the efforts of United States Senator Mitchell and Fulton in their efforts to develop material interest in the state of Oregon and their strong support of an Isthmian canal; endorsing the proposed direct primary nominations law and instructing the delegates to the state convention to introduce and advocate the adoption by the convention of a resolution commending the primary nominations bill to the people of Oregon for their approval. Resolutions were adopted declaring for a liberal and progressive policy in the building of new roads and favoring the electing of Road Supervisors instead of having them appointed and instructing the Legislature delegation to support a bill to that effect.

The following are the Congressional delegates: J. C. Bradley, Henry Hornschoch, George C. Brownell, B. Greaves, George W. Prosser, J. U. Campbell, W. S. Ryder, W. H. Howell, James Dickey, C. B. Smith, John Heurth, Bud Thompson, D. W. Kinnaird, Ernest Rands, T. F. Ryan, Frank McGinnis, L. E. Williams, Ed E. Taylor.

The delegation to the state convention is as following: C. A. Miller, N. Blair, W. W. Smith, G. E. Hayes, E. E. Judd, H. W. Trembath, George C. Brownell, J. U. Campbell, J. L. Kruse, C. G. Pretty Easter Wedding.

The marriage of Tom P. Randall, the clever postmaster of Oregon City, to Miss Nellie Boyd, was solemnized Sunday evening at eight o'clock at the Episcopal Church in this city. The marriage ceremony was solemnized by Rev. P. K. Hammond, the beautiful ring service of the Episcopal church being used. The church was beautifully decorated with Calla Lilies and other flowers appropriate to the occasion.

The wedding was attended by a large and admiring crowd of newly married couples, admiring friends and relatives. After the ceremony the wedding party repaired to the house of the bride where an informal reception was held. They boarded a late car for Portland and left on the late train for Puget Sound points. They will return next week and will be at home to their friends in Oregon City.

Mr. Homer Davenport, whose fame is world wide, is announced for a lecture in this city April 13, at Shively's Opera House. In comparatively few years he has come to be recognized as the most original and forceful cartoonist in American journalism, and so great is the popularity of his work that his original drawings are eagerly sought for all sorts and conditions of people. At the height of the adverse criticism on the candidacy of Admiral Dewey for President, Davenport drew a picture of the gallant old admiral standing on the bridge of the Olympia, and with the smoke of the battle of the Manila Bay flying thick about him. Beneath it were the words, "Lest We Forget." The effect of the cartoon was instantaneous. It brought Dewey letters from hundreds of admirers all over the country and so great was the attention it attracted that its author was requested to send it to Washington to be placed on exhibition. The request was complied with and the picture drew such a crowd that the police finally ordered it taken from the window in which it was displayed. John R. McLean, brother-in-law to Admiral Dewey after ward offered for it a price that surprised Davenport into agreeing to part with it, although it had been his intention to keep it in his collection. Other cartoons have brought him no less renown, and even the public men whom he has most often impaled on the point of his keen pen have sought for his pictures to keep as mementos of the campaign they have gone through. Seats on sale at Huntley's, 50 cents to any part of the house, Shively's Opera House, April 13. To his other achievements, Homer Davenport now promises to add the distinction of a lecturer of the first order. It takes a peculiar sort of quality to succeed in the declining realm of the lecture platform. Learning and even oratory cannot insure against failure. Seats on sale at Huntley's.

Must Serve Six Months in Prison.

Senator Burton, of Kansas, was Wednesday denied a new trial and sentenced to six months in the Iron County Jail and to pay a fine of \$2,500.

Senator Burton, who is senior Senator from Kansas, was convicted, after an exhaustive trial, in which various letters from him to the Kialto Grain & Securities Company, the checks which he received in payment for his services in behalf of the concern before the Postoffice, and the testimony of numerous agents of the Government were introduced. Senator Burton's defense was that he was acting merely in the capacity of an attorney, and did not employ his Senatorial influence in the work.

Against the 1905 Fair

No Appropriation Has Been Made and the Outlook is Gloomy.

The appropriation for the Lewis and Clark Fair has been turned down by Congress by a vote that does not augur well for the final success of the matter. The Oregon delegation and the friends of the Fair are yet hopeful of the final success of the bill, but it does not look good. The appropriation has been scaled from \$2,250,000 to \$450,000 and even this pittance has been denied. There are millions of dollars for pensions and millions of dollars for naval improvements and all kinds of money for other schemes, but the Oregon country is so far left out in the cold. There are a few small fry statesmen in Congress who are anxious to make records and that accounts for the trouble.

Advances on Alfalfa Seeds.

Rosalia, Wash., April 6.—The growing popularity of alfalfa, which has nearly doubled its acreage in the Inland Empire each of the last three years, makes such a demand for alfalfa seed that it is expected the price will reach \$20 per cwt. before the sowing season closes. The wholesale price advanced 25 cents a hundred last week, and another advance is in sight.

For Condensed Milk Factory.

Astoria, Or., April 6.—A meeting of the dairymen of this vicinity has been held here for the purpose of establishing a condensed milk plant in Astoria. Those present looked favorably on the proposition, and it is believed that the requisite \$18,000 can be raised for the purpose from the dairymen themselves.

Street Car Strike Threatened.

San Francisco, April 6.—The people of this city are disturbed over the prospect of another big street railway strike. The union has made demands for 27 1/2 cents an hour wages and that "no more students" be engaged. The union asserts the company is bringing men to be broken in under promise to remain in case of a strike. The company agreed to the advance but refused to stop the breaking in of the men. As a result the union men refused to instruct all the students, but no action was taken by the company. The carmen's executive committee at their meeting tonight, decided not to strike tomorrow and to await the outcome of the refusal to instruct the students.

A Dozen Times a Night.

"I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night," says Mr. Owen Dunn of Benton Ferry, W. Va. As a preventive and cure for Bright's disease and Diabetes, Foley's Kidney Cure is unequalled. It quickly cures all kidney and bladder troubles. For sale by Huntley Bros. & Co.
