Mr. Trumbull of Portland, will address the Womens' Club at the residence of Mrs. Geo. C. Brownell on the 14th of April.

The Willamette Glee Club gave an entertainment at the opera house last Monday evening. The entertainment was attended by quite a good crowd and was a very successful and pleasing affair.

Onion sets 5c, bulk lard 11c. Red Front.

Ladies trimmed hats \$1.75 up. Red Front.

Phil Price has begun the manufacture of cigars in the rear of Oldstein's cigar store. This makes two cigar manufacturing companies in Oregon City. Price expects to manufacture high grade goods. He is a cigar maker himself and will enlarge his factory as business justifies.

August Kruger, a lineal descendant of Oom Paul Kruger, President of the Boer Republic, died at his home near town last Monday evening of pneumonia. He was in the prime of life, being about forty years of age. He is survived by a wife and several children.

Ed. Johnson began operations with his new laundry Monday and is now running full blast. A steam laundry is a much needed innovation and we predict for it unqualified success. Johnson's laundry represents an investment of some \$3,500, and will employ about a dozen people, mostly girls, to begin with. He will do first class work and do all possible to merit the local trade.

The new ice plant at the corner of 13th and Main streets began operations this week. The new plant will manufacture ice for home consumption and Portland and other neighboring towns. The ice will be manufactured from the waters from an artesian well which has been drilled for that purpose. Thus do the business enterprises of Oregon City increase from day to day. Verily, the "World do Move."

The almost continuous rainfall of the past two months has had the effect of putting Clackamas county farmers much behind with their spring work. No grain of any consequence has been sown and the chances are that the wheat crop will be cut considerably short. There was very little fall grain sown and unless the weather is more favorable than it has been, there will not be much spring wheat sown. Altogether the outlook for a big crop is not good.

Much illegal fishing is going on in the Clackamas river near this city. The water bailiffs are using every precaution to capture the poachers, but so far without effect. Several nets which had been spread to catch fish, have been captured by the fishermen but none of the fishermen have yet been caught. The Clackamas is one of the best salmon streams in Oregon and fishermen find it a regular paradise.

The year 1903 was a prosperous one for the Clear Creek Creamery Company, a co-operative butter-making institution located on the Clackamas river a few miles from this city. In the 12 months this plant manufactured 41,261 pounds of butter. This product netted the patron an average for the year of 29 cents per pound for his butter at the creamery, or 26 1/2 cents when his cream was called for. The cost of making the butter was 2 1/2 cents per pound, and the receipts from the sale of the creamery's output for the year amounted to \$13,430.

A host of friends surprised Mr. Zinzer last evening in honor of his being nominated County Superintendent again. The evening was spent in music and flinch. Refreshments were served. All enjoyed the occasion.

NEW ERA.

Friday and Saturday of last week were busy days with the farmers in this locality, as they were about the only days that the ground has been in fit condition to work in the last two months.

Mr. Burgoyne has about one acre of early potatoes planted.

Mrs. Newbury visited her cousin Mrs. Commons, of Oregon City, one day last week.

Wood Jesse, a S. P. engineer, was in town last Friday shaking hands with old friends and schoolmates after an absence of 14 years. Mr. Jesse brought with him a complete fishing outfit anticipating carrying home a good supply of speckled trout, but alas! he got (April fooled) one little fish. Wood says that the old creek and mill pond looks natural but the fish are not there as they were when he was a boy.

Mr. and Mrs. J. L. Hoffman attended the funeral of the former's cousin, Mrs. Keit, of Milwaukie, Monday.

The prohibition entertainment and local option speaking in the grange hall last Thursday night was well attended and standing room was at a premium.

Mrs. Newbury is having her pear orchard on the hill grubbed out.

Chas. Bradt visited his sister Mrs. Ganssner of Portland, Saturday and Sunday.

Chas. Sylvester, of Portland, visited his parents here over Sunday.

Mr. Wyman moved to Newburg last Monday.

Ivan Tunesdale, of Portland, and the two Waite girls of Canby, visited Miss Anthony Sunday.

Mr. E. Snieder, of Aurora, is teaching the spring term of school on the west side at Mountain Road school house district No. 98.

Ed Wittenberg and Herman Burgoyne of Portland, visited the latter's parents here over Sunday.

Blaine and Johnnie White, of Canby, camped for dinner on one of our side streets Friday enroute to Canby with household goods.

Arthur Knight was calling in New Era Sunday evening.

The Republican primary held at Brown's school house Saturday worked like a charm and was not of long duration, as some one was kind enough to have the ballots already prepared with the names on of the ones they wished to be delegates to the convention. Of course that saved considerable valuable time, but it will be remembered by a few of those present.

Strawberries are in bloom.

Chas. Foster was up Monday from Portland, for the purpose of buying more timber for his sawmill which he will erect in a short time on his place one mile east of New Era.

Miss Laura Heartly had a narrow escape from losing one of her eyes Monday morning. While splitting some kindling to start a fire a stick struck her across the eye knocking her down and completely out of business for a few minutes. Fortunately the sight of the eye was not injured, but it is in mourning now.

Uncle Sammy Brown is living with his son, Geo. H.

Rich Find of Iron Ore.

Residents in West Oregon City have discovered a rich deposit of iron ore in the vicinity of Willamette Falls. The ore assays 54 per cent metallic iron, and the deposit is believed to be quite extensive, since the same quality ore has been found in a number of the ravines and side-hills surrounding Willamette Falls.

The land on which the discovery has been made belongs to the Oregon Iron & Steel Company, and members of the corporation are now investigating the extent and value of the find, which is the richest iron ore that has been found west of Michigan.

Robbed the Grave.
A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed at Charman & Co's drug store."

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by Geo. A. Harding.
