land which he considers especially valuable for this purpose, it being heavier than with the possibility of irrigating whenever the season seems to warrant it.

George W. Speight, of Hubbard, passed through Oregon City on his return from the East bringing with him a fine pure-bred, black, imported Percheron stallion purchased from J. Cronch & Sons, of Lafayette, Indiana. Mr. Speight has studied what this section of the country needs in the horse line and as a result now has two of the finest stallions in Oregon. The first purchased is an imported German coach horse. Both will be kept in Hubbard.

Daniel Calkins, of Oak Grove, was a pleasant caller last Saturday. He was in a reminiscent mood and gave some entertaining accounts of his experiences during the Civil War. In attestation of the high esteem in which he was held by the officers under whom he served, he showed us letters from them, of which he may justly be proud. Mr. Calkins is anxious to keep abreast of the times, and consequently becomes a reader of the Courier this week.

John K. Morris returned from Estacada last Sunday, where he has been constructing a warehouse for the O. W. P. & Ry Co. Mr. Morris predicts that Estacada is destined to be one of the most prosperous of the numerous towns reached by the various electric lines reaching out from Portland. His prediction is based on the fact that Estacada is surrounded by a rich agricultural region, has an immense store of fine timber in the mountains, possesses valuable water power, and is backed by intelligence and capital.

M. S. Shrock, of Hubbard, who is well known among livestock men of this state, passed through Oregon City Thursday on his way to Eastern Oregon, where he goes as field representative of the Pacific Homestead. He expects to make a special study of the Irrigan section with the view of determining its possibilities both present and future. Mr. Shrock has already attained some success as a writer on farm subjects and we congratulate the Homestead on its good fortune in securing the services of such an able representative.

M. G. Irwin and Mr. Bowen, both of Redland, started last Saturday for the Siletz reservation, where they expect to take advantage of the opening up to settlement of the lands in that reservation. The lands were thrown open on the 13th inst. Mr. Irwin was among those who made the grand rush to Okaloma on the opening of that territory, standing in line for three days, before he had an opportunity to register. He is a Democrat and is doing some good missionary work for the benefit of the country as well as for the upbuilding his party by sending to a friend in the East a copy of the Courier.

T. L. Turner of Stafford, was in town Tuesday. He reports that the fall wheat in that part of the county is not injured in the least by the late rains. He says the prospects for a good crop are better this year than they have been for some time. The opinion seems to be quite contrary to that expressed by a number of farmers a few days ago. Mr. Turner's neighbor, A. Beckman, raised a fine barn last week and another one will soon be put up by Fred Barnes. Those Clackamas county people who have never visited the Stafford country should take a day off and do so. They will meet with an agreeable surprise when they note the fine farms that have been made there.

Robbed the Grave. A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at Charman & Co's drug store.

Private Money to Loan. Six and seven per cent. Amounts on land \$100 to \$3000. Also some on chattel and personal security.

For sale: The Russel Homestead six miles SE of Molalla at 46 an acre; the Philip Marquam Homestead eight miles E of Marquam at \$5 an acre. Plenty of fine water and good soil on both tracts. Also block 119 Oregon City, eight full lots 66x105 feet. Slightly building place all for \$1000.

JOHN W. LODGE, Att'y. at Law. Stevens' building, Oregon City, Ore.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

Advance in Salary for Mail Carriers. The patrons of the rural routes are pleased with the fact that their carriers are to receive an addition of \$120 per year. Heretofore these men have each received \$800 per year, out of which there was practically nothing left after keeping three horses, keeping their wagons in repair and meeting the expenses of themselves and families. Their work requires the very closest application to duty, entire disregard for all kinds of weather, and fact of no mean kind. The slight increase which they will receive is justly merited.

Best Cough Medicine for Children. When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by Geo. A. Harding.

The framework of a house under construction at Gladstone for Mrs. Hackett which was blown down a few days ago, has again been set up. The weather boarding is on and it is probably in better condition to withstand a gale than it was before.

Isaac Miley, Charles Her and others are having a considerable quantity of wood cut for the steamboats which ply on the upper river. Although there seems to be a great scarcity of help, it is understood that these contractors have plenty of labor to assist them.

As mentioned last week Messrs. Cross & Shaw have formed a partnership in the real estate business with offices in Oregon City and Portland. They have four specialties—Gladstone property, Clackamas County fruit and farm lands, Hood River strawberry and apple lands.

The cordwood business has assumed large proportions in the northeastern part of the county, thanks to the O. W. P. Company's new electric line. Within one mile of the residence of Isaac Gordon during the winter, fifty wood cutters were busy. Thousands of cords are piled up for shipment.

The Isaac Waltons are seen these days in pairs, dozens and multitudes along the banks of the beautiful Clackamas. Their tackle is of all grades from \$25 poles and \$30 canvas boats to the typical outfit of Young America. The takes vary considerably with the skill of the fishermen in word painting.

Elmore Rice, the eminent young violinist, will appear in recital at the First Congregational church in Oregon City on next Monday evening, assisted by Edward Courtienne, pianist. A splendid program will be rendered. Among the popular favorites will be the Remenyi transcription of the Schubert serenade and the Mendelssohn spring song.

Mr. Elmore Rice, the young violinist, who appears at the First Congregational church of this city next Monday, is said to be an artist of great ability. The program will include the great 9 minor sonata by Grieg, Remenyi transcription of the Schubert Serenade, the Main Mazurka, Beethoven Romanza in G, and many other beautiful numbers. Edw. Courtienne, pianist, will assist.

The meteor in which so much interest was taken a few weeks since and which is now not the bone but the rock of contention in the courts, is still at the point to which it was moved. It may be seen by visitors, but there is always a man in charge to see that it is not mutilated. The decision of the court is awaited with considerable interest by people interested in this phenomenon.

The wholesale price of chittim bark in San Francisco is 25 cents a pound. A. T. Peterson, of Lincoln county, has contracted to deliver all he can get hold of at that price. Those familiar with the chittim bark business claim that hops and chittim go up in price together, because the brewers of Germany use the bark as a substitute for hops, when the latter is not plentiful, to give beer its hop-bitter flavor.

L. S. Thomas Returns.

Uncle Dick Thomas passed through Oregon City Sunday morning on his return from Dufur, Oregon, where he went to attend the funeral of his brother, Alvan A. Thomas, who died suddenly while in the field at work.

Uncle Dick reports that many changes are to be noted in the country since his last visit some twenty years ago. The most interesting change is in the fact that wheat raising has taken the place of stock raising which seems to be quite contrary to the condition existing here. On account of the continued bad weather the planting of the spring grain has been delayed at least three weeks but no ill-effects are anticipated as a result. In the Dufur section it is the general practice to summer fallow every other year but not with potatoes or clover as is done here.

The liverman gave Uncle an unintentional scare by telling him they had to pass over some very bad roads. When that particular stretch of the road thought to be so bad was reached it was found to compare very favorably with some that are considered good here at this time of the year.

### School Notes.

Brenton Vedder, who has been principal of the Scotts Mill school for several years, has begun a spring term at Missouri Ridge, which is not far from Whit Springs. We understand that this fall he will again occupy the position at Scotts Mills.

Miss Pearl Leabo will close her term of school in the Sameon district the latter part of May. Miss Leabo's success is highly spoken of by the patrons of the district.

A class of four will take the eighth grade examination at Marquam this week.

The schools at Gladstings and Molalla are in charge of Miss Kate Ridings and Miss Chuiard, respectively. Both of these young ladies previous to this year were teaching in Marion county where their work was very satisfactory.

## INFORMATION

Given to the Public by our Local Druggist.

We want the public to know that the most valuable and delicious tasting cod liver oil preparation known to medicine is Vinol.

Vinol contains ALL of the medicinal elements of cod liver oil, actually taken from fresh cod's livers, but not a drop of oil.

For this reason it is recognized throughout the world as the greatest health restorer and strength creator known to medicine, and we do not believe there is a man, woman or child in this vicinity but what Vinol will benefit them.

It makes health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and to make those who are too thin, fat, rosy and healthy.

Try Vinol on our guarantee to return your money if you are not satisfied. HUNTLEY BROS., Druggists. Oregon City, Ore.

### The Hop Outlook.

It is stated by a prominent hop grower that the hop crop has not suffered much on account of the lateness of the spring as has other crops. He thinks the prospects for a good price are better this year than last as there is practically no surplus on hand in the Eastern cities.
