In the Molalla Foothills.

The new sawmill of Rich Brothers, above Willott Springs, will start up about ten days from now. Its capacity is from 15,000 to 20,000 feet per day. It is located in a belt of splendid fir timber which its present proprietors cannot exhaust, work they ever so hard. At the Rich mill "clear stuff" will be the rule and second-class lumber the exception. The large new two-story house, and other buildings they erected during the winter in a small opening, form a strange contrast to the tall, green forest all around.

The road above the Ed Carter place is in many parts of it in a deplorable condition. If the county expended on it the money paid in taxes by the owners of the land contiguous to it, they would be far better. The settlers there feel this act of injustice keenly.

George Hulbert, of Oregon City, who bought the Shandy place a mile above the Rich sawmill intends to place the cleared land in cultivation, and put the house in order for his family.

Settlers are few thereabouts, notwithstanding the fact that above the Shandy place there is excellent government and railroad land lying open. The soil in that part of the Molalla foothills is unequalled anywhere. Much of the open land lies in a burn and could be easily cleared. For apples the locality is far better adapted than the valley land. The bracing mountain air and the abundant spring water are not the least valuable attractions of that region, which at no distant time, will be occupied by progressive farmers.

A Dozen Times a Night.

"I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night," says Mr. Owen Dunn of Benton Ferry, W. Va. "I never received any permanent benefit from any medicine until I took Foley's 'New Cure.' After using two bottles, I was cured." As a preventive and cure for Bright's disease and Diabetes, Foley's Kidney Cure is unequalled. It quickly cures all kidney and bladder troubles. For sale by Huntley Bros. & Co.

"The Peak Sisters of Alaska" was presented at the schoolhouse last Saturday evening. Mesdames Walker, Kellogg, Cannon, Morris, May Waldron, Ethel Waldron, and Izeta Waldron, of Oregon City, and Parker, Williams, Thomas, Johnson and Gault, of Gladstone, and Mrs. Taylor, of Parkplace, represented "The Sisters." All the characters were ably sustained, but Mrs. Parker as Dorothy, "who used to have a fine voice" made the hit of the evening.

After the close of the program ice cream and cake were served. The ladies of Parkplace deserve special commendation for their liberality in donating material for the supper, and for their untiring energy in preparing and serving it. The proceeds amounted to \$37.

The recent entertainment given by the Mothers' Club brings up questions about that institution which it may be of interest to know about.

In November 1902, written invitations were sent out by Prof. McCann to the mothers of the district requesting them to meet at the school house and organize a society to promote the general welfare of the school. As a result about forty or fifty ladies who felt a lively interest in the school, met in one of the recitation rooms, and the "Mothers Club" was organized with Mrs. Gault as president, Mrs. Preestag, secretary, and

Mrs. Holmes, treasurer. An immediate result was a larger number of parents visiting the school rooms and by so doing encouraging both teachers and pupils. Plans for providing good drinking water at the school were discussed at the first meeting and have resulted in having water piped into the schoolhouse and having faucets and sinks with good drain pipes placed in three different places. New library books, gasoline lamps for the assembly room, dusters for the floors, raffa used in primary work, seats, some janitor work, tickets and advertising, all amounting to \$62.04, were paid for by proceeds of lectures and socials given by the club, leaving a balance on hand at the end of the year of \$227. The attendance at the club during the first year dropped off to such an extent that it was only through the steadfastness of a few faithful ones that there was any society left over for the next year. But with the beginning of school in the fall of 1903 interest revived. Mrs. Gault was re-elected president, and Mrs. Olds secretary, and Mrs. Johnson treasurer. A committee was named to arrange programs for each meeting, and this committee has prepared very entertaining and instructive programs with some special subject for discussion each time, in which the members have taken a part. In a financial way the club has also made a very satisfactory record this year, having raised \$113.97, the money being proceeds of entertainments given through the winter. The expenses the club has met this year amount to \$69.95, and include curtain and scenery for the stage in assembly hall, library books for the school, and repairs and work around the building. There is a balance of \$46.29 which is held to be used as far as needed in constructing a good walk leading to the schoolhouse. One more meeting will be held during this term of school, and it is a certainty that the club will adjourn for the summer in good condition, and the members will feel that the club has accomplished something worth while, and will be ready to go into the work another fall with renewed interest.

WHICH SHALL WE CHOOSE?

Joint Representative Must be Democrat, True or Renegade.

The action of the Multnomah county Republican delegation in nomination joint representative for Multnomah and Clackamas county, without so much as notifying the Clackamas delegation of their meeting, is another instance of the hogwash propensities of Portland Republicans. Of course they could have dictated the nomination in a joint convention, but they did not have the good manners even to make a pretense of fair play.

The Clackamas delegation had been instructed to vote for Col. G. H. Dye, of this city, for joint representative. Col. Dye is one of our best and ablest citizens, and is a life-long Republican. Yet he was turned down for a renegade Democrat, who, four years ago, was elected to the State Legislature as a rapid free-silver advocate. This may or may not be good politics, but it certainly shows that the Multnomah Republican care nothing about purity in politics, nothing about the principles of a candidate for office, but desire only to win votes. As we have said, this may be good politics; but it is hard to believe that consistent Republicans would prefer supporting a Democrat who has deserted his party and life-long professions merely for the sake of office, to voting for a Democrat who is true to his principles.

It is just as we go to press, that our fellow townsmen, J. K. Hedges, informs us that he will accept the nomination for joint-representative that was given him by the Democratic Convention of last Tuesday. Mr. Hedges refused a nomination at the hands of the county convention and would have declined as positively this honor, had he been present when his name was presented. But as the convention acted without his consent, and even without a suspicion on his part that any such action would be taken, and at the earnest solicitation of his friends, he has decided to make the race.

An Interesting Argument

When we talk you expect to hear something interesting. What we say gives you pleasure. What we say gives you benefit. Our argument is one of high values and low prices. Our boast is of qualities rather than of anything else. We point out the good things and help you to share them. A good thing for you is to get the good things we offer.

HOSE QUALITY

There are good, bad and indifferent grades of garden hose. Poor hose rots, cracks and bursts. In two seasons you need more. That's expensive. Good hose costs a third more, and, if properly cared for, lasts four times as long. That's economical. We'll sell you the kind you want, but advise the best. Our cheapest hose sells for \$3.00 in 50 foot sections.

REED ROCKERS

For the porch, lawn or sitting room. These are some of the new special designs for this season in large comfortable rockers and chairs. They are all strongly made and nicely finished, and the price is the only cheap thing about them.

SCREEN DOORS

\$1.00

LINOLEUM

The largest assortment we have ever carried from the cheapest to the best. The cheapest are all good quality two yards wide in very handsome designs and colorings and range in price from 35c to \$1.65 per square yard. We have the better grades in 12 feet widths and our prices are the lowest at which these goods have ever been sold at this season of the year.

ORIENTAL CURTAINS

Imported striped designs, in rich combinations of colors, with deep knotted fringe to match. These curtains are three yards long and will harmonize with any furniture. The richness of design and style of these curtains make them bargains at one-half as much again as we ask for them.
