PLATFORM.

"Workingmen of all countries, unite! You have nothing to lose but your chains. You have a world to gain."

We, the Socialist party of Clackamas county, in convention assembled, proclaim our allegiance to the Socialist party of America, and affirm our unaltering adherence to the principles and the program of international revolutionary Socialism.

In presenting our candidates to the working class and those in sympathy with it, we base our appeal upon the following declarations and our platform of principles:

- 1. Labor produces all wealth. 2. Under the present economic and political conditions labor's share in the wealth it creates is merely a mean and uncertain subsistence. 3. So long as the present organization of industry remains the capitalist class will monopolize the machines of production and will appropriate, through the wage system, the wealth created by the working class. 4. This appropriation of labor's wealth by the capitalists is so complete that it enables them to live in luxury and idleness. 5. As a necessary consequence of this exploitation of the laborers by the capitalists—this expropriation of all property out of the hands of the toilers into the private ownership of the holders of capital, there is an inevitable war between the interests of the working class on one hand and the interests of the capitalist class on the other. 6. This class struggle between the wealth makers and the wealth takers will endure so long as our present system of production for profit continues. 7. In this conflict between the workers and the capitalists, labor is disarmed on the economic side, all the instruments of production and distribution of wealth being owned and controlled by the holders of capital. 8. There is only one weapon with which the working class can successfully oppose the capitalist class—and that is the ballot. 9. This fact demands an inevitable conclusion, the organization of the working class into a political party that shall be, everywhere and always, distinct from and opposed to every political party not founded entirely upon the interests of the working class, the Socialist party is organized to meet this demand, and is therefore the party of the working class. 10. The Socialist Party, when in office shall always and everywhere, until the present system of wage slavery is utterly abolished, make the answer to this question its guiding rule of conduct. Will this legislation advance the interests of the working class, and aid the workers in their class struggle against capitalism? If it does, the Socialist party is for it; if it does not, the Socialist party is absolutely opposed to it. 11. In accordance with this principle the Socialist party pledges itself to conduct all the public affairs of this county in such a manner as to promote the interests of the working class. 12. In conclusion, we appeal to all workingmen to study the principles of Socialism, to vote with their class at all elections until they overthrow the power of capitalism, terminate forever the class struggle and inaugurate the Co-operative Commonwealth based upon this fundamental principle of justice: To every worker the full product of his labor! C. E. SPENCER, Sec. WM. BEARD, Chairman.

WILHOIT.

We, the people of Russellville, are all alive and well and the grain also presents a healthy appearance.

Mr. Frank Lourtelle was at Mr. Wingfield's purchasing seed peas a few days ago.

Mr. Percy Ritter, of Needy, was visiting friends in our country last week.

Mr. O. S. Boyles is in the mountains with a party of prospectors.

Mr. Frank Bagly passed through this locality a few days ago bound for Coal Creek logging camp where he has a crew of men at work.

People are now taking stock to the mountains for the summer.

Mr. Wilhoit is making a barbed wire fence, the first in our country. He thinks fire will not be so likely to damage it.

LOGAN.

Now is the time when Mother Nature is in her most charming mood. Despite the cool weather, the fields are green, fruit trees are in bloom, birds are singing "Every prospect pleases" and there is no excuse if "only man is vile."

The brawny young men of Logan have thrown off on the singing club and organized a baseball team. They play at A. B. Strowbridge's place, and the Portland teams may look out for a challenge ere long.

The singing club met at the home of A. J. Johnston last Sunday.

Mrs. Peter, who has been keeping house for her brother, Wm. Chynoweth, was recently married to a Mr. Withycombe, brother of Dr. James Withycombe of the Oregon Agricultural College. Mrs. Withycombe has resided in Australia and New Zealand and relates some interesting experiences in the land of the Mavis, now the Socialists' paradise.

A man has been doing Logan with what he claims to be a new patent process of making butter and cheese. He adds some chemical preparation to the cream which is supposed to produce more butter than by the old system and of such a superior quality that will keep indefinitely, say a year, and then have strength enough left to walk to market. A proposition to submit the system and a sample to a leading dairy paper or to the Oregon Experiment Station for an investigation and report, did not meet with favor. That fact speaks volumes for the merit of the scheme.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One hundred Dollars for any case it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. Paine's Celery Compound CURES RHEUMATISM.

Rheumatism, which does its terrible work in the muscles, joints, and tissues, is caused by uric acid which gathers in the blood. To get rid of this poisonous acid which produces the irritations, pains, agonies, inflammations, and swellings peculiar to rheumatism, Paine's Celery Compound should be used without delay. No other medicine gives such prompt, cheering, and happy results. It is the only medicine that prevents a return of the dreaded disease. Paine's Celery Compound braces the nerves, the blood is quickly cleared of all irritating poisons, tissue and muscle are built up, and the digestive organs perfectly toned. Do not treat with indifference the slightest rheumatic symptoms; the early use of Paine's Celery Compound will save you weeks and months of suffering. Mr. S. D. Conway, St. Louis, Mo., was permanently cured by Paine's Celery Compound after repeated failures with other medicines and physicians; he says: "I am 64 years of age, and have lived in St. Louis 27 years, and all this time with the exception of three years, I have served in the Engineers' Department as Inspector. Last winter I contracted rheumatism and was laid up. I tried all remedies and doctors, but all failed until I struck Paine's Celery Compound, which has made a permanent cure in my case. I have recommended it to many, and they have used it with the same result."

The diver dies without air to breathe. The consumptive dies without lungs to breathe the air, or of lungs rendered incapable of breathing by disease. The blood as it flows in and out of the lungs indicates the consumptive's progress. As the lungs grow weaker, less oxygen is inhaled and the blood changes from scarlet to purple. Oxygen is the life of the blood as the blood is the life of the body.

The effect of Dr. Pierce's Golden Medical Discovery upon weak lungs is to strengthen them, to enable the full oxygenation of the blood, arrest the progress of disease, and heal the inflamed tissues. Lung diseases have been and are being cured by "Golden Medical Discovery," in cases where deep-seated cough, frequent hemorrhage, emaciation, weakness, and night-sweats have all pointed to a fatal termination by consumption.

"Some years ago I was almost a helpless victim of that dread disease—consumption," writes Mr. Chas. Fross, P. M., of Sika, White Co., Ind. "I was confined to my room for several months; my friends and neighbors had given up all hope of my recovery, until one day a friend advised me to take Dr. Pierce's Golden Medical Discovery, and after I had taken the contents of the second bottle I began to improve. After taking six bottles I was, I honestly believe, delivered from the grip and entirely cured. I am now a strong and hearty man."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.
