

HOME CIRCLE COLUMN.

A Column Dedicated to Tired Mothers as They Join the Home Circle at Eventide.

A mother's heart, like primroses, opens most beautifully in the evening of life.

Many children develop into gloomy morbid, bitter men and women for lack of a happy childhood.

If instead of a gem or even a flower, we would cast the gift of a happy thought into the heart of a friend, that would be giving as the angels give.

When you find a home where all have learned the important lesson of helping one another, there you will find the perfection of true home happiness.

FROM WHEELBARROW TO PRESIDENT.

How often we hear a young man say, "We haven't been given a chance in life to make anything of ourselves."

We would point that young man to William E. Corey, who last year was elected president of the United Steel Corporation at a salary almost equal to that of the president of the United States.

You say he had a "pull." He did. Sixteen years ago Corey was pushing a wheelbarrow in the back yards of one of Carnegie's mills at Braddock. This was his "pull."

The third, and perhaps largest parade ever witnessed in the West will occur on the 4th of July, and there will be not less than 30,000 men in line, together with patriotic and industrial floats in the procession.

A cheerful atmosphere is important to happy home life. It is hard for children to be good when they are exposed to an incessant hail storm of fault finding from their parents.

We would say, keep all knowledge of evil possible out of a child's life. Ignorance of this is the charm of childhood and youth, and its joyfulness.

When rolling years shall cease to move, when the days of all men will have been numbered, and when the earth shall have wandered away through space and been lost, mother-love will still live on as undying as the throne of God.

MOTHER AND HOME.

In the marriage vows the little band of gold placed on the bride's finger by the groom is the pledge that the husband has endowed the wife with all his worldly goods; that she has an equal interest in them.

The road along which the man of business travels in pursuit of competence or wealth is not a Macadamized one, nor does it ordinarily lead through pleasant scenes and by well-springs of delight.

Can anything be worse than to feel that every minute may be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala.

worries and wear that fathers undergo to secure for you comfortable homes, and compensate them for their trials by making them happy by their firesides.

Carnival at Portland.

The Federated Trades Council, of Portland, (composed of 56 Labor Unions with a total membership of more than 10,000) in connection with the Lewis and Clark Fraternal Bldg., Association, (composed of 34 of the Fraternal Orders represented in Portland), are to give a Mardi Gras and Festival in the city of Portland, commencing on the morning of June 28th, and continuing until the evening of July 9th.

This Carnival will be one of the most extensive and elaborate ever held in the Northwest. The General Committee in charge has leased the entire Multnomah Club Grounds, and attractions have been procured from different parts of the United States.

The War Department has ordered five warships to proceed to Portland, arriving here on the evening of June 27, and remaining throughout the festivities.

There will be three great parades. The first parade will occur June 28th, when the King and Queen will arrive in the city under the escort of the warships and gorgeously decorated barges prepared for that occasion.

The second great parade will take place Saturday evening, July 2nd, and will be the much talked of, and advertised Mardi Gras, electrical, spectacular parade.

The third, and perhaps largest parade ever witnessed in the West will occur on the 4th of July, and there will be not less than 30,000 men in line, together with patriotic and industrial floats in the procession.

The railroads and transportation lines have all granted extra low rates to the city during these twelve days of celebration.

The purpose of this undertaking is to raise funds for the benefit of both organizations participating in the management.

It is Up To The Doctor.

A lady wrote us from Winchester, Va., that she had been under a Doctor's care for four years for dyspepsia, the pain appeared to center under the left shoulder blade, was so severe at times that she could neither eat nor sleep.

An Immense Hop Yard.

Krebs Bros., of Salem, Oregon, have formed a corporation to be known as the Krebs Hop Company, the capital stock of which is \$250,000.

The Krebs recently purchased a large farm near Independence, Polk county, Oregon, on which they have set 400 acres of hops, it being the portion of the farm which lies in the Willamette river bottom and receives its fertilization by being annually overflowed by the river.

The proposed camp grounds and the buildings will be lit by electricity. To pick the crop 2000 pickers will be required, and 34 passenger cars will be necessary to bring the pickers to Independence, besides 10 cars for baggage.

MANY METHODS CARRYING MAIL.

Curious Exhibit in the United States Government Building at the World's Fair.

The many methods of carrying the mail in the past and present are shown by the United States postoffice department in the Government building at the World's Fair.

To this sledge are attached a train of Alaska dogs, mounted and harnessed, looking as natural as if alive.

The cowboy mail carrier on his trusty steed, galloping across the plains with his letter pouch, the footman carrying mail through the dense forest, and the mail carrier on snow shoes in the timber districts of the north, are also shown in this exhibit.

Coming closer to civilization, the rural mail wagon and city mail wagon, the electric mail car and the postal car, as used on the great railways of the country are exhibited, giving World's Fair visitors an idea of the magnitude of Uncle Sam's mail carrying business.

Laxakola Guaranteed to Cure Constipation.

Huntley Bros. recommends it because they know it cures.

"There are too many laxatives on the market," say Huntley Bros., "that it is hard to tell which to recommend, however, it is a good deal of satisfaction to know there is at least one we can recommend with every confidence."

Experience shows that Laxakola is sure to benefit every one in need of a mild, tonic laxative, and we ask our customers to try it on our guarantee.

Experience has taught us it doesn't pay to deceive the people and recommend anything that might prove in the least unsatisfactory, but we know Laxakola is all right and sure to do good.

"It is the only liquid laxative in this store that we are willing to sell with a guarantee, and it tastes so nice that children like it and ask for it."

If the baby is colicky, or fretty, or teething there is nothing will do so much good as Laxakola. Try it, and if it proves in the least disappointing we will return your money.

Seedless Apples at the Fair.

Several bushels of seedless apples from Colorado are on exhibition at the World's Fair. This improved seedless apple, like the seedless orange, is the result of the scientific work of horticulturists.

SURE TO CURE INDIGESTION.

Unless Pepsikola Cures Your Dyspepsia Huntley Bros. & Co. Will Refund Your Money.

It is not often that Huntley Bros. & Co. back up a new remedy with their own personal guarantee but they know that Pepsikola is sure to help all who have chronic dyspepsia and indigestion the very first day they take it.

Moreover Huntley Bros. & Co. are too busy and their reputation is worth too much to take chances in recommending a new remedy to their customers that will not do just as represented.

Pepsikola is a remarkable preparation and has performed some cures in Oregon City that border upon the miraculous. It is also a grand nerve tonic. It improves the appetite, gives new strength and new energy, tones up the stomach and digestive organs, and makes you feel better right off.

When you buy a package of Pepsikola you are protected in every way. If it cures you the cost is 25 cents—if it does not, Huntley Bros. & Co. will pay back your money without the least argument.

A Woman's Wealth. Paine's Celery Compound

GIVES VIGOR AND STRENGTH TO DEBILITATED AND RUN DOWN WOMEN.

It is maintained by many distinguished writers that the greatness of a nation depends much upon the physical condition of its women. The general conditions which contribute to health and long life, are those which do not imply a rapid and unequal exhaustion of those powers by which life is maintained.

We bring to the attention of all weary, despondent, hopeless, and sickly women earth's great rescuer and health builder, Paine's Celery Compound. Thousands of healthy women around us owe their present vigor, activity, and robustness to Paine's Celery Compound. Mrs. Stephen Smith, St. Paul, Minn., tells how she was snatched from the grave; she says:—

"I had a bad attack of the grippe this spring and was at death's door, and no one ever expected me to recover. I was so weak that as soon as they brought me out of one faint I was in another. I could not take any nourishment, and doctors' medicines did me no good. A friend advised my husband to get me a bottle of Paine's Celery Compound, which he did, but had no faith in it. The second day after taking the Compound, I began to get real hungry and took an interest in things. I had everything that money and loving care could supply, and with that and Paine's Celery Compound, I am now doing my own work, while three months ago I was almost in the grave. I know that I owe my health and strength to Paine's Celery Compound, and shall always recommend it."
