## McAllen & McDonnell

Corner Third and Morrison Streets, Portland, Oregon

ful region, with splendid soil, could with comparative ease be converted into many a farm, where life would be a luxury. The bracing, pure mountain air is free. Last winter Frank Sherman, above Wilhoit, fed less than a ton of hay to 20 head of cattle and this spring some of them were fat enough to kill. The moss the wind blew from the trees had put fat on their ribs. Those interested in the newly laid out town site of Eagle Creek, on the motor line 20 miles from Portland, are gazing the subject of bridging the Clackamas river, which is not a mile distant from the town site, in order that the people of Logan may have easy access to the city that is to be. It is the opinion of Hal Bands, who surveyed and laid out the 120 lots of Eagle Creek—it is the old Foster claim—that its chances for becoming a trading point of some importance are better than Estacada's, it being centrally located in a thriving rural community on the main wagon road from that section of country to Portland. The best corner lot sold last week for \$350.

### A Sudden Death.

John H. Schuler, a native of Germany, but a resident of Oregon City for the past 21 years, died very suddenly last Monday morning as the result of a stroke of paralysis. Mr. Schuler had worked in the mills during the greater part of his residence here. He leaves a wife and two grown children to mourn his loss. The remains were interred in Mountain View cemetery on Wednesday, the funeral services being conducted by Rev. E. S. Bollinger.

### Very Annoying to Some People.

People that are known to be weak and sickly, by their neighbors, are asked the question every day whether they are feeling better. Do you feel stronger? Are you gaining flesh? Their friends know if they are gaining flesh, it is one of the sure signs of returning health. If they can only get a remedy that will make solid, healthy flesh, recovery is assured. People with nervous troubles, loss of flesh and strength, no ambition, languid and always tired, have thin watery blood. The food they eat does not nourish them, it does not make blood. If after each meal they would take Dr. Gunn's Blood and Nerve Tonic, their food would be turned into rich, red blood, making solid flesh and strength. The tablets are sold in boxes by all Druggists for 75 cents, or 3 boxes for \$2. People who use this Tonic gain in solid flesh from 1 to 3 pounds per week, they feel better and know they are on the road to health. For sale by Charman & Co.

### Harding Grange.

There was a good attendance at the Harding Grange on Saturday. Mr. and Mrs. John Sprague, who had been delegates to the State Grange, made their report. No session of this grange has occurred within the past five months, when no new members were to be initiated. The first and second degrees were conferred Saturday on Dr. E. A. Sommer and Clyde G. Hantley. After dinner, the subjects discussed were: The refining influence of the cultivation of flowers, the advantages to the average man and woman of farm life over life in the city, and cooperation in buying and selling. The topics were discussed with interest and enthusiasm. On account of the prevalence of measles in the family of Walter Kirchheim, none of them were present. The next meeting, on July 2nd, will be a special day for children. The hall is to receive a coat of paint.

### Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia, and Grip. Guaranteed by Charman & Co., Druggists. Trial bottles free, regular sizes 50c, and \$1.

### School Report.

Report of School District No. 32, Clarkes. Term commenced October 5, 1903, ending June 3, 1904. No. of pupils enrolled, 41. Average number enrolled, 30. Average daily attendance, 28. No. of visitors during term, 44. County Superintendent, 1; parents, 10; S. B. and others, 25. Those not absent during the term: Clyde Ringo, Wilfred Marshall, Louisa Miller, Minnie Miller, Charles Benton. LILLIAN F. GANS, Teacher.

### Unveiling of Monuments.

The members of Willamette Falls Camp, No. 148, Woodmen of the World, and of Solia Circle, Women of Woodcraft, observed Woodmen Memorial day last Sunday by unveiling the monuments in Mountain View cemetery, which have been erected over the graves of George W. Grace, Dora P. Stover and Mr. Kruger. The graves were beautifully decorated with a profusion of flowers and the monuments were unveiled with the usual ceremonies of the order. The erection of a monument over the graves of deceased members is a feature of Woodcraft that is to be highly commended. It is certainly fitting that, while caring for the widows and orphans, some act should be done directly in honor of the husband and father who has not failed to provide for the dependent ones he has left behind.

### Cures Old Sores.

Westmoreland, Kans., May 5, 1902. Ball Snow Liniment Co: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Milfin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by Charman & Co.

### Graduate From the High School

Graduating exercises of the class of '04 from the Barclay High School, were held at Shiveley's Opera House last Friday night. The members of the graduating class were: Chas. Schirmer, Lena Gadke, Roy Sleight, Ona Renner, Oral Welch, Roy Cooper, Edna Evans, Winnifred Roake, Mary Snidow, John Harry, Peryl Wood, Julia May, Roy Stafford, Clara Koener, Alvey Besnier, Clarence Eaton, Virgil Welch, Edna Simmons, Edna Gard, Carl Horn, June Charman, Nettie Krasse, Maude Moran, Ara Foster, Winnie Hanny, Mabel Tower, Ernest E. Shank, Bertha Long, Ada Hurlbert and Lee Canfield. This is the largest class in the history of the school, and the high attainments of the various members of the class speak volumes for their own energy and industry, as well as for the ability of the principals and teachers in the High School. The program presented was unusually good. The floral decorations and offerings were magnificent.

### It is Up To The Doctor.

A lady wrote us from Winchester, Va., that she had been under a Doctor's care for four years for dyspepsia, the pain appeared to center under the left shoulder blade, was so severe at times that she could neither eat nor sleep. She had lost faith in her home Doctor, and asked us to send her sample of Dr. Gunn's Improved Liver Pills, which had been recommended to her. We sent her two pills, and in a few days she sent for a box. Now she writes that the pain under her shoulder has left her entirely, she enjoys her meals, and never sleeps less than eight hours every night, and this has all come about in two weeks, and cost her 50 cents, for two boxes of pills. Says the doctor charged her \$50, and that she told him he had better take the \$50 and invest it all in Dr. Gunn's Improved Liver Pills and build up his practice. Sold by Druggists for 25c per box. Anyone having dyspepsia, bilious spells or sick-headache can get a speedy cure by the use of these pills. For sale by Charman & Co.

### Leavens—Warner.

Seth Leavens, the popular secretary of the local Y. M. C. A., returned from a trip to California Monday night bringing with him his wife, formerly Miss Cora Blanche Warner, of Union county, Oregon. Mr. Leavens lately took a leave of absence to make a short trip to California, where he met his fiancée and was married to her at Los Angeles, June 3. She preceded him to the South and their honeymoon was spent among the orange blossoms of the Golden State. When he left here he very discreetly kept his true mission to California in the dark, and although somewhat surprised at the course of events, his many friends here are offering congratulations. Mr. and Mrs. Leavens will be at home to their friends here after the 15th.

If you desire a good complexion use Moki Tea, a pure herb drink. It acts on the liver and makes the skin smooth and clear. Cures sick headaches, 25 cts. and 50 cts. Money refunded if it does not satisfy you. Huntley Bros. Co.

### Mrs. Samuel M. Clemens Dead.

Mrs. Samuel M. Clemens, wife of "Mark Twain," the American author and lecturer, died very suddenly last Sunday at Florence, Italy. The remains will be sent to New York, of which state she was a native.

### Laxakola Guaranteed to Cure Constipation.

Huntley Bros. recommends it because they know it cures. "There are to many laxatives on the market," say Huntley Bros., "that it is hard to tell which to recommend, however, it is a good deal of satisfaction to know there is at least one we can recommend with every confidence." Experience shows that Laxakola is sure to benefit every one in need of a mild, tonic laxative, and we ask our customers to try it on our guarantee. Experience has taught us it doesn't pay to deceive the people and recommend anything that might prove in the least unsatisfactory, but we know Laxakola is all right and sure to do good. "It is the only liquid laxative in this store that we are willing to sell with a guarantee, and it tastes so nice that children like it and ask for it." If the baby is colicky, or fretty, or teething there is nothing will do so much good as Laxakola. Try it, and if it proves in the least disappointing we will return your money.

### GREAT INDIANS AT FAIR.

Chief Joseph, Geronimo, Red Cloud and Other Famous Warriors at St. Louis.

Like living pictures in gaudy colors at the World's Fair are some of the most famous Indian chiefs of modern times. Chief Joseph, the great Nez Perce warrior who displayed so much skill in his long campaigns against the United States troops, is one of the World's Fair attractions. Another is Red Cloud, the old Sioux chief, now 96 years old, and his sub-chiefs Flat Iron, Red Shirt, Crow Dog, Lone Bear and Lost Horse.

Red Cloud, whose wrinkled, painted face is like parchment, clings to the Indian garb of the plains but wears eye glasses like the "pale faces." Geronimo, the savage old Apache chief, who led General Miles and other United States army officers such long weary chases through the mountain fastnesses of Arizona and New Mexico, is soon to join the other famous Indians at the Fair. Geronimo and the remnants of his warlike tribe have been prisoners of war at Fort Sill, Oklahoma, for several years and will be under the watchful eyes of United States troops while at the Fair.

These Apache prisoners have no lands or annuities. They are fed and cared for by the government and make considerable spending money by the sale of their fancy bead work, such as moccasins, belts, purses, etc., etc., made of buckskin painted and decorated with beads in an artistic manner.

These old chiefs are accompanied by many members of their tribes: warriors, squaw and papposes, arrayed in blankets and buckskin, gorgeous with decorations, elaborate headdresses and painted faces. These Indians, relics of departing races, are among the most interesting attractions at the Fair and are the subjects of many pictures by kodakers. They wander up and down the Pike every evening and frequently attend some of the shows. They are conspicuous figures robed in their red blankets and decorated with feathers, beads and other ornaments and seem to enjoy the sights and to ignore the curious attention which they attract.

"For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I am completely recovered." For Liver, Kidney Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Charman & Co., Druggists.

### Brutes and Men.

Lower forms of animal life we call brutes. There are some things in which the brutes are above men. For instance, the brutes are guided by instinct alone in the selection of food. Brutes left to themselves would never learn to chew tobacco, to eat pickles, or to drink cocktails. Not even the omnivorous pig would eat much of the stuff named on the menu of a first-class hotel. The dog does not like coffee. A horse will not eat ice cream nor will a rat even nibble at a box of choice cigars. Man alone is capable of doing such a physiological, health-destroying thing. The brutes could teach us, by example many useful lessons if we would but observe and heed them. Instead of allowing the lower animals to teach us, we make pet or servants of them. We kill or maim them for pleasure. We cut them up alive to study the anatomy of their bodies. But we never once stop to consider the lessons which their obedience to nature's laws places before us.—Medical Talk.
