MARKET REPORT.

Corrected to June 9, 1904.

EGGS ARE RANGING HIGHER.

The egg market was higher today with the receipts smaller and the demand larger. This condition has existed during the past few days, but no advance was made in the market until today, when quotations went up 1/2c per dozen.

POULTRY RECEIPTS ARE NOT HEAVY.

The receipts in poultry today were no larger than the demand and the market assumed a better tone. At the present quotation the demand is better. Old hens are not wanted very badly but large springs will find a welcome sale.

BEST VEAL IS IN GOOD DEMAND.

In the veal market the receipts are still quite large, but the demand for the better grade is good and the usual prices are easily obtained. The poor arrivals are in bad shape as far as the demand and price is concerned.

OUTSIDE BERRIES SELL LOWER.

The strawberries which came from up the valley are arriving in poor shape and on this class of goods as low as 2c per pound is being received by the dealers. For Mount Tabor and Hood River berries the demand is better on account of the better condition in which the fruit arrives. Good berries sold today from 4c to 5c per pound. Receipts are still very large.

CHEAP FRUIT IS PLENTIFUL.

Cheap strawberries are very plentiful and the hawkers are doing a large business selling them to the housewives for canning purposes. The Holmes cannery, corner East Eighth and Division streets, will very likely resume operations tomorrow, the first business being done in strawberries. With the opening of the canning season the large surplus will be taken off the market and steadier prices are expected to rule.

DRESSED HOGS SLIGHTLY FIRMER.

Dressed hogs are showing a stronger tone on account of the small receipts. The cool nights are probably the most important factor in the market. Mutton and lambs are not coming very fast, but the market is not in need of them.

POTATO MARKET STILL IMPROVING.

The potato market is still showing signs of improvement and although there have as yet been no advances in the quotations some are expected if the receipts do not crowd too hard. New potatoes from California continue in larger supply, but the price is still rather high.

PROVISION MARKET REMAINS DULL.

The local provision market remains in a dull state and very little business is being transacted. The prices are now so low that packers are of the opinion that the next move in the lists will be upward. The slight improvement in hogs will cause this.

FLAG DAY--JUNE 14TH

Woodmen Urge Observance

The Woodmen of the World, in addition to being both a fraternal and an insurance society, is also a patriotic organization.

It places the American flag behind the presiding officer's chair and insists that a proper sign of loyalty to it shall be given by each member at every session of the camp. The order in other ways and on many occasions has shown evidence of its patriotic tendencies.

It is because of this feature of the society, that the Oregon Woodmen last year took up the matter of asking all citizens to observe "Flag Day." Their efforts were crowned with considerable success and they hope that this year the date will be generally observed by all citizens of Oregon.

June 14th is Flag Day. This is the day that was set apart by act of congress in commemoration of the day upon which the stars and stripes were formally selected as the emblem of "the land of the free and the home of the brave."

June 14th was chosen because it was on that day in the year 1777 congress accepted and approved of the design of the American flag. Flag Day is not a legal holiday and its observance will in no wise detract from anyone's business or calling.

All that is required is that Old Glory shall be run up on that date on every flagpole and also be displayed from all other points of advantage, so that all that day we may be reminded of the sacred and momentous scene which was enacted on that day, 127 years ago.

We earnestly trust that our citizens generally will respond to this request of the Woodmen. The proper observance of Flag Day is a noble one and is well calculated to impress our minds and touch our hearts with a renewed sense of the sufferings borne by our Revolutionary sires.

We cannot be too often reminded, nor can too many ways be devised to bring back to us thoughts of the awful sacrifices made by our forefathers, nor that eternal vigilance is the price for our continued liberty which they so dearly purchased.

Therefore let all citizens, irrespective of lodge or party affiliations, place the flags at the mast-heads that morning, or in other conspicuous places, for above all other things we are Americans, whose hearts beat in unison with love and veneration for the grand old starry banner.

—Oregon Woodman.

What Local Option Means.

There seems to be much confusion in regard to the meaning of the local option law approved by the voters at last Monday's election.

In answer to inquiries concerning its operation, the following statements are made: Immediately after being officially notified that a majority of votes cast at the recent election on the Local Option were in favor of that law, the Governor of the state will issue a proclamation declaring it to be part of the state laws.

Then, if ten per cent of the voters of any precinct or contiguous precincts, or of a county, petition for the submission of the question of prohibition to a vote of the people, it shall be so submitted. This petition must be submitted not less than 30, nor more than 90 days before a presidential, state or city election, and shall be voted on at such election.

If a majority vote in favor of prohibition, then it shall be illegal to engage in the sale of liquors except the sale of pure alcohol for scientific or manufacturing purposes, wine to church officials for sacramental purposes, or alcoholic stimulants in case of sickness.

LATEST NEWS NOTES.

Galloway Elected Judge in Third Judicial District.

Local Option and Direct Primary Nominating Law Endorsed by people.

Incidents in the Colorado War are Two Pitched Battles Between Miners and Militia, and the Declaration of Martial Law.

LOCAL OPTION WINS.

Local option has won in the state by 4000. The direct primary law has received a majority of 20,000, and the state printer amendment has also received a majority of the votes in the state.

WORD AND MANNING WIN.

In Multnomah county the Democrats centered all their efforts on the election of sheriff and district attorney, landing both, Word being elected Sheriff and Manning district attorney.

GALLOWAY ELECTED.

Judge William Galloway, so well known to the citizens of this county, and so popular with them, has been elected Judge of the third judicial district by about 700 majority.

As there was a normal Republican majority to overcome, the Judge is certainly entitled to congratulations. In his home county, Yamhill, he secured a majority of about 500, running ahead in every precinct in the county.

In Tillamook, normally Republican, and the home of his opponent, B. L. Eddy, he came out ahead by 35 votes.

EVIDENCE OF MURDER.

Many circumstances indicate that the supposed suicide of J. C. Conn, of Lake County may yet be shown to have been murder. Mr. Conn disappeared on March 4, and his dead body was found in a pasture not far from Silver Lake, on April 21.

Some of the circumstances pointing to murder are: The very field where the body was found had been thoroughly searched soon after his disappearance; the clothing found on the body, and papers found in the pockets, show no signs of having been water-soaked, although an unusual amount of rain fell during March; the body was but slightly discolored, showing that it had not long been exposed to the weather.

WAR IN COLORADO.

The striking miners and the military have come into armed conflict at Victor, Colorado. In the first battle one miner was killed and fourteen captured. In a second encounter, over 200 shots were fired, but no one was injured. Seven miners were captured.

Martial law has been declared in Teller county.

NEWSPAPER PLANT WRECKED.

On the night of June 8, armed men walked into the office of the Record at Victor, Colorado, ordered the workmen to throw up their hands, and proceeded to demolish the plant. Two linotypes and several job presses were destroyed. After they had completed their work of ruin, they marched the Record force out to the street and told them to leave town.

The Record has been known as the organ of the Western Federation of Miners.

THE WAR IN THE EAST.

News in regard to the war in the East are very indefinite. It is reported from St. Petersburg that a determined attack on Port Arthur was repulsed with severe losses to the Japanese. It is also reported that the Vladivostok squadron has reached Port Arthur and sunk four Japanese ships in a naval engagement.

TRAIN ROBBERY.

The Denver and Rio Grande passenger train was held up on Wednesday at a point near Grand Junction, Colorado, and the express car blown up. One brakeman was wounded in the leg by the robbers. Only ten dollars was secured by the bandits.

Special Excursion to the World's Fair.

The Denver & Rio Grande, in connection with the Missouri Pacific, will run a series of Personally Conducted Excursions to the Worlds Fair during June. These excursions will run through to St. Louis without change of cars, making short stops at principal points enroute.

The first of these Excursions will leave Portland June 7th, and the second June 17th. The rate from Portland will be \$67.50 to St. Louis and return. Excursionists going via the Denver & Rio Grande have the privilege of returning via a different route. This is the most pleasant way, as well as the most delightful route, to cross the continent.

The stops arranged give an opportunity of visiting the various points of interest in and about Salt Lake City, Denver and Kansas City. If you wish to accompany one of these excursions write at once to W. C. McBride, 124 Third street, Portland, for sleeping car reservations.

See by His Doctor.

"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Geo. A. Harding.

Try for Health

222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie on my back nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?
