**Very Annoying to Some People.**

People that are known to be weak and sickly, by their neighbors, are asked the question every day whether they are feeling better. Do you feel stronger? Are you gaining flesh? Their friends know if they are gaining flesh, it is one of the sure signs of returning health. If they can only get a remedy that will make solid, healthy flesh, recovery is assured. People with nervous troubles, loss of flesh and strength, no ambition, languid and always tired, have thin watery blood. The food they eat does not nourish them, it does not make blood. If after each meal they would take Dr. Gunn's Blood and Nerve Tonic, their food would be turned into rich, red blood, making solid flesh and strength. The tablets are sold in boxes for \$2. Druggists for 75 cents, or 3 boxes for \$2. People who use this Tonic gain in solid flesh from 1 to 3 pounds per week, they feel better and know they are on the road to health. **Triumphs of Modern Surgery.**

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; anti-septic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an anti-septic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by Geo. A. Harding.
