Mr. William Shannon was elected for director at our school meeting last week.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Geo. A. Harding.

Bull Run.

You may think that we are all dead by not hearing from us for so long, but not so; we are all still kicking.

Most of all the sawmills in our vicinity have closed for the season.

Mr. Ernest Anchoff is somewhat improved since his narrow escape with powder and we all wish him a speedy recovery.

We are sorry to say that Mr. Wm. Phelps' condition is no better and he must change climate in the hope of restoring his health.

Everybody is eagerly making preparations for the grand celebration to be given at Sandy the Fourth.

"Boys, come along, get your bells ready, for there's goin to be a meetin'" in the form of a wedding in this burg soon.

School closed in District 45 last Friday. A picnic dinner was served and in the afternoon an excellent program was rendered. The pupils rendered their parts so well, it showed that their teacher, Miss Boen, had left nothing undone in preparation. Miss Boen has taught in this district for five and one-half months, giving perfect satisfaction and the Directors would do a great service for the district if her invaluable services could be procured for the ensuing term. She has returned to her home in Oregon City, and we all regret our loss very much.

Everything is drying up. Crops are suffering for want of rain, and if it does not rain in a few days the crops will be only half of what they are usually. Haying is in full blast with a light crop. Cheat hay will soon be here and it is also short.

There seems to be a great many young china pheasants this year, as it has been so dry, and they were therefore not drowned as usual in the young grain.

Wild blackberries are getting ripe and there seems to be plenty of them.

The prune crop is nil.

The directors are having the school house painted inside, and the black boards related.

The camp meeting is progressing quietly at Wright's Springs and will continue until the fifth of July.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This remedy is certain to be needed in almost every home before the summer is over. It can always be depended upon even in the most severe and dangerous cases. It is especially valuable for summer disorders in children. It is pleasant to take and never fails to give prompt relief. Why not buy it now? It may save life. For sale by Geo. A. Harding.

J. C. Kanplish is on the sick list.

Canby.

Mr. and Mrs. George Knight spent Sunday in Portland.

A man had his foot cut off by the freight train at New Era last Saturday morning and was picked up by the same train and brought to Canby where Dr. H. A. Dedman dressed the wounds as well as could be done in the limited time.

He was then placed on the Albany local and sent to Oregon City where it is said the county officials refused to allow him to be taken from the train as they claimed it was the railroad Company's place to look after him. The train was held for an hour to argue the case, during which time the man lay in agony in the car. This was rather hard treatment for the unfortunate and it seems as if some one is responsible for treatment that man should not give to his brother man. Even though he was only a hobo he should have received prompt medical attention for the sake of common humanity.

There will be installation of officers followed by a banquet for I. O. O. F. at Knight's Hall Friday evening. All members of I. O. O. F. are invited.

with the exception of a carload belonging to Wolf & Son.

Cora Blosser, of Portland, was a Canby visitor this week.

J. S. Dick was out fishing in the Molalla below Knight's bridge Tuesday afternoon and caught 15 fine large trout and a grayling over a foot long. This is good luck for a stream that is fished over as much as Molalla.

Jack Howard, Andy Knight, J. B. Ferrout and E. Bair were Foriland visitors Tuesday.

Ralph Knight and Chester Will were fishing Sunday and caught a fine lot of trout including the old he trout of Molalla caught by Chester. It is understood that Chester will now take out a fish license.

Do not forget that Canby will put up the finest Fourth of July celebration ever witnessed in Clackamas county. Every one that wants a good time from early morning until late at night come to Canby. There will be good order and a first-class time for all.

Umpire Adam Knight gave good satisfaction to both sides. Battery for Mr. Angel, Mickel and Fessler. For Canby, C. Baty, Smith and Volney White. Smith pitched one inning and struck out three men. Canby will play Sellwood next Sunday on Canby diamond.

Needy.

Ed Miller is building a hop house, George Kesseling and Mr. Askins are doing the carpenter work.

Shubel.

A sad accident happened here Friday afternoon, in which S. Hatton of Logan lost his life. Just how it happened will never be known. John Bluhm's horses ran away on what is known as the Beson hill. They had lost the wagon of Mr. Hatton who was on his way to Highland. Whether Mr. Bluhm's horses jumped on top of his wagon or he jumped out or his horses got scared and ran away is all guess work. One of his horses was thrown or jumped over the bridge about fifteen feet high, while he was found in the road unconscious several hundred feet from where his wagon was overturned. He was carried to Mr. Bluhm's house. Dr. Lowe, of Oregon City, assisted by Dr. Hickman, performed an operation, having found Mr. Hatton's skull fractured. He never rallied but died at 8 o'clock Saturday morning.

Mrs. E. F. Gintner came home last Friday. She was in Oregon City for the last five weeks under the care of a doctor, who amputated one of her fingers.

A large number went over on the Molalla road near Carus, Sunday, to see the horse race between J. Willis's and Albert Studeman's horses for a purse of \$20.00. It seems the judges could not agree on who won.

A petition is being circulated to extend R. F. D. No. 3 from Oregon City to take in Shubel, Highland and Clarkes.

The hay crop will be short—say about half a crop; oats about half a crop; fall wheat looks good and will make an average crop. A good rain is needed for late oats and gardens.

Wm. Lindare of Astoria is visiting at E. W. Hornshuh's for a few days.

Rev. Wettlaufer and family, of Oregon City, was here visiting among the members of his church last Friday.

The boys cleared \$16.25 at the pie social and about \$2.00 at the dance, to be used towards getting baseball suits.

What is the matter with the Carus correspondent? He said in last week's issue the game was won by Carus by a score of 7 to 5. He either did not know or did not want to give the Shubel boys their just dues. The game was 7 to 6 in favor of the Shubel team, and no favors ated.

CLARKES.

Haying is in full blast now, and every one has a long face as the crop is small. Early sown grain is doing very well, but prospects are rather slim for late spring grain.

H. Krueger paid his parents a visit the past Sunday.

Mr. Kocher, the implement dealer of Canby, was in our vicinity selling some machinery with good success.

The Cummings have returned from Eastern Oregon and again run their mill full blast.

S. Elmer is erecting some buildings to shelter his newly purchased threshing outfit.

The arrangements for Clarkes celebration are progressing nicely and a large crowd is expected. The managers are doing everything possible to provide entertainment for those who attend. Geo. C. Brownell and the Maccabee quartet will be there. All kinds of amusements will be furnished including a good dance.

"BEE-LINE" BUGGIES

Some years ago we stopped buying the manufacturers regular construction and grade in medium priced Buggies and got up a buggy of our own, improving the construction and grade of the materials used. To distinguish these goods from regular Eastern work, such as is handled by others, we put our own name and brand on them. We call them our "Bee-Line," in other words our "B" grade or medium priced line—and we defy anybody to put more service and wear in a buggy of medium price than we have in these. When you buy a Bee-Line you get something for your money.
