MARKET REPORT.

Corrected to July 7, 1904. Old potatoes selling at \$1.35 per hundred pounds in the Portland wholesale market.

This brief announcement, could it have been made about two months ago for this time, would have gladdened the heart of many a potato dealer and grower who was holding out hope against hope that prices would not go to the low level they did several years ago.

The following from The Oregonian should be read by every one who is interested in good government. LINCOLN, Neb., July 12. W. J. Bryan today gave out the following statement: "I shall vote for Parker and Davis, the nominees of the Democratic National Convention, and shall do so for the following reasons: "First—Because the Democratic ticket stands for opposition to imperialism, while the Republican ticket stands for an imperialistic policy."

There is a decided scarcity of veal and hogs in the market at present—the former being nearly entirely out or both the live and dressed markets. Prices are a trifle higher. Fancy veal is being eagerly sought after, all arrivals being cleaned up as soon as unloaded.

Although it is not so much apparent on the surface the demand for spring fowls is not as good as during the past week and dealers are hesitating before paying the present high figures.

There was a cut of one-half cent in the quotations on chinook salmon today making the quotations on both that grade and steelheads 8c per pound. There is a noticeable run of chinooks on the sound, some of the fishermen asserting that the kings of fishdom have given the Columbia the go-by this season.

With the eastern provision market in a firm condition on account of the strike of the butchers at all the larger plants and prices there on the increase, there is a better feeling in local stocks and the market looks higher.

A slight improvement in the tone of creamery butter can now be noticed. The receipts, although still quite heavy, are not as large as they have been and the buying is improving.

discrimination by the transportation companies, as the most potent agency in promoting and strengthening these unlawful conspiracies against trade. We demand an enlargement of the powers of the Interstate Commerce Commission, to the end that the traveling public and shippers of this country may have prompt and adequate relief for the abuses to which they are subject in the matter of transportation.

We demand a strict observance of civil and criminal statutes against all such trusts, combinations and monopolies, and we demand the enactment of such further legislation as may be necessary effectually to suppress them.

Any trust or unlawful combination engaged in interstate commerce, which is monopolizing any branch of business or production, should not be permitted to transact business outside of the state of its origin. Whenever it shall be established in any court of competent jurisdiction that such monopolization exists, prohibition should be enforced through comprehensive laws to be enacted on the subject.

OTHER DECLARATIONS.

The speedy, honest and economic construction of the Panama canal is urged; the protection of American citizens in all countries is insisted upon; election of United States Senators by a direct vote of the people is favored. Other planks favor the immediate admission of the territories as states; denounce the abhorrible subsidy bill; demand the extermination of polygamy; favor liberal trade arrangements with Canada and other countries.

The existing Republican Administration has been spasmodic, spectacular and arbitrary. It has made itself a satire upon the Congress, the courts and upon the settled practices and usages of National and international law. It summoned the Congress into hasty and futile extra session and virtually adjourned it, leaving behind its flight from Washington uncalculated calendars and unaccomplished tasks.

It made war, which is the sole power of Congress, without its authority, thereby usurping its fundamental prerogatives. It violated a statute of the United States, as well as plain treaty obligations, international usages and constitutional law; and has done so under pretense of executing a great public policy which could have been more easily effected lawfully, constitutionally and with honor.

It forced strained and unnatural constructions upon statutes, usurping judicial interpretation and substituting Congressional enactments. It withdrew from Congress its customary duty of investigation, which have heretofore made the representatives of the people and states the terror of evildoers.
