Sherwin & Williams Co.

Gloss White

Probably one-fourth of all the paint used during a season is white; would it not be something of a surprise to know that Mr. Sherwin, of the Sherwin-Williams Co. made the statement at the convention of salesmen last spring that on every gallon of gloss sold this year the Company would loose a fraction of one cent? This hardly looks reasonable to the ordinary person, and, but for the knowledge of the Company's business methods, we might be inclined to take this statement with a grain of salt. But a statement of this kind coming from a firm with the reputation of the Sherwin & Williams Co. must naturally be accepted as the truth. We might also add that he suggested that every salesman push the sales of colors rather than white during the coming season.

It therefore seems to us that every person using white this season would take S. & W. Gloss White and feel for once at least that they were getting altogether the best of the bargain.

Much of the time this season we have been unable to supply S. W. P. as promptly as we would like—particularly the Gloss White—the Portland warehouse being short much of the time, but now we have a complete stock and can furnish white or any other color in unlimited quantities. See our expert paint man before buying your material.

A member of the Chemawa band discouraging music at the Chautauqua at Gladstone, was fined \$10 by Justice Stipp this week for striking the leader Mr. Studenmeier. The fracas occurred at the Indian camp on the Chautauqua grounds last Friday. Studenmeier demanded an apology from the youth, who is the son of Assistant Superintendent Campbell of the Chemawa school, but this was refused. Studenmeier then called up the lad's father at Chemawa, but could get no satisfaction, and then swore out a warrant for young Campbell's arrest. His trial was set for Tuesday, but he realized that he was guilty and pleaded so.

Don Meldrum, taking with him five men, left this week for the upper Willamette, he intending to survey the lands belonging to the Willamette Pulp & Paper Company from the McKenzie river to Oregon City. The work will occupy force of men for about a month. The local corporation owns considerable land along the banks and bottoms of the Willamette, and the survey will be made to locate the boundaries of the land and to determine if any changes have been

made in the course of the river since their lands were last surveyed. The Willamette Company uses these lands to raise cottonwood trees, which are set out when small and being of quick growth, soon become large enough to be cut for pulp wood. Last year the company set 64,000 small trees, and they are continually harvesting the crop of cottonwoods planted in former years.

MAKES WORK EASIER.
Oregon City People Are Pleased to Learn How It Is Done.

It's pretty hard to attend to duties with a constantly aching back. With annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache. They cure every kidney ail.

Mrs. G. Richards, wife of C. Richards, Portland, painter, and living at 871 Market street, says: "Mr. Richards values Doan's Kidney Pills very highly. He has had attacks of kidney trouble for years. He is a painter by trade and there is no doubt but the turpentine has had more or less effect on his kidneys, as I believe most painters are more or less afflicted with kidney troubles. Last fall he had an acute attack and when Doan's Kidney Pills were brought to our notice and I got him a box, they so regulated his kidneys that relief came in a remarkably short time. I have often heard him express his appreciation of this valuable remedy."
