DUANE C. ELY IMPLEMENT HOUSE

Agent for

John Deere Line Plows, Buggies and Harrows

My desire to have every farmer call and get my prices first before buying elsewhere is to show that I have nearly everything in the implement line, and by seeing the goods they will know the value of the same, and by comparison with other makes and prices, I am willing to take my chances on their buying. My policy is to handle a good quality of goods and not trash in order to make a cheap price.
