

CLACKAMAS.

The Congregational and the Methodist churches are each making preparations to observe Easter Sunday with appropriate exercises. The program of the former will be rendered in the morning while that of the latter will be in the evening.

Linden Phillips, who has been in the hospital several weeks on account of an injury to his back, is reported as being no better.

S. Garrison has built a neat wire fence around his vacant block north of the schoolhouse.

The Mothers' Club is already beginning to show that it stands for improvement. The work to which its attention is now turned is that of cleaning up and otherwise beautifying the cemetery.

Mr. Street is making extensive improvements to his already well equipped and large greenhouse. He has a contract to furnish six thousand tomato plants to a local grower.

The civic pride of Clackamas has suffered a humiliating fall and he is said that no haughty spirit went before it. True, no groups of stately gait greeted the eye of the chance tourist, nor did sparkling fountains recall the names of the village forefathers.

But she had a monument—a monument to the wisdom of the county court—the monster road engine. Nor was it hidden away from the eyes of the curious or even placed under the protection of a friendly shed, but was left all winter on a prominent street where all might see (and incidentally where Oregon might get in its deadly work.) In fact it had gained residence and its removal puts Clackamas on a plane with Marquam and Molalla which have been denied everything in connection with the great roadmaker except the privilege of helping to pay for it.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Geo. A. Harding.

MACKSBURG.

Fine weather prevails after some heavy showers.

A wireless telegraph has been established across Cow creek between Mrs. Nortz and Mrs. Bowen's. It seems to work to perfection.

F. C. Klingler is making some good improvements on his place this spring. Let the good work go on, Frank.

Wm. Yohann, one of Portland's leading carpenters and architects, is visit-

ing with his mother and brother, Fred, of Jefferson Square.

Mr. Wilson, who has built a new house out by the road last year, is building a chicken house this spring. He says the coons have carried off three dozen eggs for him on the old place, and they even carry off his eggs in broad day light, mostly while the folks are at dinner. Pretty smart coons.

If you want all the Macksburg news and more too, subscribe for the Courier.

J. O. Morris is still on the turf. Hurrah for Jim!

Morris & White livery firm of Canby are hauling potatoes for Mr. Stier, of Jefferson Square.

Fred Yohann was doing some grubbing last week and plowing some time between times, that is, he tried to plow a piece of clearing which he had done with the above results, but Fred is one of those who is willing to lose a little in case his neighbors will gain knowledge by his loss.

The friends of Mrs. Wilson will be glad to hear that she has returned from a Portland hospital, and is on the way to recovery.

Ballard's Horehound Syrup.

Immediately relieves hoarse, croupy cough; opprest, rattling, rasping and difficult breathing. Henry Stearns, Druggist, Shullsburg, Wis., writes, May 20, 1902: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, and \$1. Charman & Co., City Drug Store.

MOLALLA.

We are having some rain out this way that is doing the grain a great amount of good—in fact, making all kinds of vegetation grow.

Gipsen and Lewis are making Mr. Toller's house loom up in great shape. They have a woodshed completed, the frame of the dwelling up, and some of the rustic on. When complete, it will add greatly to the looks of the place.

Doctor Powell is moving his family from Oregon City to the J. V. Harless house in the south end of Stringtown.

F. C. Perry has completed his photo gallery. Bill Jones is in charge. Mr. Perry, who never does things by

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

Several Molalla people attended the funeral of Uncle Joe Trullinger at Union Mills.

G. V. Adams expects to raise his large barn next Friday.

We will probably get a rural route from Molalla going southeast and returning from the southwest, being some twenty odd miles in length.

Died, near Molalla on April 8, Lillie, wife of J. M. Austen, her maiden name being Lillie De Malorie. She was born at Savannah, Andrew county, Missouri, on Jan. 8, 1868, being 37 years and 3 months of age. She was married to J. M. Austen August 12, 1888. She came to Molalla from McCune, Kansas in June, 1887. She died after a long lingering illness from consumption and was buried at the Adams cemetery on April 12, by the Molalla Grange, of which she was a member. Mr. Austen desires to thank his friends for their kindness during the last illness of his wife.

Chamberlain's Cough Remedy the Best and Most Popular.

"We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There's no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by Geo. A. MONEY SAVING PAINT

Money saving in painting doesn't mean the use of cheap-by-the-gallon paint. It means the use of first-quality paint—paint that will cover most surface to the gallon, that will spread easy and save the painters' time, that will wear well and put off for the longest time the need for re-painting.

THE SHERWIN-WILLIAMS PAINT

is a money saving paint. It covers most surface to the gallon because it is ground exceptionally fine and is thoroughly mixed. For the same reason, it spreads easiest and saves the painters' time. It wears longest because it is made from the best materials, so thoroughly combined that they become inseparable, and hold together on the building for the longest time. When you buy The Sherwin-Williams Paint you buy economy. We sell it. Color cards free.

There is no job of painting so small nor one so large that we are not prepared to supply you with exactly what you want, at the very lowest Portland prices.
