One new member was taken through the first and second degrees and two were taken in by demit, while two applications are pending. Indigestion.

With its companions, heart burn, flatulency, torpidity of the liver, constipaton, palpitation of the heart, impure blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c a bottle. Sold by Charman & Co., City Drug Store.

CLACKAMAS.

Clackamas Grange, No. 298, held the regular day meeting July 1. Mr and Mrs. Brayton, of Parkplace, were guests of the Grange. On account of the busy season only a few members were on hand in the morning. A good dinner was served, however. Brother Brayton presented the matter of forming a Clackamas Cemetery Association. It was finally decided to lay the matter before a meeting of the citizens at the cemetery grounds, which is to take place in the near future. Mr. Brayton learned that a deed to the lot is held by the Matlock heirs in trust until such time as a Baptist church may be established here. The literary hour was filled by an impromptu program. Sister Brayton congratulated the Grange on having members who were prompt and willing to contribute to the enjoyment of the hour.

Monday night the house of William Phillips was completely burned. The fire started from a defective flue and was well under way before discovered. All the furniture in the lower front part of the house was saved, but dishes, canned fruit and much bedding and clothing was destroyed. There was an insurance in the Grange for $600.

Clackamas was a very quiet place on the Fourth. Some went to the Fair, some to Oregon City and a picnic party of three wagon loads went up the river. Those who remained at home enjoyed themselves in a quiet way. There was quite a gathering in the evening at the home of Mr. and Mrs. Garrett for fireworks and a good time generally.

The Ladies Aid of the Congregational church will give a social Friday evening, July 7, in the I. O. O. F. Hall. A short program will be rendered and ice cream and cake served. Admission free. Proceeds for the benefit of the church.

LOGAN.

The vetch crop of Logan is something to astonish the natives this year. Where it stands up it is as high as a man's head. The worst feature is that it is down badly and will be hard to cut and cure. The alfalfa that was treated with bacteria culture is starting off well, but the second year crop does not look near so well as in the spring.

BUSINESS MEN ASK PROTECTION.

After Subscribing for Celebrations Others Reap the Benefit.

Itinerant venders have fallen under the ban of the Board of Trade and the complaints of resident dealers in confectionery, fruits, etc., has not fallen on deaf ears. Last Saturday these resolutions were adopted.

"Whereas, The business men of this town are frequently called upon to subscribe or donate for different enterprises and celebrations, and

"Whereas, It frequently occurs that when they have so donated or subscribed, and by means of which subscriptions many visitors are brought into town, that all kinds of peddlers, fakirs and one-day confectionery and fruit stands reap the principal benefit; and

"Whereas, These one-day concerns pay no taxes and a very small license, and usually no license at all, all of which works a hardship on the regular and legitimate business men, who have to pay rent and taxes; therefore be it

"Resolved, That this matter be referred to a special committee of three business men to formulate some plan by which the legitimate business interests of this town will be protected."

Mr. Lowry, if the leaders of the Republican party, or any other party, keep on in the direction they have started, according to the reports of our supreme courts, where will the wheelers come in? No doubt but what the Republican party has had grand principles at one time, but where will the hayseed get off, if this keeps up? He will go way back and sit down.

SPRINGWATER.

Bright fine weather. Large number of people came up from Portland July 4 to Estacada and more wanted to come. They overtaxed the capacity of the cars. It was said that the O. W. P. Co. had to give back 1000 tickets to the would-be comers. Geo. C. Brownell gave one of his characteristic talks in the pavilion at 9 p. m. Some Fourth of July parties gave a bright light on top of Mt. Hood.

Several of the Springwater boys who were away from home came home to spend the 4th.

If the weather stays favorable, haying will commence in earnest.

The advertising committee placed the curtain in position, with the advertisements upon it, and the work being well done, it adds much to the appearance of the hall. The proceeds of the advertising will add enough to the funds on hand to put the Grange out of debt and purchase robes for the team.

The lecturer's hour was turned over to the young folks and marked the close of their part of the six months' contest. Right well they filled the time, with dialogues, recitations, songs, instrumental music and essays. Eva Newkirk read an essay on the Lewis and Clark Fair and Thos. Anderson treated the subject of corn. Both did justice to their subjects in matter and form. Karl Fallert gave two of his funny German selections and Fred Moser sang after his scalp as the prize funny Dutchman.

O. D. Robbins urged all to prepare exhibits for the Fair and also to see the museum in the city hall in Portland.

H. S. Anderson reported that the Oregon Agricultural College forces have written that they can hold a farmers' institute the early fall.

W. P. Kirchem spoke of the injustice to farmers of the meat inspection law, at Portland, and was appointed to investigate and report on the advisability of fighting the same.
