WILL CONSTRUCT POWER PLANT.

Portland General Electric Company Will Build on East Side.

Portland General Electric Company, whose main general electric power station is located at the falls in this city, is making arrangements for the construction this fall of a 40,000 horse power electric plant on the east side of the Willamette river.

Four million dollars in bonds have already been sold by the P. G. E. Co. to N. W. Harris, of New York and Chicago, although the decision to issue the new securities was only made last Wednesday at a meeting of the stockholders. The other \$6,000,000 authorized will be reserved for future needs.

The money secured from the first sale of bonds will be used taking up outstanding debts as well as in paying for future improvements. The company has heavy property interests in this county, most of which is located around Willamette Falls. The company already has a large plant on the west side of the river, but owing to the increase in the demand for electrical power, the company has decided to increase its plant.

Fight Over Horse Trade.

Warrant for the arrest of John Doe was issued yesterday by Justice Stipp upon the complaint of P. Miels, who swore that he was assaulted and violently struck in the face by defendant.

Miels, who is a German living several miles out in the country, stated that John Doe, whose true name is not definitely known, approached him during the afternoon and struck him for a horse trade, which at the time appeared to be very nice. Miels and the horse trader looked over Doe's team with the intention of making a trade, but after sizing his own team up again, and for the first time realizing their true value to him on his fine farm, he decided that he would back down in the bargain already made. On finding that Miels would not make the trade as agreed to between them, John Doe rose up in his anger and hit the worthy German in the face, jarring loose several of Miels' front teeth.

The defendant was immediately put under arrest by Constable Harry Trembath and brought up for hearing before Judge Stipp. John Doe pleaded guilty to the charge and was fined \$10, \$5 to be paid down in cash, and the balance to be paid when he gets it.

We desire to extend our heartfelt thanks to the many friends who so kindly extended their sympathy and help in this sad hour in the loss of a dear husband and father.

MRS. JENNIE E. BOYLES AND FAMILY.

Sues for \$5000 Damages.

J. M. Marlin, as administrator of the estate of Maggie Goetgen, by his attorneys, has instituted a damage suit in the circuit court of this county against Dr. W. E. Carrl and Dr. C. A. Stewart, two Oregon City physicians and surgeons.

In his complaint the plaintiff alleges that on or about the 30th day of July, 1903, Maggie Goetgen and her husband, Charles Goetgen, employed and retained Dr. Carrl and Dr. Stewart, for a valuable consideration, as physicians, to attend and treat Maggie Goetgen, and that the said defendants accepted the said employment and entered upon the performance thereof. That on the date of the doctors' employment in such case they undertook to perform a surgical operation upon Maggie Goetgen, and in the performance of such operation the defendants conducted themselves in an ignorant, unskillful and negligent manner, which caused the death of the patient.

In plaintiff's prayer he alleges that the estate of Maggie Goetgen, by such unskillful operation, has been damaged in the sum of \$5000.

During the year 1903, shortly after the death of Mrs. Goetgen, her husband brought suit in the Clackamas county courts in order to recover damages, but owing to some mere technicality the case was thrown out of court.

Card of Thanks.

We hereby extend our heartfelt thanks to our friends and neighbors who have shown us such kind sympathy and assistance in our sad and sorrowful trouble, the burial of our son and brother.

To Protect Fruit and Hop Industry.

James H. Reid, fruit inspector for Clackamas county, stated today that he had secured the co-operation of the merchants of this county for the purpose of protecting the fruit and hop industry of the state of Oregon. It is the purpose of the inspector and the merchants to prevent the farmers and hop raisers from putting on the market wormy and decayed fruits as well as unsound hops. The inspector especially calls attention to Sec. V of the state fruit laws, which state that it shall be unlawful to import or sell any infested or diseased fruit of any kind in the state of Oregon.

Dr. Wolf With Peary Expedition.

Dr. Louis J. Wolf, who has been chosen as surgeon of the Peary expedition, is well known among Oregon City people, having practiced medicine here in the stead of Dr. M. C. Strickland, while he was taking a course in the East and Europe. Dr. Wolf has a large circle of friends here, all of whom wish him great success in his adventures in the Far North.

Inspects Water Plant.

Professor Sweetser, state biologist, and who has charge of the class in biology at Chautauqua, brought his class to Oregon City from Gladstone Park Monday and made an inspection of the city filtering water plant. This visit was in the interest of his lecture at the Chautauqua on securing and retaining a pure water supply.

Methodists Visit This City.

One hundred members of the Methodist congress now being held at Portland arrived in this city Wednesday by the noon boat. They came here in the event of looking over the old Oregon City land marks, especially the old Methodist church. This church is the oldest Protestant church on the Pacific coast and west of the Rocky mountains.

MORTGAGE FOR \$10,000,000.

Portland General Electric Company's Property Is Encumbered.

A mortgage for \$10,000,000 by the Portland General Electric Company in favor of the United States Mortgage Trust Company, of New York, was filed for record in the office of the county recorder yesterday. It covers all of the property of the company in Clackamas and Multnomah counties, including the Willamette Falls power plant at Oregon City and surrounding real property; also the power plant in North Portland, the Alder street property, etc. Franchises already acquired and to be here after acquired are likewise embraced in the mortgage trust instrument.

The duration of the mortgage is 30 years. The instrument provides for the immediate issuance of \$4,000,000 bonds and to issue bonds to the amount of \$6,000,000 later on from time to time as may be required when additional plants and franchises have been acquired or improvements needed to be made. There is also a provision that \$2,500,000 bonds in the hands of the Central Trust Company, New York, are to be redeemed. The document is a large one, covering about 100 printed pages. It was signed by H. W. Goode, president of the Portland General Electric Company, and was filed by the Title Guarantee & Trust Company.

DESERT SHEEP HERDERS.

Their Lonely, Dreary Life Tends to Drive Them Crazy.

Do you realize what it means to watch 5,000 sheep alone in the desert? You have read weird, gruesome stories of the horror of the solitary lighthouse keeper's life, but compared to the days of the Mexican shepherd those of the average keeper of the light are filled with gaiety and noise. Even with their one or two dogs the shepherds often go insane, and were it not for the company of their shaggy collies the lunacy among them would rise to an almost incredible percentage, if we are to believe those who have followed the sheep in the desert and therefore may be supposed to know.

Once in old Santa Fe, N. M., I met a man who for twelve years had followed the sheep. His work was done. All day long he sat in a chair in the rear of a little box store, crouched over, gibbering to himself, bleating—an idiot. He still saw his sheep swaying like a great white wave among the sage brush, and ever in his ears sounded the killing monotone of their bleats. One boy, though fifteen years of age, is mentally no further advanced than the average child of five. His father is a shepherd, his mother died when he was four years old, and his father took him out upon the range. All his life has been spent among the sheep. He is one with them today.

How is it possible, then, you ask, that men are to be found willing to watch them? It is very easy. Sheep herding is a lazy job at best, and the "greaser" is the laziest creature on earth. For \$20 a month he is willing to sit in the sand and listen to the never ending bleating until the little mind he has gives way and they fetch him in from the range insane. He is glad to take the chance for \$20 a month.

The greaser is not the only shepherd in the west. On the vast ranges of Nevada and Wyoming you may run across an occasional college man tending the sheep. Once, indeed, a college professor, ill of consumption, undertook to follow 5,000 bleaters for the summer. In autumn they found him insane, on his hands and knees among the sheep, bleating with them. Day after day his eyes beheld only a brilliant turquoise sky, in which hung a sun of brass; an ocean swayed of some red sand and a slowly moving compact mass of sheep. His ears heard no sound save the steady "Baa, baa!" day and night, affecting him as the Chinese criminal of ancient days was affected by the regular tap, tap of a hidden drum.

And yet so long as the desert continues to provide food for the "bleaters" so long will shepherds go mad among the flocks, and for ten years the desert's greatest value to man has been the food it has offered the sheep, nor yet is the store depleted.—Pilgrim.

The Wickedness of Growing Old.

Here are the three deadly symptoms of old age: Selfishness, stagnation, intolerance.

If we find them in ourselves we may know we are growing old, even if we are on the merry side of thirty. But, happily, we have three defenses, which are invaluable. If we use them we shall die young if we live to be a hundred. They are: Sympathy, progress, tolerance.

The first is the hardest to most of us, because our own little prison of the actual is so immensely important to us. There is no denying the fact that when you have a toothache yourself it is hard to have to consider other people's aches. But it can be done, though it generally involves physical effort, for we must bestir ourselves and act. The mere feeling of sympathy expressed by action is a poor, useless thing, but the soul, determined not to grow old, can force the body to such physical effort, though there is no denying that it is hard work.—Harper's Bazar.

Toothache.

Toothache is something to be dreaded. Until a dentist can be consulted and the exact cause of the disturbance located and professionally treated it is an excellent thing to moisten the finger and, after dipping it into some bicarbonate of soda, rub it on the gum round the sore tooth. It is also a relief to mix a teaspoonful of this bicarbonate of soda in half a glass of warm water and rinse the mouth with some every little while, holding a little in the mouth for a few seconds so that it penetrates all the crevices. The soda, being an alkali, serves to neutralize the acids in the mouth, which are often the cause of toothache.

Knew the Crowd.

A street preacher in a west of Scotland town called a policeman who was passing and complained about being annoyed by a certain section of the audience and asked him to remove the objectionable ones.

"Weel, ye see," replied the cautious officer, "it would be a hard job for me to spot them, but I'll tell ye what I'd dae if I were you."

"What would you do?" eagerly inquired the preacher.

"Just gae round w' the hat!"

'When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.' 'FOLEY'S KIDNEY CURE corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.' 'CURED OF BRIGHT'S DISEASE. Mr. Robert G. Burke, Elmora, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 30 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited.'
