NEVER UNDERSOLD

One of the most conspicuous features of this store is that we never allow ourselves undersold under any circumstances. We are not satisfied, though, with merely making our prices as low as those of other houses. We make our prices lower when it is possible to do so without lessening the standard of our merchandise. That's why you always hear the remark "Do not buy anything until you see what Roberts Bros. charge." The same principle of lowest prices rules here, and Roberts Bros. guarantee lack of every article.

WOMEN'S COLUMN

Newsy Items to Interest the Fair Sex

Mr. E. Barefoot and Miss S. M. Boots were married at Roswell, N. M., June 14.

Mrs. Anna White designs all the wardrobe of the animal performers for the Barium & Bailey circus.

Mme. Schumann-Heink, the mother of eight children, ought to be able to furnish her own opera chorus.

It used to be that women were content to look pretty, but now they want to be strong as well as beautiful.

No man who is ashamed to act as motor to a baby carriage has any business to butt into the matrimonial game.

The stork flies 100 miles an hour, except when carrying twins. The added weight then makes its flight somewhat slower.

A real estate firm of women at Cottonwood, Kan., negotiated recently the sale of 50,000 acres of land in the western part of the state.

A certain Methodist minister once said, coyly, that after God made man he was dissatisfied with his work and as an improvement made woman.

Some men who would raise the neighborhood if the dog was missing at night are not at all concerned as to where their children may be. Careless situation, isn't it?

At Solomon, Kan., a farm of 100 acres is operated entirely by five women—a mother and four grown daughters—and a boy of 12 years. Each of the women has her own department. The labor is distributed equally among them.

A Philadelphia paper has gathered statistics which show that woman's chances to marry between the ages of 25 and 30 are only 78 per cent, while between 20 and 25 the chances in her favor are 83 per cent. Apparently it is rather dangerous to say "no" to the first man.

What do you think of a man selling his wife for a bottle of beer at auction, and actually endeavoring to turn her over to the purchaser. Well, it happened in Colorado and they had been married just three weeks, consequently a case for a divorce.

Marie Burkart, of Mendota, Ill., was recently appointed assistant controller of the Great Northern Hotel at Chicago. She is practically manager of the place, as the controller is there only an hour a day. She has 2000 employes under her care.

A New York newspaper shows that a large number of American women who married titled foreigners have become the mother of twins. This affords a rational and effective method of breaking up the custom of foreign marriages. Let the news be widely circulated.

The corsetiers are again making woman over, sacrificing the "straight front" to the tapering waist and the narrower back. The smaller waist is an effort to be more feminine, the purpose being to make the sex more attractive to men than it has been since the advent of the athletic girl.

The mayor of Atlantic City, N. J., has issued an order that girls who go in bathing must wear skirts to the knees and the material must not be of too thin material. Violators of this edict will be brought to the mayor's office and he will pass judgment on the length and texture of the offending garment.

Mary had a little lamb; that time has passed away. No lamb could follow up the gait that Mary goes today. For now she rides on air-shod wheels in skirts too short by half; no lambkin shares her airy flight but you can see her calf. But is there one who can complain or cry in woe, "Alas!" so long as Mary's calf's all right the lamb can go to grass. So all the men delight to gaze, their joy is not a sham, for while the other critter's out they have no use for lamb.

A Touching Story

is the saving from death of the baby girl of Geo A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At Howell & Jones' drug store; 50c and \$1. guaranteed. Trial bottle free.

Illinois People at Molalla.

William Adams, a prominent farmer of Molalla, is being visited this week by a party of relatives from Illinois. His brother, Wilson Adams and wife, another brother, Frank Adams and wife, and George and their wives, make a party of eight, who went to Molalla Monday. They have been visiting the Lewis and Clark Exposition and started from Illinois in a party of 14 people. Wilson Adams was here 32 years ago. They had a long ride through Canada and British Columbia, and will return via Los Angeles, where they have relatives.

C. N. PLOWMAN & CO. Over Bank of Oregon City

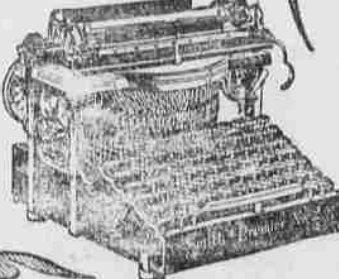

THE cost of a typewriter is not merely the price. Consider the quality and amount of work it does; the time it saves or loses; how it economizes or wastes ribbons and supplies; and, how well it wears. The lowest-price machine may be mighty expensive in the end, while a higher-price one may pay dividends. A little investigation will show that

The Smith Premier
The World's Best Typewriter

is the most economical writing machine ever made. It not only does the best and speediest work, but it wears far longer, and in the end costs less money, than any other make of writing machine.

MR. FULTON HAS NO PULL

His Influence at Washington Is Not Great.

FREE DELIVERY REFUSED

Postoffice Department Is Afraid Receipts From Rent of Mail Boxes Would Decrease.

While the Board of Trade will make an effort to secure free delivery of mails for Oregon City during the present year, it is unlikely that the postoffice department will consent to the commencement of the service. The matter will probably be placed in the hands of United States Senator Fulton, but that gentleman's lack of pull with the powers that be was clearly shown last spring, when the people of this county endeavored to hold the land office in Oregon City, after an order was made transferring it to Portland. Senator Fulton made a strong protest, but all the satisfaction he obtained was a curt acknowledgment of his remonstrance from Secretary of the Interior Hitchcock. Postmaster Randall on last Saturday expected that free delivery would be installed in Oregon City without delay, but his hopes were blasted by a communication from the department, in which it was stated that the service would terminate to a great degree the item of box rent receipts, amounting to \$100 annually. The gross receipts of the local office for the fiscal year ending June 30, 1905, were a trifle in excess of \$10,000. The postoffice department evidently takes the position that the establishment of free delivery service in Oregon City would decrease the receipts from box rents to such an extent that the gross income would fall below \$10,000. This amount of receipts is necessary before the service can be granted.
