Are You Engaged? Engaged people should remember, that after marriage, many quarrels can be avoided by keeping their digestions in good condition, with Electric Bitters. S. A. Brown, of Bennettville, S. C., says: For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy.

NORTHWEST PEOPLE MEET

Interests of Pacific Coast Brought Together.

CO-OPERATION PREVAILS

Most Important Step in History of Development Work Has Been Begun.

The Lewis and Clark Exposition has done more than show the resources of the great Northwest to the entire world; it has cemented the interests of the whole Pacific States region and has brought the people together a some great family. There has never been a time in the history of the Coast when the people have had such unusual opportunities of meeting one another as at the great exposition at Portland this year.

The movement gained great strength through the excursions of the various states to the Exposition. Many of the excursions were given under the auspices of commercial bodies and in this way the men actively engaged in this work have come to know one another. The largest excursion of this kind was that given under the auspices of the California Promotion Committee shortly after the opening of the Fair.

Painter for Farmers.

M. S. Shrock, a farmer living near Hubbard, reports that a farmer at Elliott Prairie, this county, this season harvested 76 bushels and four pounds of clover seed from a 19-acre field, that will bring to the producer \$550. The land on which the crop was grown was a worn-out grainfield five years ago, but under the new system initiated by the owner, the soil has yielded as good, if not better crops, than ever before, and he has produced the largest crop of clover this year of any farmer living in that section of Clackamas county.
