No Piano Complete WITHOUT THE Pianola

Instead of having an instrument in the home which only the musician can play, why not have every member of the family making music, even the little tot who cannot talk plain.

Every class of music is available to the possessor of the Pianola—sacred music, classic compositions, operas, dance music, popular airs—you may become familiar with them all, and play them as well as any musician, even if you do not know a note of music. The Metrostyle, which is now a feature of all Pianolas, indicates for you every shade of expression. All you have to do is to follow with the pointer the red line marked upon the music roll.

Prices of the Metrostyle Pianolas, \$250 and \$300. PURCHASE MAY BE MADE BY MODERATE MONTHLY INSTALLMENTS.

PROPERTY RIGHTS DETERMINED.

Sheriff's Jury Dissolves Attachment on Wilsonville Hops.

Sheriff Shaver presided Tuesday afternoon in a sheriff's jury trial of the case where R. B. Graham instituted an action against John Mayes, of Wilsonville, for about \$30. The plaintiff secured an attachment on a lot of hops, which had been purchased from Mayes by Peters & Aden, of Wilsonville. The defendant brought forth a sheriff's jury to determine the rights of property. J. W. Graham, of Portland, who was attorney for his brother, knew that Peters & Aden owned the hops and agreed to come here Saturday and settle the matter, but it developed at the trial that he went to Wilsonville Friday and got out an attachment on the theory that the sale had not been recorded. However, his brother was ignorant of this. The jury after hearing the evidence, gave a verdict in favor of the defendant and released the hops.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Mississippi, writes, August 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drugstore (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world. Sold by Charman & Co., City Drug Store.

Wells Go Dry.

Board of Water Commissioners met Monday and received a petition for a water main in Kansas City addition. A large part of this section has no water connections, and the residents have had to rely on wells, many of which have been dried up, owing to the long dry spell. There is a water main running from the bridge which stops at Sixteenth street. The board has taken the matter under advisement for investigation, but will probably connect the main at Thirteenth and Jackson streets with the main in the rear of the Barclay school building, making a circulating system.

City Hall at Milwaukee.

Milwaukee's city council has decided to purchase a quarter block of ground to erect a council chamber and firehouse in the near future. Inside of a month money will be on hand from taxation and licenses to purchase ground and erect a building, without incurring a debt. The finance committee was instructed to find a suitable building lot for the purpose and report at the next meeting.

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for 15 years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gilliam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by Geo. A. Harding.

FRANCHISE IS PROPOSED

O. W. P. and City Officials Hold Conference.

ANNUL OLD AGREEMENTS

Railway Company Wants the Privilege of Taking Four Trains Through City Daily.

Looking to the granting of a new franchise to the Oregon Water Power & Railway Company negotiations are in progress. Several months ago the mayor was authorized to name a committee of three councilmen to act jointly with the mayor and City Attorney Griffith to determine whether a franchise could be drawn up that would meet the approval of both the company and the city. Mayor Sommer designated Councilmen William Sheahan, R. Koerner and H. E. Straight as members of this committee and a meeting took place Tuesday night and Fred S. Morris and Superintendent Fielts were present by invitation. Ever phase of the proposition was discussed, but no definite conclusion was reached as to all points, and finally City Attorney F. T. Griffith was instructed to meet with William T. Muir, attorney of the company, and draft a franchise in accordance with the joint ideas expressed. This franchise will be reported back to the committee for approval or rejection before it is reported to the council.

The terms of the proposed franchise embrace the provision that all existing franchises shall be annulled and a new franchise granted for both freight and passengers for a period of 35 years. The railway company is to put a single track in the middle of the street, laid in cement, with grooved rails, and is to maintain that kind of a track between Second and Eleventh streets, and also on all portions of Main street in the north end of the city as rapidly as the bridges are done away with. The company is to maintain the roadway and bridge from the basin to Station A, which is the end of the city limits. The present switch on Main street is to be torn up and a new switch put in from Fourth to Second streets, all switches to be laid in cement and Belgian blocks, same as the track, between rails and a foot on each side.

The railway company is to have the right to transport two trains of four cars and a motor car through the city between 7 a. m. and 12 noon, and the same number between 12 noon and 7 p. m. Between the hours of 9 p. m. and 7 p. m. the freight privileges are to be unrestricted.

No agreement has yet been reached as to the amount of license to be paid. Two plans are under consideration, one providing for arbitration and the other to determine at this time the increase in scale of license fees for different periods during the entire term of the franchise. The speed of all cars is to be under six miles an hour.

Cars shall not be allowed to stand on the street. When the railway company takes up the present tracks, it must thoroughly repair the surface of the street.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse neat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drugstore for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by Geo. A. Harding.

Rauch-Peckover.

W. E. Rauch and Miss Fannie Peckover, of Gladstone, were married at 5 o'clock Sunday afternoon at the residence of the bride's parents at Gladstone in the presence of about 45 relatives and friends. The newly wedded pair were the recipients of many handsome and useful presents. They left Sunday for a fortnight's honeymoon trip and after their return will make their home at Gladstone. Mr. Rauch is a son of W. J. Rauch, a merchant of Gladstone, and both bride and groom have a host of friends in this city.
