

CONDITION OF COUNTY

Clerk Greenman Files Semi-Annual Statement.

INDEBTEDNESS \$60,581.51

Obligations of Clackamas Have Been Reduced About \$2000 in Six Months.

County Clerk Fred W. Greenman has just completed his semi-annual financial statement of the condition of Clackamas county. The last report was made March 31, 1905, and showed a net indebtedness of \$62,582.13. This has been reduced about \$2000 in the past six months. During the six months from September to April there is always a heavy reduction in the indebtedness, as taxes pour in during that time, but from March to October, little money is received. A comparative statement of the condition of the county's finances at the present time and one year ago follows:

Outstanding warrants	\$115,501.02	\$83,214.63
Estimated interest on same	7,500.00	6,000.00
Funds in treasury	11,373.62	12,633.12
Delinquent taxes, estimated	4,500.00	16,000.00
Net indebtedness	107,227.40	60,581.51

NEW HALL AT CLACKAMAS.

Grange Has 72 Members and is Working Forward.

CLACKAMAS, Ore., Oct 11.—(Special Correspondence of the Courier.) Clackamas Grange, No. 248, held the regular day meeting October 7. A quorum was present, though a number of regular officers were absent. Later, others came in until a goodly number were ready to take up the work of the order at the afternoon session.

The report for the quarter past showed 72 members; average attendance, 30. A special committee previously appointed to draft rules for a new contest, reported by Sister Hayward, as the chairman of committee, was absent. The rules were favorably received, but were laid over until next meeting, that others of the committee might report.

Motion was carried that Grange subscribe for a paper, "Hints," at \$1 per year. The paper is issued quarterly and contains material for entertainments, drills, etc.

The lecture hour was well and pleasantly filled. Worthy Master L. Jones called for reading of "Purposes of the Order." A number of suggestions were made for the good of the order.

A few workers were on hand September 30 and a sufficient space cleared to put in the foundation of the new hall. Now let the dollars voted for the purpose roll in and lumber will be put on the ground and the grand work begin.

REFUSED TO CANVASS VOTE.

City Council Decides to Wait For Finance Committee.

City council Tuesday night refused to canvass the vote of the special election which was held September 30 last, to obtain an expression of opinion from the voters on the ordinance granting to the Oregon Water Power and Railway Company a freight franchise over Main street. While a majority of the members of the council favored the measure, the people went on record against it by a vote of 312 to 193. The election was held under the direction of the finance committee which has not yet made a report and City Recorder Dimick said that the council would not canvass the vote until the finance committee has taken action on the matter. A petition was presented to the council, asking that the vote be canvassed, and this petition was laid on the table. Mr. Knapp's motion to grant the request was not seconded. Opponents of the franchise ordinance, who is held up by the injunction restraining three members from voting on the measure because they are employed by the company, may commence mandamus proceedings to compel the council to canvass the vote.

Ordinance for the improvement of Fifth Street, between Water Street and Railroad Avenue, passed the council, and bids for the improvement of Gadke alley were referred to the street committee.

CHILDREN FREE TO FAIR.

Pupils of County Schools Admitted Without Charge Tomorrow.

School children of this city and county will be given an opportunity to see the Lewis and Clark Exposition free of charge next Saturday, the closing day of the big fair. County Superintendent Zinser has been informed that children, properly identified, would be admitted free through the gates, and this also includes their teachers, who, in many cases, will go for the purpose of identifying the children. Professor Zinser says it will be well for the teachers or some adults to be with the children, and none below the fourth grade pupils are expected to go, unless accompanied by parents to look after the little ones. All those desiring to go should be in the vicinity of the courthouse in time to take the 9:40 a. m. electric car. The Oregon Water Power & Railway Co. has made a rate of 25 cents for the round trip.

TO CATARRH SUFFERERS.

Hyemel Guaranteed to Cure by Huntley Bros. Co. or Money Refunded.

The popularity and increase in the sales of Hyemel are unique in the annals of medicine. Such astonishing cures have been made by this remedy that the proprietors have authorized Huntley Bros. Co. to sell every package of Hyemel under an absolute guarantee that it will cure catarrh. If it does not, the purchaser can have his money refunded by Huntley Bros. Co.

Hyemel is no ordinary remedy. It is the only method of treatment that sends by direct inhalation to the most remote part of the air passages, a balsamic air that destroys all catarrhal germ in the breathing organs, enriches and purifies the blood with additional ozone, and makes a permanent and complete cure of catarrh.

The complete Hyemel outfit costs but \$1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyemel. The inhaler lasts a lifetime and if one bottle does not cure, an extra bottle of Hyemel can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows Nature in her methods of treating diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day, and your catarrh is cured. That's all. If not cured, Huntley Bros. Co. will refund your money.

Here's a clipping from the "Sherwin-Williams Paint Bulletin" showing how a customer in Massachusetts saved \$29.51 on his painting bill.

The Best is the Cheapest

We have recently received the following letter from our progressive S. W. P., agent at Haverhill, Mass.:

Gentlemen:—Several years ago Mr. F. Jerome Foster, the owner of three houses in Haverhill, purchased lead and oil and employed W. H. Quimby, one of the best painters in the city, who has been in business thirty-two years, to do the work—
Cost of lead and oil, \$ 65.61
" labor, - 151.00

Six years later I persuaded Mr. Foster to use S. W. P. He again employed Mr. Quimby, with the following results—
Cost of S. W. P., - \$ 51.00
" labor, - 136.00

which was a saving of \$14.51 on stock, or 22 per cent, and a saving of six days on labor, amounting to \$15.00, or 10 per cent—a total saving on stock and labor of \$29.51.

Take due notice thereof and govern yourselves accordingly, and DO IT NOW.

Yours very truly,
Haverhill, Mass. J. H. SAYWARD.

THERE IS MONEY IN GROWING GINSENG

Prof. W. L. Howard, of the Missouri State Agricultural College says: "I advise American farmers to cultivate Ginseng. Big profits may be realized. It is a hardy plant and is easily grown." A recent bulletin issued by the Pennsylvania State Agricultural College in part says: "The supply of native Ginseng root is continually diminishing and the price per pound is correspondingly increasing, while the constant demand for the drug in China stands as a guarantee of a steady market for Ginseng in the future. The market for our cultivated root will exist as long as the Chinamen exist." Counsel General W. A. Rublee, of Hong Kong, says in the U. S. Consular Reports: "The sale of Ginseng root grown in America is very large here and the demand is so great that much more could be disposed of advantageously. The root is as indispensable to the 400,000,000 Chinese as is their rice."

Ginseng is a staple on the market the same as corn, wheat and cotton. The present market price varies from \$5.00 to \$8.00 per pound, according to quality, while the cost of production does not exceed \$1.50. There is room in an ordinary garden to grow several hundred dollars' worth each year. The plant is hardy and thrives in all parts of the United States and Canada, except in the arid regions. We are successful growers and can show you how to make money growing Ginseng. You can get good start in the business for a small outlay, and soon have a comfortable income. We have several thousand choice roots for sale for fall delivery. The planting season begins in August and continues till the ground is frozen. Write us to-day for further particulars.
