HOME INDUSTRIES.

There is a show window in one of the main street stores that appeals eloquently to those who take pride in our local progress and in our home institutions.

It does not mean that a single dealer expects the entire local trade in his line. But it calls attention to the fact that we have a well equipped, up-to-date furniture factory here and that the young industry, entitled to every encouragement, will have much "easier sailing" if Oregon City people will take a friendly interest in Oregon City stores.

Neither Gov. Yardaman, of Mississippi nor Senator Carmack, of Tennessee, was seen on the platform with the President, or amid the admiring crowds around him. Perhaps they enjoyed their isolation.

If it is true that a man usually lives to be grateful to the woman that refused to marry him, what, by inference, must be the feeling of a man toward the woman who did not refuse?

The secretary of the treasury, Mr. Shaw, is perhaps premature with his presidential bonnet. There will be some very slippery political weather before 1908.

LOCAL MAN GETS GO-BY.

Outside Men Get Cream of Nursery Business Here. KENT, Or., Nov. 3.—(Editor Courier).—Some time ago the following appeared in your paper, which I believe is worth answering and may be of use to your patrons.

From Liberal: "Everyone that has purchased apple trees from agents and paid as high as \$1 for a tree, now have commenced to bear fruit and they are nothing but the worst kind of seedlings. You can find better apples in the woods among the brush."

Now, these worthy people have found out the value of their \$1 apple trees, what are they going to do about it? When they learn the difference between an authorized nursery salesman and "the tree agent," they will be able to buy and rest assured of knowing the variety of fruit the tree will bear.

It is a well known fact that an outside man from the East can come to the Coast and sell, while a local man is given a go-by and a promise of, "Well, I know where you live, and when I get ready to order I will see you again."

The writer has had some experience along just this line and has very little regard for the worthy people who give their orders to irresponsible agents and get beat.

MYSTERIOUS DISAPPEARANCE.

Whereabouts of Alfred A. King Unknown by Anxious Parents.

Alfred A. King has mysteriously disappeared from the home of his father, W. S. King, who resides in a suburb of this city. About a week ago young King, who is 20 years of age, told some of his acquaintances that he was going to California, and told others he was contemplating a trip through the Eastern Oregon.

Many children inherit constitutions weak and feeble, others due to childhood troubles. Hollister's Rocky Mountain Tea will positively cure children and make them strong.

The petition of Elder T. L. Jones, of the Canby Campmeeting Association, has been dismissed by the county court.

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work.

Remember the name—Doan's—and take no other.

"Ghosts." Henrik Ibsen, who by many is regarded as the greatest dramatist now alive, has become so old that further work from him is not to be expected.

Many Persons Have Catarrh of Kidneys, Or Catarrh of Bladder and Don't Know It.

President Newhof and War Correspondent Richards Were Promptly Cured By Pe-ru-na.

Mr. C. B. Newhof, 10 Delamare street, Albany, N. Y., President Montefiore Club, writes:

"Since my advanced age I find that I have been frequently troubled with urinary ailments. The bladder seemed irritated, and my physician said that it was catarrh caused by a protracted cold which would be difficult to overcome on account of my advanced years. I took Peruna, hardly daring to believe that I would be helped, but I found to my relief that I soon began to mend. The irritation gradually subsided and the urinary difficulties passed away. I have enjoyed excellent health now for the past seven months. I enjoy my meals, sleep soundly, and am as well as I was twenty years ago. I give all praise to Peruna."—C. B. Newhof.

PRES. C. B. NEWHOF, Suffered From Catarrh of Bladder.

Suffered From Catarrh of Kidneys, Threatened With Nervous Collapse, Cured by Pe-ru-na.

Mr. F. B. Richards, 609 E Street, N. W., Washington, D. C., War Correspondent, writes: "Exactly six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a Sun Dispatch boat through the Spanish American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the states. Lassitude, depression to the verge of melancholia, and incessant kidney trouble made me practically an invalid. This undesirable condition continued, despite the best of treatment.

Finally a brother newspaperman, who like myself had served in the war, induced me to give a faithful trial to Peruna. I did so. In a short time the lassitude left me, my kidneys resumed a healthy condition, and a complete cure was effected. I cannot too strongly recommend Peruna to those suffering with kidney trouble. To-day I am able to work as hard as at any time in my life, and the examiner for a leading insurance company pronounced me an "A risk."

In Poor Health Over Four Years. Pe-ru-na Only Remedy of Real Benefit.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city and also a member of the Masonic order, writes:

"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised
