WINTER RATES TO YAQUINA BAY.

Oregon's Great Recreation and Health Resort at the Newport Beaches.

As a winter health and recreation resort Newport is the one par excellence. Recognizing this, and wishing to give the people an opportunity to breathe the fresh, pure ozone of the ocean, the Southern Pacific and Corvallis & Eastern railroads will resume the sale of tickets through to Yaquina Bay on Saturday, October 21, and will sell same throughout the winter and spring on every

Wednesday and Saturday.

The rates will be the same as during the summer and will be good for return 30 days from date of sale.

Dr. Minthorn's Sanitary Sea Baths will be in operation during the entire winter, and treatments will be given daily. Hot and cold salt water baths can be taken every day in the sanitarium, and for anyone desiring rest, recreation and health, no place on the Pacific Northwest can be found equal to Yaquina Bay.

Other Health Resorts Closed.

During the winter nearly all other health resorts are closed or difficult to reach, and none of them have the advantages of Newport and vicinity as regards climate, points of interest, recreation and amusement. For parties desiring to enjoy fishing, hunting or seeing the ocean in sunshine and storm this famous resort is unequalled. The surroundings are ideal—beautiful scenery, climate mild, healthful and invigorating.

Cottage to Rent Cheap.

Neat, clean cottages, either furnished or partly so, can be rented in the immediate neighborhood of the sanitary baths at about \$5 per month. Plenty of fresh milk, vegetables, honey, fruit and all household necessities can be obtained at the lowest possible cost, while all kinds of fish and the famous rock oysters can be had in abundance for the trouble of securing them.

People troubled with loss of appetite, insomnia, rheumatism or run down from any cause will find Newport an ideal place to regain their health and vigor, or for rest and pleasure.

Full information as to rates, checking of baggage, etc., can be obtained from any S. P. or C. & E. agent, or from A. L. Craig, general passenger agent S. P. Co., Portland; of J. C. Mayo, general passenger agent C. & E. Albany, Or.

Rate from Oregon City to Yaquina, \$6.

OPENS WAY INTO TOWN

Molalla Mutual Phone Co. Will Build to Limits.

JOINS OREGON CITY

Farmers' Lines From Beaver Creek and Carus May Join For betterment Of Service.

Molalla, Ore., Nov. 8.—(Special Correspondence.)—Early last Summer a special meeting of the Molalla Mutual Telephone Association and branch organizations of the Mutual System, was held at Molalla for the purpose of devising means of building a metallic circuit from Molalla to Oregon City and getting an exchange in the latter city. At which time and place it was unanimously voted to construct said line, actually, to Oregon City limits. Free exchange was then offered by the Oregon City representative. Part of the Beaver Creek organization went right ahead, signed up contract for a term of years at a dollar per member for the exchange. Molalla held back until she could be assured that the Oregon City Exchange would equal her own central equipment, that had already been established and maintained at a cost of \$2.00 per member per annum, not considering the "Free Exchange," "The Dollar," or "Ten Cent Exchange" so much, as the service to be had. The Association's motto is "Best Service for the least cost."

All the Southwestern part of Clackamas County have held back their progress in telephone extension, awaiting the action of Molalla, justly feeling that her interests in the matter would be mutual with the interests of all concerned. In the past month, realizing what is now doing in the telephone world, Oregon City has awakened to the understanding that she, too, must be up and doing and establish an exchange plant of such magnitude that will give the best possible service to all mutual and independent lines coming into her switch board, and now Oregon City's business men are going to put in thousands of dollars as they talked hundreds a few months ago. And in doing so they naturally want the patronage of the county at large, and they offer to generously distribute the stock of the company all along the lines of these mutual associations so that all seeing any particular benefit at their end of the proposition can come to the front with their foresight and money, and equalize the possibility of a corporation misusing the good people of this commonwealth.

Two weeks ago Molalla Mutual Telephone Association held a special meeting when a proposition was made by the Oregon City telephone company to furnish exchange for one dollar per annum, per member, as in lieu thereof 10 cents per switch. To get a sentiment of the meeting on the acceptance of the same a vote was taken favoring such action of the association. At this meeting a special meeting was called to meet two weeks ahead. Notices were posted giving the required ten days notice for a special meeting of the association, and setting forth the special business to be transacted at such special meeting.

Then a motion carried to build a metallic circuit to Oregon City limits mutually, and assess each member of the association per ratio to pay for the same, with the understanding that Carus and Beaver Creek organizations did likewise. Molalla may be considered as moving somewhat slow in this enterprise but she wanted to move right, for the present and future interests of all concerned. Funds were volunteered to build a metallic circuit, by a stock company, if the association did not choose to build mutually, as it is the people will still own and control their telephone system.

Monday, November 6, the Association assembled in special session, when the question of accepting Oregon City's exchange proposition was taken up and discussed; vote was called, seven voting for and seven against. President would not decide on such a representative vote and declared the motion lost, whereupon more discussion was indulged in setting forth the true condition of the situation, a move to re-consider prevailed, when the question was again voted on resulting in a decided majority in favor of accepting the contract.

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by Geo. A. Harding, Druggist.
