You are hereby notified that this summons is served upon you and each of you by publication thereof in the Oregon City Courier, a newspaper published weekly at Oregon City in Clackamas County, Oregon, pursuant to an order of Hon. Thomas A. McBride, Judge of this Court, made on the 12th day of January, 1906, and you are further notified that the date of first publication of this summons is the 19th day of January, 1906, and the date of the last publication thereof will be the 2nd day of March, 1906.

H. OVERTON, Attorney for Plaintiff.

Notice of Final Settlement. Notice is hereby given that the undersigned has been appointed by the County Court of Clackamas County, State of Oregon, as Administrator of the Estate of Honora Davoren, deceased.

MOLALLA. The smallpox has about subsided and affairs here are about normal again.

Fred Schafer has his sawmill in full running order and is turning out lots of ties and lumber.

W. A. Shaver, who bought the Standinger sawmill, will take possession the first of May.

G. B. Dimick and others from Oregon City were here last Saturday evening, attending the Odd Fellows installation. Judging from a few remarks that we heard Grant make about one of the horses falling in a mud hole while coming out here, we may possibly have some improvements in the roads when he gets to be county judge. There is certainly room for improvements in the roads between Molalla and Oregon City.

The Molalla band is preparing to give an entertainment for their benefit. The drama selected is "The Danger Signal," composed of eleven characters, with a farce, "The Immigrant from Kansas." The date of the production will probably be some time in February.

The telephone line from Molalla to Dickey's Prairie and Sweden has been completed, but all have not received their phones yet, but it won't be long until "Central" will hear wake ome-tux nika over that line.

School is progressing finely and the attendance is good.

HIGHLAND. Highland is in a tempestuous condition at present. It is snowing and blowing and very stormy but according to reports the telephone meetings which are being held occasionally for the purpose of creating new divisions are more stormy than the weather.

Division No. 9 held its annual meeting at A. Harrington's with all its members present, excepting one and that one appeared by proxy. Master Lester Fellows had the honor of representing the absent one. The division consists now of 19 members. Frank Rees is the last one admitted. The newly elected officers are: A. Klebe, president; Fred Madison, director; G. R. Miller, secretary and treasurer; Fred Heft, vice-president. Business is increasing, that is the reason for so many officers. We would have done more business at the annual meeting, but, alas! for the chairman's headache.

The most recent, however, in Highland is the announcement of Napoleon Nelson himself last night as a possible candidate on the Democratic ticket for state senator from Clackamas county to oppose Geo. C. on the Republican ticket for the same place. Mr. Nelson informed your correspondent that Geo. C. will surely get the Republican nomination, and that he, Nelson, is ready to meet him on the stump.

Geo. C., Geo. C., beware the day, When Nelson will meet thee in battle array.

Your correspondent finds that a good many people do not understand the meaning of the direct primary nominating election law and refuse to give their party affiliation. Some of them register as Independents. We don't know whether they are afraid or ashamed by the way, Mr. Editor, we are informed, or rumor had it, that had John H. Mitchell lived the Republicans would have held their next convention in the penitentiary. Are we correct?

Mrs. Nora Miller's quilting party was a decided success from a social standpoint. Everyone present went home wishing the next one would come soon.

Mr. and Mrs. G. R. Miller slipped over to Springwater last Saturday to install the officers of Springwater Grange. Mrs. Miller acted in the capacity of installing officer. At Springwater everything is lovely and the goose hangs high.

And now, since E. Sullivan is re-appointed road supervisor again, we would suggest that he keep his eyes open when passing through the county and notice considerable corduroy lying around beside the public highways, instead of on the highways. The said corduroy has cost the taxpayers money and labor. We would like to see it placed on the road where we can get some good out of it.

How to Prevent Billious Attacks. One who is subject to bilious attacks will notice that for a day or more before the attack he is not hungry at meal times and feels dull after eating. A dose of Chamberlain's Stomach and Liver Tablets when these first symptoms appear will ward off the attack. For sale by Huntley Bros. Co., Oregon City and Molalla.

REDLAND. Walter Graell cut his foot quite severely last week. It took nine stitches to sew up the wound.

J. R. Bier is building an addition to his old barn, with the intention of putting in a dairy eventually.

Jacob Strohaker has sold 25 acres of land off his place to Grandpa Storm at \$20 per acre.

W. H. Bonney is spending the better part of these days in town rigging up wires.

Walter Hietzman is going to have a phone in his house. The Mutual of Beaver Creek, is going to cross over to his place.

Redland has organized a literary and debating society and held their first regular meeting last Saturday. The question debated, "Resolved, That coal is of more benefit to mankind than electricity," was ably discussed on both sides and decided in favor of the affirmative. Their meetings are every two weeks.

Mr. C. H. Seem set her hen last week with 250 eggs. It won't be long before there will be lots of peepers at the Corners.

Mrs. J. T. Fullam is quite sick with flu and grippe and tonsillitis.
