

# WATCHWORD IS PRODUCE

### Socialists Say Every Man Should Be a Worker.

### BENEFIT BY OWN LABOR

### W. W. Myers Writes of the Principles That are Foundation of His Platform.

OREGON CITY, Feb. 7.—(Editor of the Courier).—If it was not for the people who did not or will not read anything about Socialism, except it came from the opposition, I would not take any notice of Mr. Reese's communication. All we ask is for the public, after reading both views, to get the Socialist platform and see who has misrepresented the facts. Socialism stands for this:

- (1) The government ownership of all public utilities.
- (2) The abolition of usury, rent and profit.
- (3) The producer to have the full product of his labor.

Every able-bodied man between the ages of 18 and 55 to be a worker, thereby doing away with the useless parasite above and the tramp below; in other words, you must produce something useful, not for profit, but for the benefit of the human race family.

Your reference to the Prodigal Son is not applicable to Socialism, but is in keeping with Competition and In-

dividualism—just what you claim yourself to be. If he had been a Socialist he would have been in favor of Co-operation; he would have desired to have held the property collectively with his father and brother. Next, as to Martha and Mary, your argument is not tenable. Socialism will have neither master nor slave, hence Martha was an Individualist. She desired to be individually helped out at the expense of her sister.

Again, Mr. Reese, as to Co-operation enslaving the producer, yes, we will agree with you this far, that we have individual co-operation now. No one of sensible mind can deny. But you must admit, this kind of co-operation benefits the co-operator only. This is not what the Socialist sees, hence we demand government ownership. As to busting or controlling the trust, you might as well try to fan back a blizzard or a cyclone. You may just as well fire the music. The people will not take a step backward. Retreat means disaster. The trust will either own us or we must own the trust.

There is a time for all things. When the time is passed that particular issue is dead. Here let me quote a few: "Tariff reform, free silver, reform of the people under the competitive system, etc." Why, simply this: The money power is enthroned and as long as you hold to the competitive system you can never dethrone them.

Now, as to the incentive, there are certain incentives that the Socialist wishes to destroy; just such incentive that the churches pray to have destroyed, but never practice what they preach or pray for.

There are certain kinds of homes we would destroy—the same kind the church wishes to destroy, but don't go about it logically. The government statistician tells us that the average to each producer is \$2500 and the average wage is \$437.00, for the producer can buy back only 17 per cent of his product. Where does the other 83 per cent go to? Now, the Socialist believes in dividing up just this far. Reverse the tables. The producer to get 83 per cent and exchange

get 17 per cent. A question I would like to ask you, which would be the greater incentive to the producer: 17 per cent, or 83 per cent?

The people are divided into the following classes: Revolutionary anarchist, evolutionary anarchist, individual anarchist, communist and the Socialist. You pay your moneys and takes your choice.

W. W. MYERS.

DR. J. E. ENNIS

Atlanta, Ga., Physician Addresses the People of Oregon City on a Matter of Health.

"To Whom It May Concern:—Of late there has been a good deal of discussion in regard to advertised medicines, their value and power to cure.

I want to say to the people of Oregon City that I believe the most valuable cod liver oil preparation, the best body-builder, health restorer, a strength creator, known to medicine today is Vinol.

While Vinol does not contain the system-clogging oil of old-fashioned cod liver oil and emulsions, it actually does contain all the curative, medicinal principles of the cod's liver in a highly concentrated form, and it is delicious to take.

I advise Vinol in my practice, and find it has no equal for healing coughs, colds, bronchial troubles and sore lungs.

I have used Vinol in many cases of indigestion, mal-assimilation, and for patients who were anemic and run down, with splendid results. I have found Vinol to be a boon to the aged, as it aids the feeble system to sustain life; it induces appetite, and restful sleep, it is a real body-builder, and thus prolongs life.

I believe Vinol to be well worthy of any honest physician's endorsement.

The Huntley Bros. Co., our local druggists, sell Vinol to the people of Oregon City on a positive guarantee; if it fails to give satisfaction the entire purchase money will be refunded.

Appropriate Water Rights.

Charles L. Woodcock, G. W. Shirley and C. W. Miller have filed in the county recorder's office notice of appropriation of 270,000 cubic feet of water per minute from the Clackamas River. Each of them appropriate 60,000 miners' inches, and the appropriations are designated as Columbia Canal, Clackamas Canal and Pacific Canal.

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure. Doan's Ointment. Absolutely safe; can't fail.

### Common Colds Are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by Huntley Bros. Co., Oregon City and Molalla.

THE cost of a typewriter is not merely the price. Consider the quality and amount of work it does; the time it saves or loses; how it economizes or wastes ribbons and supplies; and, how well it wears. The lowest-price machine may be mighty expensive in the end, while a higher-price one may pay dividends. A little investigation will show that
