

## CAPTAIN SNOW DISCOURAGED

May Not Establish Commission House Here.

## COLD WATER ON PROJECT

Failure to Start Business Will Be Detrimental to General Interests of Oregon City.

Captain B. L. Snow, who recently arrived here from Hutchinson, Kan., is becoming discouraged over the situation that has developed because of his published intention to open a commission house in Oregon City. Many merchants have thrown cold water on the project from the start and Captain Snow is meeting with comparatively little encouragement. He has concluded, however, to make his home in Oregon City, and has rented a house in Kansas City addition.

Failure to establish a business that will accommodate hundreds of Clackamas county farmers has heretofore been a detriment to the whole interests of the city, and promoters of the present commission house proposition are disappointed over the result of this effort. There is no market here for all the produce that is being brought in, and once farmers fail to sell their produce they seldom, if ever, return. It is a fact, freely commented on, that there are other points in the county where any and all varieties of produce is purchased, and from every section of Clackamas county comes criticism of Oregon City for its lack of an adequate market.

## NEW ROUTE FROM ESTACADA.

Carrier Will Travel 24 Miles and Serve 495 People.

The new free rural mail delivery route which will run from Estacada through the Carrinville and Garfield countries started March 1, with W. S. Irwin as carrier. Mr. Irwin was the only applicant before the civil service examination for the job and he will hold it as long as he is qualified or until he relinquishes it, at a salary of \$720 and other perquisites. Both the postoffices at Carrinville and Garfield will be discontinued on and after March 15, as the new route will make those offices unnecessary. Those who are having their mail come to either of the above offices should give notice to have their mail sent to Estacada R. F. D. 1, and have it delivered to the door. The carrier will leave Estacada at 9:30 a. m. and return at 5 p. m. The route as established will begin at the postoffice in Estacada, thence east and north to Tracy's 3/4 miles; west 1/2 mile; north to Gilden's corner 2 1/2 miles; south-east to Marshall's corner 3/4 miles; south and southeast to Novotny's corner 1 1/4 miles; east to Palastor's corner 3/4 miles; south-east and east to Porter's corner 3/4 miles; east and southeast to Kreiger's 1 1/4 miles; west to Looker's corner 3/4 miles; north 1/4 and west 1 1/2 to Davis'; 1 1/2 miles; north to Oatfield's 1 1/2 miles; west 3/4, and north 1/4 to Wagner's 3/4 miles; west 3/4, and north 3/4 to Young's corner 1 mile; north to John Tracy's corner 1 1/2 miles; south and

west to the postoffice 3/4 mile. Total length of route, 24 1/2 miles. Area, square miles, 20 1/4. Number of houses, 110. Population served, 495.—Estacada News.

## March Winds.

Blow softly, March winds, softly blow,  
For dost not know the Winter's dead?

Sing then'er requiem sweet and low,  
For joys and sorrows that are fled.

The tattered robes of Winter gales,  
Are fled to realms of endless night;

In Heaven's blue the cloudlet sails  
Like wandering messenger of light.

Oh! March winds! blow, now soft,  
now low,

Down the heights of mountain tips,  
O'er fields of God's eternal snow,

Sweet as the breath of snow Fay's lips.

Here in the Valley's sheltering calm,  
The crocus lifts its snowy head,

The lowly violet lends her balm  
From hands of love the birds are fed.

Thy emerald touch on sward and tree,  
Like necklace set with jewels rare,

The soft winds sets their fragrance free,  
And gentle sunshine warms the air.

Thy soft airs fan the spicy firs,  
Like sighs in Dreamland, pure and sweet,

'Till heartfelt tears the vision blur,  
For joys thus falling at our feet.

So, March winds, blow! still softly  
blow,

Down the heights of mountain tips,  
And fill this life with deeds that grow,

Pure as the breath from snow Fay's lips.

## TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Oregon City.

No woman can be well and healthy

if the kidneys are sick. Poisons that

pass off in the urine when the kidneys

are well are retained in the body

when the kidneys are sick. Kidneys

and bladder get inflamed and swollen,

crowding the delicate female organs

nearby and sometimes displacing

them. This is the true cause of many

bearing-down pains, ameness, back-

ache, headache, etc. Urine poisoning

also causes headaches, dizzy spells,

languor, nervousness and rheumatic

pain.

When suffering so, try Doan's Kid-

ney Pills, the remedy that cures sick

kidneys. You will get better as soon

as the kidneys get better, and health

will return when the kidneys are well.

Let a grateful woman tell you about

Doan's Kidney Pills.

Mrs. A. Canavan, of 330 Lincoln

street, Portland, Or., says: "I was

led to recommend Doan's Kidney Pills

three years ago from the great relief

I had found in a case of kidney com-

plaint which had annoyed me for a

long time. I tried other remedies

previously but Doan's Kidney Pills

were the only remedy that helped me.

My trouble had lasted for three years,

during which time I suffered from

headaches and dizziness and could

hardly attend to the simplest of house-

hold duties. Doan's Kidney Pills

freed me from this miserable exist-

ence and I never had lost an oppor-

tunity to recommend the remedy. In

fact, I gave a public testimony in

1903, which I am glad to repeat and

confirm."

Plenty more proof like this from

Oregon City people. Call at Huntley

## MYERS' REPLIES TO REESE.

Difference Between Socialism and Communism.

OREGON CITY, March 8.—(Editor of The Courier.)—I will make one

more attempt to get Mr. Reese to take

up the Socialist platform and discuss

it fairly. Now, we will say you will

fully misrepresent Socialism or you

are ignorant in regard to the principles

of the Prodigal Son but an individualist,

when he asked that his part be set

aside for his particular use, he had

the good book says he repented, and

came back to his Socialist father and

brother. He may have become a Socialist

and better man, but history fails to tell

us. Possibly just what you will prob-

ably do when you get your \$437 spent

Can you show by figures that you have

\$437 a year to spend on your family. Ye Gods!

Think of a man of your ability being

satisfied with \$437 when he earns

\$2500—then talk about whacking up!

Talk about individual effort is all

very fine, Mr. Reese. What are the facts?

What does your individual effort amount

to? Everything manufactured, from a steam-

boast to a pin is co-operative or collective

effort. When you come to business these

days individual effort is Nit. There are a

few industries that are still individual,

such as raising potatoes and garden

"asses," but you are told that when

you enter the market 83 per cent is

given to the drones. What do you mean

by individual effort? Get back to the

crooked stick for a plow and reap-hook

for harvest, spinning wheel and loom?

Production has increased wonderfully.

What about the wage-earners' and producers'

part of the swag—17 per cent—and still

you don't think you are dividing up.

If you can stop this thing individual-

ly, why have you allowed this octopus

to grow?

You remind me of a story told on a

good old Methodist minister. Being a

little deaf, one of the sisters began to

tell her experience, saying she had

been very wicked, telling a good many

things pertaining to her wicked acts

and at her conclusion, the minister

shouted out, "Praise the Lord! keep

right on, Sister!"

You seem to get Socialism confused

with communism. Cyrus and Belshazzar

communism 3000 years ago is not Social-

ism today. The more you misrepresent

Socialism the more it will grow with

thinking people.

Now, Mr. Reese, be honorable once

and answer the following questions:

How can you make a division when

the Socialist demands the producer to

have the full product of his toil? Is it

right for one man to live off the ener-

gies of another's toil? Is it right to

allow one man or set of men to exploit

the toil of others? Don't you believe

the weak should be protected by law?

Do you believe that a few men ought

to have the right to own the earth at

the expense of the many?

Don't you know, under the competi-

tive and individual system, they are

going to do that very thing? Don't

you know that the Socialist demands

that every able-bodied man shall earn

his living by his own toil, and is it

not a fact that the ancient history you

speak of was caused by competition—

a few shrewd men getting control and

speculators getting mortgages on all

that the common people had, and in

order to adjust matters the day of

jubilee was called about every 50 years

and the property returned to the own-

ers and that was Communism, not So-

cialism? There is this difference be-

tween Socialism and Communism: The

Socialist demands that we consume

according to our needs; the Communist

according to his needs. Don't you

know you misrepresent when you

call the Socialists lazy and un-

successful, and that we only want

what we earn, and not what you earn?

In fact, don't you know you have the

cart ahead of the horse?

W. W. MYERS.

## Mrs. McKinstry Seeks Divorce.

Two suits for divorce have been

filed in the circuit court. Dora Mc-

Kinstry is seeking a legal separation

from Richard McKinstry, to whom

she was married in Kalama, Wash.,

in October, 1902. She alleges that he

drank liquor to excess, and that on

February 14, 1906, he had her arrested

on a charge of larceny well knowing

that the charge was false. On Feb-

ruary 19, 1905, and at other times he

threatened to kill her. McKinstry was

formerly in the junk business here.

Nella O. Hague has commenced

suit for divorce from Richard Hague.

They were married in Sherlock, N. Y.,

March 28, 1888, and Mrs. Hague

alleges that her husband deserted her

October 1, 1904.

## Doctors Are Puzzled.

The remarkable recovery of Kenneth

McIver, of Vancouver, Me., is the

subject of much interest to the medi-

cal fraternity and a wide circle of

friends. He says of his case: "Ow-

ing to severe inflammation of the

throat and congestion of the lungs,

three doctors gave me up to die,

when, as a last resort, I was induced

to try Dr. King's New Discovery, and

I am happy to say, it saved my life."

bronchitis, tonsillitis, weak lung-

hoarseness and lagrippe. Guaranteed

## Sheep Shearing in Baker.

From \$15,000 to \$20,000 will be paid

in Baker county this spring for the

shearing of sheep. It is estimated

that there are more than 160,000 sheep

in the county and shearing prices will

run from 7c for hand shearing to 12 1/2c

for machines, and double those prices

for bucks. Shearing in Baker county

does not commence until about May

20 and the crews of men who are al-

ready working in Umatilla county will

not arrive in Baker until after the clip

is finished. These men work from one

county to another throughout Oregon,

Washington and Idaho. Excellent

prices are expected.
