

## FRESH EGGS STILL FIRM

Selling at 16 Cents and No Sign of a Decline.

## FLOODS DESTROY SPUDS

Butter Has Fallen as a Result of Heavy Receipts—Rise Is Expected in Wheat This Week.

Fresh eggs are still selling at 16c and no sign of a decline, as a northern demand exists for what surplus eggs there are in market. If this continues for another six weeks, the laying season of 1906 will have virtually passed without any eggs being placed in the refrigerators for next winter.

Floods have destroyed thousands of acres of growing potatoes in California and dealers here are looking for an immediate demand for common stock. Dealers are now out in the country buying up potatoes, but the season is late and potatoes are in many instances inclined to sprout. These potatoes must now be hurried to market, in order to realize any thing for them.

Good prices for chickens are expected to rule this week, but dealers look for lower prices soon. As a result of heavy receipts, butter has come down 2 1/2 cents per pound all around, and as butter at this time of the year will not keep, dealers and creamery men must keep it going. Receipts are too large a constantly growing.

There has been a shortage in the supplies of vegetables in the local markets during the past few days. A scarcity existing in cabbage and cauliflower and in both these lines the prices advanced.

Arrivals in the veal market have broken prices a trifle and a scarcity of dressed hogs still exists. Generally speaking, dressed meats of nearly all kinds are in active demand, with prices firm.

Oriental shipments of flour may be resumed and wheat is expected to rise. Hop sales were very lively during the past week.

## EX-STATE SENATOR HARVEY E. CROSS.

### A Candidate for Joint Representative for Clackamas and Multnomah Counties.

Mr. H. E. Cross, in announcing his candidacy for the position of Joint Representative, for Multnomah and Clackamas counties, has subscribed in his petition for the nomination to a very brief platform, as follows:

"Good roads, better men, an economic policy in the fiscal affairs of the state, the election of United States Senator by direct vote of the people, a 40-foot channel to the sea, free transportation in the Willamette and Columbia rivers, and a Greater Oregon."

In conjunction with certain Senatorial and Representative candidates in Multnomah county, an additional platform has been agreed upon and subscribed to as follows:

"First—For the equitable taxation of state and municipal franchises.

"Second—For granting municipalities the right to control and regulate all public utilities, such as gas, electric lighting and power, telegraph, telephone, street railways, railroads etc.

"Third—For the enactment of a state banking law that has for its end the protection of depositors and the creation of the office of State Bank Examiner.

"Fourth—For depositing all state funds with due regard to safety and security, so as to bring the largest revenue to the state, and providing that all income herefrom shall revert to the state, and making it a felony for the State Treasurer personally to receive any compensation in the shape of interest or otherwise from each deposit.

"Fifth—For enacting a law to reduce the number of state normal schools to two or less.

"Sixth—For placing the State Printer on a flat salary.

"Seventh—For the employment of convicts in the betterment of the public roads, instead of in competition with free labor.

"We desire to state that we want it distinctly understood that the second article of our platform shall be construed to mean that we consider ourselves bound to vote for a law or laws revoking all perpetual franchises, and all other franchises not paying a revenue, and empowering municipalities to place all franchises on an equal basis.

"And, further, we and each of us, shall consider ourselves pledged to support and vote for that particular measure, embracing these subjects, and designed to accomplish these ends, that the Multnomah county delegation by a majority vote shall decide upon."

The long residence of Mr. Cross in Clackamas county, his record in the legislature in passing the present cash road law, and the salary bill, putting Sheriff's Clerks and Recorders on a flat salary; his persistent and successful career in this county in aiding the building of county roads will no doubt bring to his support many voters who will desire to attest their approval of his course when in the legislature in passing good laws, and the public spirit of the man as shown in county affairs.

## DO YOU GET UP WITH A LAME BACK?

### Kidney Trouble Makes You Miserable.

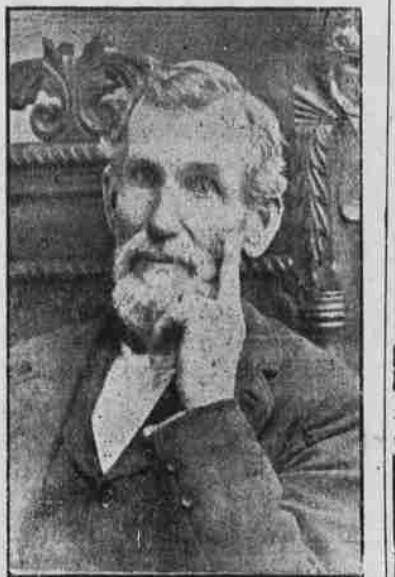

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

# In Prescription Work

**THE MANNER OF COMPOUNDING LARGELY DETERMINES THE MEDICINES VALUE**

The way in which a prescription is compounded is a deciding factor in determining the value of the medicine when completed—second only in importance to the actual quality of material used.

There is a world of difference between medicine indifferently or listlessly thrown together in a prescription and the same medicine mixed properly by a man who brings to his work the skill, the care and the desire to always do his best.

This is one of the many reasons why you should take All your prescriptions to Huntley's—There are four men registered under the Pharmacy Law of Oregon who are experienced, competent, enthusiastic pharmacists and ready to give you their undivided attention. No matter what Doctor you employ or on whose blanks his prescription may be written you can have them filled at Huntley's exactly as written and generally from 20 to 30 per cent cheaper than elsewhere.

## Vinol THE COD LIVER PREPARATION WITHOUT OIL

**Vinol** is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequalled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

**OUR GUARANTEE—** We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return you your money without question. We take all the risk.
