ington, is a banker. But the great mass of the voters of the state of Oregon are not bankers and every vote cast in the April primary is going to count in this struggle.

A HOT RACE.

The Republicans of Clackamas county and President Roosevelt are running a tight race. The Republicans—some of them—are trying to get Mr. Brownell into the state senate before Roosevelt gets him into the jug.

The common crook, when convicted, gets the limit, say fourteen years, for a pair of shoes; the gentleman crook, such as Congressman Williamson, Hermann, etc., for making away with a snug fortune, gets a few months in jail—which he never serves.

NOTHING PERSONAL.

In urging the people of Clackamas county to use sound, honest judgment in the selection of all candidates for office, no matter what party they may represent, this paper is not asking for something of particular advantage to itself.

KEEP THE BANKERS OUT.

The contest for the Republican nomination of State Treasurer has plainly narrowed down to Thos. F. Ryan, County Judge of Clackamas County; Ralph Hoyt, a Portland banker and E. V. Carter, a Southern Oregon banker.

The money under the care of the State Treasurer, including the public school fund, is an immense sum. If it can be used, in time of a money panic, to bolster up banks tottering on the verge of bankruptcy, the bankers may now well expend a handsome fortune to get control of the state money.

There is another side to it. The Secretary of State is very likely to be a Salem banker. Should we have a banker for Secretary of State and a banker for State Treasurer, these two would absolutely control the loaning of the state school fund.

This is a time in which the country needs the activity of its best citizenship. It is no time for petty prejudices. Men need not ask the question—is one man as bad as another? The question is, what will be the ultimate result if this man be nominated? What if the other man be nominated? Look to the rest it and do what, in your mind, will bring about that desired result.

To support a man or men responsible for an objectionable condition is to endorse the action of the man or men. They are then justified in repeating the offense for the people in the first instance approved and endorsed them by a re-election.

FIRE TRAPS IN CITY.

Commissioners Will Look After Existing Conditions. Mayor Canfield has concluded to hold stated meetings of the Board of Fire Commissioners and the result will probably cause a stir in business circles, as several of the members are known to be advocates of reform along the line of betterments in protection from fire.

fire traps, and steps will be taken to correct these evils. Some years ago the city had a fire limit, but the ordinance was repealed, as it contained inequalities, but a sentiment has again appeared for a new fire limit ordinance, which will probably be sprung at a council meeting in the near future.

Road Company Elects Officers.

The annual meeting of the Mount Hood & Barlow Road Company was held Monday in the parlors of the Bank of Oregon City, and the following officers were elected: Mrs. M. O. Moore, president; Elijah Coalman, vice-president and superintendent; Charles H. Canfield, secretary; E. G. Canfield, treasurer.

NEED OF BETTER SCALES.

R. Petzold Tells Why Butchers Buy Meat in Portland.

"Better scales are needed in Oregon City," says Richard Petzold, a local butcher, who annually buys thousands of pounds of meat. "I find," he continued, "a disposition on the part of many of the farmers of Clackamas county, who have stock to sell, to criticize butchers in Oregon City for buying meat in Portland and I want to say that there is only one reason for this and I will illustrate by saying that a few days ago I bought a herd of cattle from John R. Shaver, and these were the finest lot killed in this section for a long time. It is a well known fact that Mr. Shaver is the best feeder in the county, but the weight of the herd on the hoof was 15,260 pounds, while they weighed after being dressed, only 7552 pounds or nearly 600 pounds below half of the live weight. This is remarkable, as it is well known that the average cattle will dress from 55 to 68 per cent."

"I have been buying stock in Clackamas and Yamhill counties for 13 years and until someone establishes a good scale here, that stock-raisers will be willing to use, the butchers will be compelled to buy outside."

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

OPEN PUBLICITY THE BEST GUARANTEE OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisons or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's peculiar diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such professional endorsement—worth more than any number of ordinary testimonials. If interested, send for a circular addressed to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicine is made of. It's free for the asking.

BEWARE OF PIE AND SINKERS

Hurry-Up Lunches Pave the Way For Years of Suffering.

Doctors have preached against it, Br. ishers have written scathing articles about it, wives and mothers have crusaded against it—and yet the deadly "hurry-up lunch" marches on. The fascinating doughnut, the alluring "sinker," the irresistible triangle of foundry pie, washed down by gulps of cold milk or hot coffee or iced water, continue on their deadly way to the stomachs of thousands and thousands of America's hustling, capable, world-conquering business men.

In all probability we will be unable to wipe out the "hurry-up" lunch for many years to come, but we can at least combat the evils wrought by the practice. Our recipe is simple, economical and effective. Buy a package of Rexall Dyspepsia Tablets; carry them in your pocket; and as the last gulp of milk chases the last chunk of refractory pie down your esophagus, swallow one tablet.

Rexall Dyspepsia Tablets prevent and cure stomach trouble by supplying the one element, the absence of which in the gastric juices, causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich, red blood.

Our proposition is not merely to sell you dyspepsia tablets, but to sell you a cure for your dyspepsia and indigestion. If Rexall Dyspepsia Tablets do not effect this cure, we give you back your money. That shows how much confidence we have in this new remedy.

Price 25 cents per large package. Sold only at our store or by mail.

Manley Bros. Co. Druggists.

Friday morning from the residence of her daughter, Mrs. D. C. Latourette, at 10 o'clock. Rev. H. B. Robins, pastor of the First Baptist church, conducted a short service, and at noon the body was taken to Portland, where services were held at 3 o'clock from the residence of Judge M. C. George. Mrs. Scott was born more than 77 years ago. She crossed the plains in 1852 with her husband, Mr. Stevenson, who died on the way. In the party was Mr. Scott, who was the father of H. W. Scott, editor of the Oregonian. Mrs. Abigail Scott Dunaway, Mrs. Coburn, Mrs. Pannie Cook, Mrs. Palmer and several other children. Mr. Scott's wife died while on the way to Oregon and soon after their arrival here, he was married to Mrs. Stevenson, who had two children.

After reaching Oregon they went to Olympia, and in 1854 moved to Clackamas county, settling at Needy, where they resided two years. It was here that Harvey W. Scott split rails and performed other labors about the farm. In 1856 they moved to Washington county, where they lived until Mr. Scott's death in 1886. Two children were born to them, Charles Scott, who has passed away, and Mrs. D. C. Latourette, of this city. Several years after Mr. Scott's death the family moved to Portland and Mrs. Scott lived in that city and in Oregon City until her death.

Samuel H. Blackburn.

The funeral of the late Samuel H. Blackburn was held Sunday afternoon from the Methodist Episcopal church, Rev. R. O. Blackwell officiating. The remains were laid to rest in Mountain View cemetery. Blackburn was accidentally killed in a logging camp near Scappoose Friday, being struck by a log and crushed to death. He was a son of Mrs. Sarah Blackburn, of West Oregon City.

Mrs. John H. Jones.

The funeral of the late Mrs. John H. Jones, of Jones' Mill, who died Thursday morning, was held Friday afternoon at Highland, and the interment was in the Highland cemetery. Deceased was 88 years of age and her death was caused from pneumonia. She is survived by one son, J. W. Jones, and a daughter, Mrs. Imel.

Mrs. Stoneberger Dead.

Mrs. Adam Stoneberger died Saturday morning at her home in Los Angeles. She was well known in Oregon City where she had many friends, and was related to the family of Mr. and Mrs. James Chase. Mrs. Stoneberger was formerly Mrs. Heman Buck. She taught school in the public schools of this city, and later was a teacher in the Portland public schools and in Bishop Scott Academy. She lived in San Francisco for a time, and went to Los Angeles from there.
